BIGGEST BUILDING; LEAST FIRE PROTECTION?—This is the Marin County Civic Center, completed in 1961 at a cost of $3,627,800. It is the largest and most expensive of many buildings which depend for fire protection on the county fire department—a department set up and equipped to fight fire in grass, brush and timber.

Big Buildings Pose Threat To Firemen

County Department Is Equipped Only For Grass Fires

By ALAN ADELSON

The multi-million dollar Marin County Civic Center is protected against fire by the Marin County Fire Department, equipped to fight only grass, brush, and timber fires.

The county fire department was established in 1942 to fight fires in areas not within any city or fire district. At that time there were very few large buildings under its jurisdiction.

MAJOR FIRE

Should a major fire occur in one of the large buildings now under the county department's jurisdiction, County Fire Chief Louis J. Bloom would have to call good and loud for help from nearby fire departments.

The Civic Center is far from the only large building in county fire department jurisdiction, although it is the largest.

All of Santa Venetia is outside any fire district. Three San Rafael schools — Gallinas, MacPhail and Santa Venetia Junior High—are there, along with the new Temple Rodef Sholom, the Blessed Sacrament Church and School, and several other schools. All must depend on the county fire department for protection.

JUVENILE HALL

The Marin County Juvenile Hall and the old county hospital in Lucas Valley also are within county fire department jurisdiction.

Also depending on the county department are all the buildings in Marin City, including new multi-story apartment houses. The county maintains a fire station there, as it does in Point Reyes Station, which also depends on county fire department firefighters and equipment.

Scattered about the rural areas are other school build-

Pickets Show Up On Painting Jobs

Local 83 Contract Challenge

Two hundred pickets from San Francisco Local 4 of the Painters Union were sent into Marin County today to picket jobs covered by a contract signed last night by Marin Local 83 of the same union.

The pickets, however, were hard to find.

The San Francisco-North Bay District Council of Painters warned in a telegram that any painter found working under the Marin contract "will have charges preferred against them.

CONTRACTORS REPLY

Don Wilson, secretary of San Francisco Local 4, said any job started under the contract would be picketed.

Robert V. Kunst of San Rafael, negotiator for the Painting and Decorating Contractors Assn. of Marin—the other party to the contract—promptly reported: "If they try it, we will get a court injunction."

At least one painting contractor, however, was harassed by pickets this morning. This was Giampolini and Co. in San Rafael, a large concern which also has San Francisco and Oakland offices.

WORK SHUT DOWN

When pickets appeared at Giampolini's office, orders to work crews were given by telephone and the office was vacated.

Gearge R. Scott, treasurer of Local 83 who signed the new contract on behalf of the union, said Marin union members were instructed they disregard any picket line thrown up by outside unions, since they have a contract. He said the 200 sent from San Francisco apparently were not actually picketing, but were trying to get painters off the jobs.

The split in the painters' ranks came over use of paint rollers, which the Marin union decided to allow.

The fight today, however, appeared to be over the autonomy —or lack of it—of the local union.

A telegram to local 83, signed by two of its own officers—Ernest F. Kennedy, financial secretary, and William J. Warrington, business agent—along with Wilson, Harry Bigarani, secretary of District Council 8

FISHING IN ALASKA

Marin Boy Dies In Fall From Cliff

Nineteen-year-old Stanley Hoy of San Rafael was killed last evening when he fell 100 feet off a cliff near Port Malmesbury, about 100 miles north of Ketchikan Alaska.

Young Hoy was among a group of 13 Marin youths spending the summer fishing in Alaska as a venture to finance their future education. His father, Ralph L. Hoy of 254 Woodland Avenue, had only yesterday verified his re-enrollment at College of Marin for his second year there, starting in September.

A companion, Robert Hanelt of Clearlake, Lake County, signaled a fishing boat and the Ketchikan Volunteer Rescue Squad carried out the body, the Associated Press reported from Ketchikan.

Details of the accident were meager. First word came last night to Mrs. Naydeen Tuttle of Corte Madera in a radiotelephone call from her daughter, Sherry, another member of the group. Sherry was unable to give details.

Thirteen young people —all but two of them from Marin County—made the trip to Alaska to spend the summer as commercial fishermen. Equipment, much of it assembled by the youngsters from old parts, was hauled to Alaska in a flatbed truck by John Rudolph of San Rafael and Miss Tuttle.

Oneof the group, Craig Edmonds of Corte Madera, returned home a few days ago to attend some late summer classes. The others are still in Alaska.

STANLEY HOY
Tragic end to summer job

The group had been fishing in Saginaw Bay out of Petersburg, Alaska.

Stanley Hoy was born in San Rafael and graduated from San Rafael High School. His father is employed at the family-owned Hoy's TV and Music Store in San Rafael.

Besides his father and mother, he is survived by two sisters, Janet, who will be a senior in September at San Rafael High, and Virginia, who will enter the eight grade at Davidson Junior High School.

Paratroopers Land At New Viet Nam Port

SAIGON, South Viet Nam (AP) — Paratroopers of the 101st Airborne Division, successors to the World War II heroes of Normandy and Bastogne, came to the war in South Viet Nam today.

As 3,700 men of the 101st's First Brigade began landing at Cam Ranh Bay, 180 miles northeast of Saigon, a U.S. spokesman said giant B52 jet bombers of the U.S. Strategic Air Command dumped 500 tons of bombs on suspected Viet Cong positions 35 miles southeast of Saigon.

After the B52 raid — the sixth in South Viet Nam by the Okinawa-based bombers — several thousand paratroopers of the 173rd Airborne Brigade began combing the hilly area. By late today one Viet Cong had been killed, another captured, and there were no U.S. casualties, the spokesman reported.

The paratroopers who landed at Cam Ranh Bay were greeted by the man who commanded their division when it dropped into Normandy to spearhead the invasion of France, Ambassador Maxwell D. Taylor.

It was one of Taylor's last official acts in Viet Nam. He leaves Saigon tomorrow, to be replaced by Henry Cabot Lodge.

Among the arrivals was Taylor's son Thomas, an intelligence officer with the brigade.

The landing came less than 24 hours after President Johnson announced U.S. forces in Viet

See VIET, page 4

Communists React To LBJ's Viet Stand

COMBINED AP and UPI

Communist nations reacted about as expected today, to President Johnson's announcement that U.S. forces in South Viet Nam would be bolstered by 50,000 more troops and the draft would be doubled.

Meanwhile, in the United States, there began a flow of more-or-less expert interpretations and behind-the-scenes accounts of what led the President to his decisions and what will happen next.

The Communist world today ignored President Johnson's renewed peace overtures and accused the United States of further escalating the war in Viet Nam.

In free nations abroad, the President's decision to send another 50,000 American soldiers received a mixed reaction.

Most newspapers in Europe and Asia said the new troop build-up came as no surprise. Some praised the United States for standing up to Communist aggression; others said a military victory was impossible by either side.

There was no immediate official reaction from the Soviet Union, Communist China or North Viet Nam.

Moscow Radio reported President Johnson's announcement and said his news conference "marked the beginning of a new stage in the escalation of the war . . . his statement buries forever the myth of the U.S.A. alleged devotion to peace."

Diplomatic sources at Geneva said the Soviets may use the

CHARLES A. ROWE
Long illness fatal

Engineer Charles A. Rowe Dies

Charles A. Rowe, 49, former Corte Madera town councilman and Marin Hospital District director, died yesterday at a local hospital following a long illness.

He was chief engineer for Standard Oil Co. of California, working for the company 24 years in San Francisco.

Rowe was a member of the Marin Hospital District Board from 1959 until this year, and president during 1963-64.

He underwent chest surgery a year ago at Marin General Hospital.

He was honored last year by the University of Wisconsin with a distinguished service citation for contributions to engineering. Rowe held his doctor's degree from University of Wisconsin in chemical engineering.

He also received notice in 1963 with a paper on engineering education advocating need for college teachers who spend their time teaching in addition to those who put time to research.

Rowe was a town councilman in 1948-52. He had also served on the Corte Madera Planning Commission and, for six years was a director of the Corte Madera Sanitary District.

He was a member of the Red-

Draft Faces 19-Year-Olds Before Young Husbands

WASHINGTON (UPI) — President Johnson's decision to double the monthly draft quotas is going to mean fewer deferments and younger draftees. But, for the moment at least, married men appear to be safe.

Lt. Gen. Lewis B. Hershey, Selective Service director, is confident the draft can take the boost from 17,000 to 35,000 a month without any basic change in policy.

This is the way the draft is expected to fill its new quota:

1. The first to be called will be single persons 19 to 26. The calls will start with the top age brackets.

2. Next will be married men without dependents other than their wives.

3. Then men up to age 35 who at some time were granted deferments—but this pool is not expected to be touched.

The draft boards also have the power to draft youngsters 18½ to 19 years old. But this can be done only when no one older than 19 is eligible within the individual draft board's area.

In Sacramento, the draft boost could more than double California's quota, according to the director of selective service.

Col. K. H. Leitch said yesterday that most of the initial draftees would be 19 years of age.

Leitch said the draft call could go up to 2,200-2,500 men a month in California as the present pool is depleted. The quota for August is 1,333 and for September 1,039, at present.

Gin Less Precious Than City's Water

NEW YORK (AP)—Tiffany's, Fifth Avenue jewelers, plans to put two fountains in its window displays. But precious water in this city facing a shortage will not be used.

A distiller will donate seven cases of gin to be constantly recirculated in the fountains.

Auto Group To Oppose Fee Hike

The California State Automobile Assn. has come out against the proposed 25 per cent increase in auto license fees to subsidize bus operations by the Marin County Transit District.

The statement of the association said it "recognizes the need for efficient public transportation (but) it does not believe that the proposed improvements should be financed through additional taxes on car owners.

"Last year a similar tax was levied by San Mateo County and was quickly repealed because of unfavorable public reaction."

Edwin S. Moore, executive

See OPPOSE, page 4

Palm Springs Tops

NEW YORK (UPI) — The highest temperature reported yesterday to the U.S. Weather Bureau, excluding Alaska and Hawaii, was 110 at Palm Springs, Calif. The low this morning was 40 at Philipsburg, Pa.

New Mars Photos Reveal Many Craters, No Water

WASHINGTON (AP) — Latest pictures of Mars disclosed that the planet may be pockmarked by up to 10,000 craters, and that it appears to be more like the moon than the earth in its surface features.

This was disclosed today by space agency scientists in a report to the White House. The report covered findings on 18 previously unpublished photographs taken by Mariner 4 on its epochal voyage to the planet.

The scientist who made the main report said that the findings "will profoundly affect scientific views about the origin of the solar systems," and specifically may shed new light on the history of the earth.

Dr. Robert Leighton of the Jet Propulsion Laboratory, Pasadena, Calif., said the latest released pictures of the red planet reveal 70 craters ranging in diameter from 3 to 75 miles. He said that if the rest of the planet is like the area photographed July 14 by Mariner during a period of 25 minutes, there must

Congress Urged To Back War

WASHINGTON (AP) — The House Republican Policy Committee today called for a moratorium on "all but vital legislative programs until the Vietnamese situation is resolved."

"If the Viet Nam situation is serious enough to step up draft calls, to send more troops to Viet Nam, to increase production of war material," the committee said in a statement, "then we should put our house in order here at home to give maximum support to those who fight this war."

The committee said it would be only "prudent" to halt the additional big federal spending programs "when it is obvious the war effort will require billions of tax dollars."

WORLD NEWS IN BRIEF

Postmaster Hours

WASHINGTON (AP) — Postmasters in towns and cities will have a five-day, 40-hour work week if President Johnson signs a bill before him. The Senate finished congressional action on the measure yesterday. It applies to about 25,000 postmasters in the first, second and third class offices that cover cities and towns of any size.

Easy To Locate?

SALT LAKE CITY (AP) —The message from Multnomah County, Ore., police asked Salt Lake City officers to serve a felony warrant on a man wanted in Oregon. "He is reported to be residing at 244 East Fourth South, Salt Lake City," the letter said. The address is that of the Police Department.

Newspaperman Dies

WASHINGTON (AP) — Brig. Gen. Thomas R. Phillips, (Ret.), 73, military analyst for the St. Louis Post-Dispatch since 1951, died yesterday of a heart attack.

Swedish Quints Born, Two Die

FALUN, Sweden (AP)—A Sweden woman reported to have been given hormones that can cause multiple births had quintuplets today, but two of them died shortly before noon.

A statement from Falun General Hospital said a boy and a girl died. Two girls and a boy, still alive, were in oxygen tents.

The hospital, withholding the woman's name, said the quintuplets were born 11 weeks prematurely.

They were the second set of quints to be born this week. Four boys and a girl were born Tuesday to Mrs. Samuel Lawson, who received the same hormone

The Auckland quintuplets are doing fine, a hospital announcement said.

Anti-Crime Campaign Set

NEW YORK (AP) — A $2.5 million national campaign directed at public apathy to crime is being undertaken by the National Council of Crime and Delinquency.

The council and the Ford Foundation are to share the cost of the program, announced yesterday by Sigurd S. Larmon, council president.

The foundation is providing a $1.25 million grant and the council plans to raise a matching sum.

Labor Wooing Senate To Pass Union Bill

WASHINGTON (AP) — AFL-CIO President George Meany says organized labor is working hard to win Senate approval of the House-passed bill which would strike down state laws banning the union shop.

The fight to repeal section 14B of the Taft-Hartley Act, a major campaign pledge of President Johnson to organized labor, is exepcted to be longer and tougher in the Senate than the three-day House battle climaxed by a 221-203 vote Wednesday.

Repeal of 14B would wipe out laws in 19 states that now forbid union shop contracts.

The union shop, under which all employes must join the union, may now legally be provided in labor-management contracts in 31 states. These are the ones that do not specifically outlaw it.

"This (the House vote) represents a very important step in bringing justice to Amerian workers," Meany said. "We're going to work hard."

On the other side of the battle line, Reid Larson, executive vice president of the National Right to Work Committee, said in a statement:

"The sanctioning of compulsory union membership via the repeal of 14B by the House was an irresponsible act but not an irrevocable one. For the benefit of the labor bosses that select group would deny freedom of choice to the working man. Let me make it clear that the battle has just begun."

Democratic leaders beat down all Republican efforts to amend the bill. But under the Senate's less rigid procedures, Republicans are certain to offer a long string of changes.

These include exempting any worker from union membership on religious grounds, requiring secret balloting whenever a union seeks bargaining rights, forbidding racial discrimination by unions and prohibiting the use of union dues for political purposes.

Democrats contended in the House debate that these matters are already covered in federal law.

Labor spokesmen argued that laws banning the union shop permitted some workers to take wage increases won by the union without paying their share of the bargaining costs.

They also argued that the 19 states banning the union shop were competing unfairly with other states by holding down wages and seeking to lure new industry with cheap labor.

The 19 states with laws banning the union shop are Arkansas, Arizona, Alabama, Florida, Georgia, Iowa, Kansas, Mississippi, North Carolina, North Dakota, Nevada, Nebraska, South Carolina, South Dakota, Tennessee, Texas, Utah, Virginia and Wyoming.

South Viet Hamlet Gets National Flag

WASHINGTON (AP) — Sen. Birch Bayh, D-Ind., says the city of Hue, South Viet Nam, will get an American flag that has flown over the U.S. Capitol.

Bayh said two Indiana servicemen made the request, praising Hue's citizens for "great strides" they have taken toward democracy and their stand against communism.

Barry Under Knife

PHOENIX, Ariz. (AP) — Barry Goldwater will remain in St. Joseph's Hospital well into August recuperating from an operation yesterday to eliminate neck and back pains, an associate says. The surgery on vertebrae in the lower neck required nearly four and a half hours. His condition later was listed as fair.

Sweden Pays U.N.

UNITED NATIONS, N. Y., (UPI) — Sweden announced yesterday it is contributing $240,000 to the cost of the U. N. peace - keeping force on Cyprus for June 20 through Dec. 26.

Dinner Was Costly

LONDON (UPI) — James Aylmer Hamilton was sentenced to five years in prison yesterday for failure to pay a $2 bill at a Chinese resaurant.

Old Bomb Found

TOKYO (UPI) — Construction workers unearthed yesterday a 550 pound American bomb dropped on Tokyo's Ikegami area during World War II.

Italy Sentences 40

ROME (UPI) — A Rome court yesterday sentenced 40 defendants in a war pension fraud case to prison terms ranging from nine months to five years. They were convicted of forging medical certificates so that war invalids could get higher pensions.

India Transit Aid

WASHINGTON (AP) — The world bank is joining with the Indian government in financing a survey of transportation in eastern India.

Berlin Foresees New Sunken Wall

BERLIN (AP) — Refugee soldiers say East Germany's Communist regime is planning a sunken wall around West Berlin that will be less noticeable and more effective.

Such a barrier is already taking shape along one section.

"We have no official confirmation of the plan," said Capt. Heinz Hackbarth of the West Berlin police during a tour of the border Wednesday.

"But according to information we have received from refugee East German soldiers, the Communist regime plans to encircle West Berlin completely with its 'modern border' by 1970. The idea is to remove all barbed wire and the present wall from around West Berlin.

"They will put up an ordinary wire fence where the barbed wire — and perhaps the wall — now stand. In the middle of a cleared stip 500 yards wide, they will dig a broad trench, and inside it on the side toward West Berlin will be a cement wall nine feet high and almost vertical.

"On the eastern side of the trench and its sunken wall will be a road for their motorized patrols. Foot patrols and dogs will patrol in the trench.

"Beyond the road will be a second wire fence. The whole strip will have a normal appearance, camouflaged through design and landscaping."

TEAK CABINET

Top Cabinet is excellent for displaying fine china, glassware, etc. Features sliding glass doors for easy access. Measures: 54½"x14"x29".

MACY'S SAN RAFAEL, FOURTH AND COURT, 456-3333: OPEN MONDAY AND FRIDAY 9:30 TO 9; OTHER DAYS 9:30 TO 5:30

CRATERED FACE—This is No. 11 in the Mariner IV series of photos of the planet Mars, taken July 14 and one of several released today after they were shown to President Johnson in a White House briefing. It shows Atlantis, between Mare Sirenum and Mare Cirmmerium. It was made from 7,800 miles and covers area 170 by 150 miles. (AP Wirephoto)

CALLUP

Continued from page 1

new troop buildup to withdraw from the 17-nation disarmament conference.

Most of the early Communist reaction came from Soviet satellites behind the Iron Curtain.

Ambassador Arthur J. Goldberg presented his credentials to Secretary General Thant yesterday and delivered a letter from President Johnson asking for U.N. help to remove the Viet Nam conflict "from the battlefield to the negotiating table."

President Johnson's decision to avoid calling reservists to fight in Viet Nam was influenced, in part, by Tuesday's attack on two mobile missile sites near Hanoi by American fighter bombers, according to Associated Press writer Frank Cormier.

Johnson felt that direct and quick retaliation against the missile launchers that had bagged a U.S. jet bomber Sunday was sufficient proof of what he terms the nation's "no retreat" policy in Viet Nam.

Had the launchers not been discovered and attacked, it was said, Johnson probably would have felt compelled to mobilize some reservists and National Guardsmen as a display of national determination.

The administration view seemed to be that the assault on the launchers would be weighed most seriously in the Communist camp because, so far as is known, the United States struck without knowing or caring whether the installations were manned by Russians, Communist Chinese or North Vietnamese.

If this is correct, and high administration officials said last night the missile base episode was a turning point in Johnson's deliberations, the end result also coincided neatly with the President's personal inclinations.

Johnson says Defense Secretary Robert S. McNamara's job is to keep the United States in Viet Nam while Secretary of State Dean Rusk's task is to get it out.

This remark was cited by high officials today to illustrate the President's strategy. Simply stated, it is to throw more American manpower against the Communists in an effort to make them stop fighting while, at the same time, continuing diplomatic efforts for a peaceful settlement that eventually will permit Americans to pull out.

Johnson spoke yesterday, for the first time, of his willingness to talk about "Hanoi's proposals," which include a demand for withdrawal of American forces and settlement of political problems under Communist ground rules.

High officials cited some evidence Hanoi might not be demanding them as preconditions to any peace talks, as Washington initially had thought, but rather as bargaining positions once a meeting begins.

The President, in line with his continuing efforts to bring home to Americans the gravity of the U.S. commitment in Viet Nam, planned to meet late today with the nation's governors to brief them on the situation. The governors were to come to Washington from Minneapolis, where they held their annual conference.

The President's plans for a buildup in Viet Nam fell far short of what had been predicted. But he carefully left open the possibility of an unlimited increase in the future.

Officials said today, however, that it was the "perishable" quality of called-up reserve units which was one of the principal factors in the Chief Executive's decision to forego a broad call-up at this time.

By "perishable" they meant that such troops, called to active service for probably a year, would scarcely have time to be equipped and brush up on their training before they would have to be released. And Congress would be unlikely to approve a longer tour of duty for anything short of all-out war.

The doubling of draft calls Johnson ordered will give the Army, already reporting a manpower pinch, at least one additional 15,000-man division and possibly several independent brigades to serve as the home defense replacements for the 50,000 experienced troops being sent to Viet Nam.

In deciding against a callup at this time, Johnson also reserved for another day the use of a major weapon in the U.S. arsenal — the psychological effect on an enemy of a massive mobilization of America's strength.

MARIN FIRE CALLS

YESTERDAY:

10:31 a.m., Lucas Valley—Cat in tree at 5 Zephyr Court; came down upon urging of firemen.

6:41 p.m., San Rafael—Lamb chop in broiler at 301 Laurel Place caught fire; no damage.

6:45 p.m., Sausalito — Fire alarm box pulled after person saw smoke coming from side of building; smoke was from legal barbecue fire at 411 Napa Street.

10:40 p.m., Novato — Sparks from electric drill ignited an open can of gasoline in the garage at the home of Pat Catteyson at 1340 Cambridge Street; burned three people fighting it and did minor damage to a motorcycle, boat and the garage.

PHOTOS

Continued from page 1

be "more than 10,000 craters (on Mars) compared to a mere handful on the earth."

Leighton said evidence from the photographs "neither demonstrates nor precludes the possibility of the existence of life" on Mars.

But the fact that the photos indicate Mars never had any oceans or significant quantities of water makes the prospect of finding life there "less promising," he said.

The scientist took the view that if life does exist on Mars in some promitive form — perhaps bacterial or plant life — Mars "may be the best, perhaps the only, place in the solar system for preserving primitive conditions."

The report was presented at a White House ceremony in hich President Johnson remarked that he was "a little bit relieved your photographs didn't show more signs of life out there."

He said he felt this way because he belonged to the generation which writer-actor-producer Orson Wells "scared out of its wits" with a realistic radio broadcast during the 1930s of an imaginary invasion of earth by Martians.

Ex-Marin Pair Sue Over Crash

A former Larkspur woman and her daughter are seeking $100,000 damages in Marin Superior Court for alleged injuries to the latter in an Aug. 1, 1964, automobile-motorcycle collision on Shoreline Highway near Highway 101.

Plaintiffs Janelle Smith, 18, and the mother, Mrs. Jeanne B. Wilson, now of San Francisco and formerly of 96 Madrone Avenue, Larkspur, allege negligence by Monroe Kelly Jr., 28, San Francisco, and Charles Gary Daniels, 19, 640 Northern Avenue, Mill Valley.

The suit said Janelle was passenger on a motorcycle driven by Daniels and the car was driven by Kelly. It alleges Kelly crossed the highway's center line and that Daniels was intoxicated while operating the mortocycle.

Bolinas School Board Talks To Candidate

Bolinas-Stinson School District trustees last night interviewed John Barlow, fourth candidate for the trustee vacancy left on resignation of Irving E. Levine. No action was taken, the board deciding to make its decision Wednesday at its meeting at 8 p.m. at Bolinas School.

Other candidates are Patricia Vitelli and Edith Sarraille of Bolinas and Roberta Shockey of Stinson Beach. Barrow is from Bolinas.

Ross Man Assigned

Pvt. John C. Aylwin, son of Mr. and Mrs. John H. Aylwin of 69 Wellington Avenue, Ross, has been assigned with the 58th Engineer Company to Wildflecken, Germany. He recently attained a perfect score on his proficiency test at Fort Leonard Wood, Mo.

Judge Ponders Action In Assessor Scandal

OAKLAND (AP) — State legislators, district attorneys and San Francisco Mayor John F. Shelley were pursuing investigations today following last week's charges that certain California county assessor employes accepted payments in return for reduced property tax assessments.

As more state and local officials entered the inquiry, the key information remained locked in a cell at the Alameda County jail in Oakland.

Yesterday, San Francisco Deputy City Attorney Orville Wright told newsmen that he and Assessor Russell Wolden split a check for more than $4,000 signed in 1961 by James C. Tooke, a Castro Valley tax consultant. Norman Phillips, an associate of Tooke, set off the investigations with charges he said were based on Tooke's records—now locked in the jail.

Phillips said that tax consultants hired by large corporations would seek a lower assessment on inventories and equipment. If a lower appraisal resulted, Phillips charged, then the company would pay the consultant and, in turn, the consultant would give a kickback to the deputy assessor who reduced the assessed value of the property.

Wolden called Wright's charges a "conspiracy" and "another of the many untruths which have characterized this so-called investigation from its beginning." In response Wright said he stood by his story.

San Francisco Dist. Atty. John Jay Ferdon said Wright and Wolden were expected to appear before a grand jury Monday.

In Sacramento, Assemblyman Nicholas C. Petris, D-Oakland, chairman of the Assembly Revenue and Taxation Committee, said he would ask for new tax assessment laws. And Assemblyman Pearce Young, D-Napa, said he was considering a legislative investigation.

Young is chairman of the Assembly Criminal Procedure Committee.

In Oakland, Alameda County Dist. Atty. J. Frank Coakley asked for a search warrant to examine Tooke's files. Superior Court Judge William J. McGuiness deferred a decision until later in the week.

The judge also postponed until Monday any decision on a civil suit filed by Tooke to regain his records. Tooke has charged that Phillips stole the files. And Phillips' attorney said he would be willing to return the files to Tooke if Coakley gains access to them.

The question of assessment practices has produced the following statewide reaction:

Los Angeles Assessor Philip Watson met with Asst. Atty. Gen. Meyer yesterday and listened to a tape recording. Watson said that in the recording Norman Phillips told of a $25,000 payment to a Northern California assessor.

Santa Clara County Counsel Spencer Williams said he has found nothing "criminal or unethical" in his county assessor's office to justify a taxpayer suit on file.

State Controller Alan Cranston and the State Board of Equalization both have offered to make investigations.

Coakley also has reported that the Internal Revenue Service, the U. S. Department of Justice and the FBI are interested in the investigation.

PICKETS

Continued from page 1

of the Painters Union (the San Francisco-North Bay council), and business agents of locals in San Francisco and Sonoma Counties, said:

"District Council of Painters No. 8, with jurisdiction in San Francisco, Marin, Sonoma, Mendocino and Lake counties, notifies Local 83 that any attempt to sign a separate agreement with Painting and Decorating Contractors Assn. of Marin is in violation of the general constitution of the Brotherhood of Painters . . . and the district council by-laws.

"Any agreement arrived at must be ratified by referendum vote to be conducted under supervision of District Council of Painters No. 8 . . . Locals eligible to vote in the referendum are No. 364 of Santa Rosa.

"Any painter found working in violation of our interim agreement will have charges preferred against him."

Wilson also claimed that a separate contract by the Marin local might endanger Marin painters' share of the welfare fund which is administered by the district. He said the welfare fund "is a district fund."

The dispute appeared headed for the international hierarchy of the Painters Union, which assigned Local 83 to District 8 jurisdiction so presumably could change the assignment.

Everybody except the outside unions seemed satisfied with the temporary contract signed last night to end a 28-day strike. It was made subject to final settlement, district-wide, with the Bay Area Painting and Drywall Contractors.

Local 83 broke away from joint negotiations with the still-striking San Francisco local two days ago. The San Francisco painters counter-attacked by picketing the local's offices in San Rafael.

Marin negotiators, headed by local treasurer Scott, agreed to order their men back to work for a $1.50 an hour wage and fringe benefit hike distributed over a three-year period.

Wages were never a disputed issue in the negotiations. Separating the contractors and painters was a union reluctance to liberalize restrictions on the use of paint rollers.

The temporary agreement allows the use of rollers on walls in all buildings, public and private, old and new. The old contract allowed their use only to repaint walls in houses.

The only other point separating labor and management had been a union request for two 15-minute coffee breaks which the painter might "save up" until the end of the week. The Marin local withdrew this request and the agreement was signed.

Kunst said today he was pleased with the contract, although it is only temporary.

"I am delighted," he said. "It's much better than not working. All the union employees also seem glad to get back to work and happy with the agreement."

When the agreement was signed, only 150 of the local's 450 painters were actually out of work. Others had signed interim agreements with independent contractors and home owners.

VIET

Continued from page 1

Nam would be increased from 7,500 to 125,000 men. But a U.S. spokesman said the brigade was part of a six-battalion increase in U.S. forces that had been programmed some weeks ago. He said it was not part of the buildup the President announced yesterday.

The paratroopers came from Oakland, Calif., aboard the troop transport Gen. Le Roy L. Eltinge. The brigade commander, Col. James Timothy of New Orleans, La., said his men would deploy initially around Cam Ranh Bay to provide security for 2,500 U.S. Army engineers who are building a port and airstrip.

The paratroopers will reinforce 1,080 men of the Army's 1st Division who arrived July 12.

On the battlefield, an estimated 192 Viet Cong guerrillas were reported killed in a big government operation launched yesterday in the Mekong Delta 100 miles southwest of Saigon.

Government losses were described as "light to moderate." There was no word of casualties among Americans with the government forces.

U.S. and Vietnamese war planes made 75 strikes in support of the ground operation, the spokesman said.

Elsewhere in the delta a U.S. Navy F8 Crusader bomber crashed into a field today while on a stafing run against the Viet Cong, U.S. sources said.

JACKSONVILLE, Fla. (AP) — Duval County residents paid more for automobiles than they did for food in 1963.

Watch Is Taken From Campsite

Theft of a $60 wristwatch and $5 cash from the tent of youths camping at Camp Alice Eastwood in Mount Tamalpais State Park was reported today by sheriff's officers.

Allen Platt, leader of the Los Angeles group of 14 boys, told deputies the loss occurred Monday while they were sightseeing elsewhere.

Mrs. Matt Lewis, 901 Butterfield Road, Sleepy Hollow, told officers someone entered their garage during the past two months and took a fishing pole and crank-type music box, total value of $400. No entry was evident.

Hugh Francis Harnsberger, 30 Green Valley Court, Sleepy Hollow, reported two cases of motor oil and a tool kit were taken from their unlocked garage during the past weekend.

Attempted break-in of the home of Mrs. Raymond T. Haas Jr. of 41 Galleon Way, Terra Linda, was reported yesterday. She told deputies a screen was pried, but entry was not made.

OPPOSE

Continued from page 1

vice president of the association, wrote a letter to all Marin members, urging them to inform the board of supervisors of their opposition to the measure.

The proposal is part of the Fanning Report, a study performed during the first half of this year for the supervisors by Paul Fanning, former executive of the State Public Utilities Commission and Greyhound Bus Lines.

The supervisors on July 20 took preliminary steps to assume at least operational responsibility for a bus system in the county, either owned by the county district or subsidized by it.

President Says He Considered Woman Judge

WASHINGTON (AP) — President Johnson said today that he had considered appointing a woman to the vacancy on the Supreme Court to which he named Washington lawyer Abe Fortas.

But, he said as to appointment of a woman, "when I do I want it to be absolutely without question the best possible person — male or female—available for the post."

The President made his comments before some 400 representatives from 44 state commissions on the status of women.

Vice President Hubert H. Humphrey, in an earlier address to the group, said government and industry must both do more to be sure that people are "hired and promoted just on the basis of merit."

Man Arrested After Quarrel

Marie L. Wirth of 58 Lochinvar Road, San Rafael, last night signed a warrant of arrest for her husband, Anton Wirth, 66, saying he threatened to kill her and struck her 81-year-old mother, Mrs. Freida Jonas.

Mrs. Wirth said she and her husband were arguing when he threatened to kill her. He then pushed her into the bath tub, she said, and started choking her. When Mrs. Jonas tried to intervene, she said, he struck her.

He was booked in county jail by San Rafael police on a charge of battery.

Auto Stereo Stolen

An auto-stereo tape deck and five tapes, valued at $189, were stolen from the car of Albert V. Illingworth of 83 Woodland Avenue, San Rafael, Tuesday night. He told police his car was parked, unlocked, in a parking area across from his apartment building.

OBITUARIES

Charles A. Rowe Dies

Continued from page 1

woods Presbyterian Church, Larkspur.

Born in Calumet, Mich., Rowe lived 24 years in California. He first lived in Sausalito but most of his 20 years in Marin County he lived in Corte Madera, at 350 Chapman Drive.

He is survived by his wife, Jean; a daughter and three sons, Laura, Thomas, Robert and John, all of Corte Madera; his mother, Mrs. Catherine Rowe, who lived with him. Also surviving him are two sisters, Mrs. Leon K. Adams of Dearborn, Mich., and Mrs. Lorne Champion of Detroit, and a brother, William Rowe, of Detroit.

Memorial services will be held at 7 p.m. Sunday at Redwoods Presbyterian Church, Larkspur. Inturnment is to be private, directed by Russell and Gooch Mortuary, Mill Valley.

The family requests that tributes be contributions to the cancer fund.

ARNOLD COLTON

Arnold D. Colton, 46, of 16 Heartwood Court, San Rafael, died yesterday in a local hospital where he had been since Friday. He had a heart condition.

A native of San Francisco, he served during World War II in the Merchant Marin after graduating from Lowell High School. He moved to Marin County in 1956. He had his own insurance brokerage at the Furniture Mart in San Francisco.

Colton is survived by his wife, Marion; two sons, Michael R. and Bradley L. Colton, and a brother, Theodore Colton of Watsonville.

Funeral will be at Keaton's Mortuary, San Rafael, at 11 a.m. tomorrow. Burial will be in Mt. Tamalpais Cemetery, San Rafael.

MAUD STILES

Maud Stiles, 84, of 1206 Chase Street, Novato, died yesterday in a local hospital after a long illness.

Mrs. Stiles was a native of Kansas. She lived in Santa Rosa with her late husband, Jess Stiles, a carpenter, then moved to San Rafael in 1956 following his death. Two years ago she moved in with her daughter, Mrs. Eunice Plant, in Novato.

Mrs. Stiles worked as an automobile upholsterer in Kansas City, Kan. She is survived by her daughter, Mrs. Plant; a sister, Florence Caulfield of North Hollywood, and two brothers, Harold L. Preston of Kansas City, Kan., and Virgil M. Preston of Portland, Ore.

Funeral arrangements are pending at Fewel's Redwood Garden Chapel in Guerneville, Sonoma County.

MARY MARQUIS

Mrs. Mary E. Marquis, a resident of Larkspur in 1962-63, died yesterday in a San Francisco hospital after a lengthy illness. She was 56.

Mrs. Marquis and her husband, Howard F. Marquis, arrived in Larkspur from the Midwest in April, 1962. They moved to San Francisco in November, 1963.

She is survived by her husband; two daughters, Mrs. Mary June Sauve of Chicago, Ill., and Katherine Anne Marquis of San Francisco; two sons, Howard Vincent Marquis of San Francisco and Brother Jesse Marquis of Winchester, Va.; a sister, Mrs. Helen Skyrud of West Springs, Ill., and four grandchildren.

Funeral will be Saturday at St. Monica's Church in San Francisco where a Requiem High Mass will be sung at 9:30 a.m. Burial will be in Holy Cross Cemetery, Colma.

Rosary will be recited tomorrow at 8 p.m. at McAvoy O'Hara Co., Geary Boulevard at Tenth Avenue, San Francisco.

WILLIAM FIGUR

William H. Figur, 54, who lived with his family in Mill Valley in the late 1920s and early 30s, fell dead today on a Richmond street.

Figur, a liquor salesman and member of San Francisco Teamsters Local 109, lived with his wife, Beverly, in Pleasant Hill. He attended Tamalpais High School and College of Marin while living in Marin County.

Surviving are his wife; a daughter, Mrs. Sharon E. Baker of Pleasant Hill; his mother, Katherine Figur of Hayward; a sister, Marion Jensen of Hayward, and one grandson.

Funeral will be Saturday at 1:30 p.m. at the Fruitvale Chapel of the Clarence N. Cooper Mortuary, 1580 Fruitvale Avenue, Oakland. Burial will be in Golden Gate National Cemetery, San Bruno.

JACK SYPHER

Funeral for Jack Sypher, 67, a retired correctional officer at San Quentin Prison, was held yesterday at Wilson and Kratzer Mortuary in Richmond. Cremation followed at Rolling Hills Memorial Park, Richmond.

Sypher, a native of New York City, had lived in California for 55 years and Marin County for 35. His last address was at 35 Bella Avenue, Fairfax. He worked at the prison for 20 years.

He died Monday in a local hospital of a heart ailment.

Only know survivor is his wife, Ena Sypher of Fairfax.

ANNULMENT ASKED

WILLIAMS — Elizabeth vs. James, fraud.

DIVORCES ASKED

de CURTONI—Norma J. vs. Winslow R., cruelty.

CULWELL — Virginia Lee vs. Haskell J., cruelty.

JOHNSON — Penny Lee vs. Terry Payne, cruelty.

CUMMINGS—Joi Milladin vs. Frederic Gay, cruelty.

DEATHS

MARQUIS—In San Francisco, July 28, 1965, Mary E. Marquis (nee Lamb), beloved wife of Howard F. Marquis; loving mother of Mrs. Mary Jane Sauve, Katherine Anne and Howard Vincent and Brother Jesse Marquis, M.S.S.T.; sister of Mrs. Helen Skyrud; grandmother of Molly and Moira Sauve, Cynthia and Diane Marquis; cousin of Sister Mary Pauline, R.S.M.

Friends may call after 2 p.m. Thursday and are invited to attend the funeral Saturday at 9 a.m. from the Evergreen Mortuary of McAvoy O'Hara Co., Geary Boulevard at 10th Avenue, San Francisco, thence to St. Monica's Church, where a Requiem High Mass will be offered at 9:30 a.m. Interment, Holy Cross Cemetery. Rosary Friday at 8 p.m. Parking court Tenth Avenue. (7/28-29)

FIGUR—William H. of Pleasant Hill, July 29, 1965. Beloved husband of Beverly (Bell) Figur. Loving father of Mrs. Sharon E. Baker. Son of Mrs. Katherine Figur. Grandfather of Thomas Alexander Baker. Brother of Marion Jensen. Son-in-law of Mr. and Mrs. George Gregory of San Anselmo. A native of Idaho. Aged 54 years. A member of the Teamsters Union Local 109 of San Francisco.

Friends are respectfully invited to attend funeral services Saturday, July 31, at 1:30 p.m. at the Fruitvale Chapel of the CLARENCE N. COOPER MORTUARY, 1580 Fruitvale Avenue, Oakland. Interment Golden Gate National Cemetery, San Bruno. (Parking area adjacent to chapel.) For further information please call 533-4114. (7/29)

COLTON—In San Rafael, July 28, 1965, Arnold D. Colton, beloved husband of Marion Colton; devoted father of Michael R. and Bradley L. Colton; brother of Ted Colton of Watsonville. A native of San Francisco; aged 46 years.

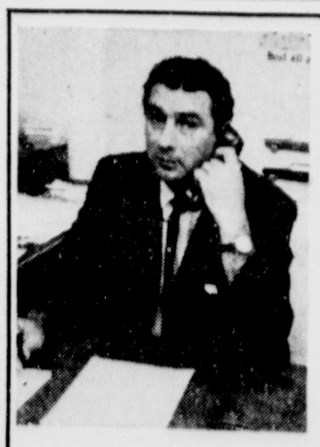

Friends are invited to attend the funeral Friday, July 30, at 11 a.m., at Keaton's, Fifth Avenue and E Street, San Rafael. Interment, Mount Tamalpais Cemetery. (7/29)

DALY—In Corte Madera, July 27, 1965, Mary (Mae) V. Daly, beloved wife of the late John J. Daly, loving stepmother of Robert W. Daly of San Rafael, loving sister of Charles B. Magee of Joshua Tree, California, and the late Edna Jerrett, James V.; and William A. Magee. A native of Forest Grove, Ore. Aged 75 years.

Friends are invited to attend the funeral Friday, July 30, 1965, at 9 a.m. from the Harry M. Williams Mortuary, San Rafael, thence to St. Raphael's Church, San Rafael, where a Mass of Requiem will be offered for the repose of her soul commencing at 9:30 a.m. Recitation of the Rosary at 8 p.m. Thursday at the mortuary. Interment Mount Olivet Cemetery, San Rafael. (Parking Court on E Street) (7/28-29)

FAIR TIME WINNER—Sid Walker, 9, earned $5 yesterday at the Sonoma County Fair in Santa Rosa, but the soap and water bill for his parents may exceed that. Young Sid's job? To catch a pig—a greased porker, yet. (UPI Telephoto)

Rodeo Competition To Start At Fair

SANTA ROSA—The first of three evenings of rodeo competition will begin tonight at the Sonoma County Fair.

Livestock judging will continue today and tomorrow and the annual junior livestock auction was under way today.

The rodeo will begin at 8:30 p.m. today, tomorrow and Saturday and horse racing is scheduled tomorrow and Saturday afternoon.

On Saturday morning, 750 members of Future Farmers of and 4-H Clubs and their families who participated in the fair will be guests of the Bank of America which will sponsor the annual auction breakfast. The fair will end Saturday night.

Among winners in livestock judging this week was Robert Parks of Tomales who took a second, two third places and two fourth places in the open sheep division.

Convention Facilities Seen As Aid To Growth Of Marin

Marin County is in for a steady and healthy growth rate with increased convention facilities expected to be the biggest aid to economic growth during the next five years.

These are the conclusions of four Marin County businessmen and civic leaders who spoke today on radio KTIM's "Marin Sounding Board."

Clinton De Lap, managing director of the Marin Visitors Bureau, said a convention hotel will open in Southern Marin next June. "The only thing that is now holding up an official announcement is negotiations about the number of rooms," he said after the program.

The first of what De Lap feels will be many convention hotels will be a three-story motor hotel. A major chain has already agreed to open it, he said.

William D. Fusselman, a former chairman of the Marin County Board of Supervisors and now a vice president of Tiburon National Bank, said future hotel plans should be made in such a way that "they give the visitor more than just a place to sleep. We have to make it easy for him to participate in Marin."

He suggested this be done by scheduling tours and situating sites in easily accessible areas. "You can sell your candy better by giving a sample," said Fusselman, a former candy maker.

De Lap indicated that Marin has the potential to host up to 70 conventions per year. "Our one crying need is facilities. Why, even now we are doing a $5,000,000 a year tourist business," he said.

The speakers, however, agreed that the Marin growth rate would probably slacken. Pointing out a 29.6 per cent drop in housing construction in 1964, Carroll Snyker, manager of Marin Development Assn., noted, "The easily developable land is disappearing."

Fusselman felt this would enable the county "to keep in step with developments. I think a leveling off is good for an area."

Jack Alvarado, manager of the San Rafael Chamber of Commerce, expressed his belief that the future of each community will depend more and more on the future of the county as a whole.

"We cannot become isolated segments," he warned. "We all stand to gain from something like convention business therefore we must all work together to promote these interests."

The program, conducted by Kitty Oppenheimer, was taped for rebroadcast on KTIM at 12:30 p.m. Sunday.

Sparks Start Fire

UKIAH (AP)—Sparks from an automobile exhaust were blamed for a fire which burned 120 acres of timber and grassland Wednesday alongside U.S. 101, three miles north of Ukiah.

Briton Expelled

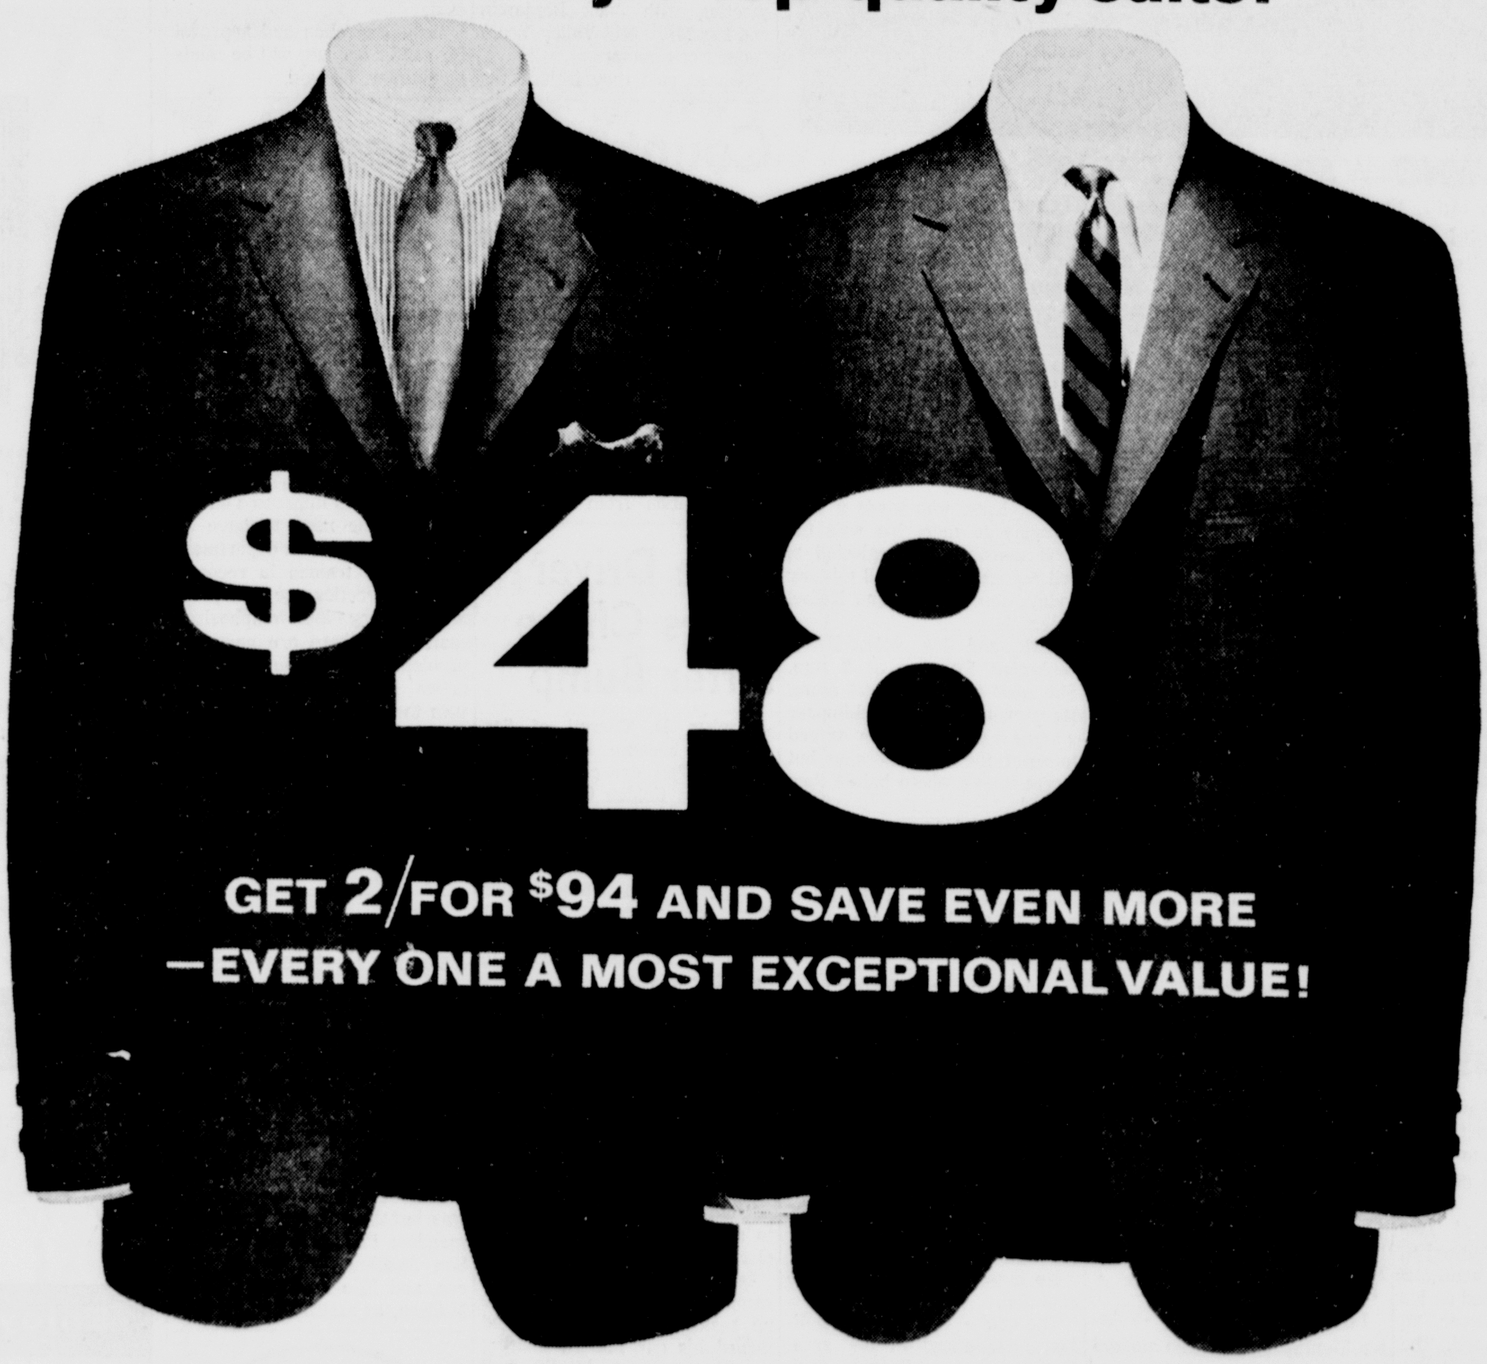

MOSCOW (AP) — K. Anthony Bishop, a Soviet affairs expert in the British Embassy, has been ordered expelled from the Soviet Union. The expulsion order yesterday came after Bishop, 28, was named in the trial of Gerald Brooke, a British teacher who pleaded guilty to subversive anti-Soviet activities.

WHO WAS THAT LADY . . .

"That was no lady, that was my dog," is what John Maier of La Cross, Wis., tells people. He is shown yesterday driving with his 2-year-old Afghan Hound, Belden's Dhi-Mond, who is not wearing a wig. When they are out driving, by the way, Maier simply calls the dog Beau. (UPI Telephoto)

SAUSALITANS DECIDING FIRE PLUGS TOO DRAB?

When the sun arose this morning in Sausalito, residents found that night artists had adorned five of the city's yellow fire plugs with faces, flowers and polka dots.

The fire plugs, which had just had a paint job throughout the city, were immediately returned to their natural state of yellow by firemen, Capt. Ralph K. Pedersen reported.

He said plugs were painted in red, green and black in the heart of the town near Vina del Mar Plaza.

Speaking for Fire Chief Charles E. Masten, Pedersen said anyone caught defacing city property will be punished for malicious mischief.

Mill Valley Center Rules Laid Down

Opening of the Mill Valley community and youth center must still await completion of surfacing the parking area, basic furniture, decks and tiling of rest rooms, City Mgr. Bert Balmer said today. He indicated it may be done, two or three weeks before opening.

Balmer, with City Councilman Albert E. White and Police Chief Dan Terzich, laid out ground rules for the center today in a meeting with Jack Benjamin and Les Mize, Mill Valley Youth Council co-directors.

Balmer said they include the requirement of four chaperones plus three police reserves at each dance.

Activities in the center for youths will be controlled by the city recreation department and will be outlined and organized by the city's new, as yet unchosen, park and recreation director. All private organizations will have the right to reserve and rent the center on any given night space is available, Balmer said.

Final inspection and approval for center opening will be made by Balmer, he said.

Countywide Meeting Stresses Dope Trouble

A concerted county-wide program within school systems to alert youngsters to narcotic problems was stressed last night at a meeting attended by 37 city and county officials at Sausalito's Alta Mira Hotel.

City councilmen, county officials and police chiefs, with representation from all Marin cities except Mill Valley and Ross, attended.

Participants, reported Charles A. Brown, Sausalito city manager, talked a great deal about efforts to be made in dealing with teen-agers and getting their confidence to cope with narcotics problems.

Police chiefs impressed on the audience the need to have as many police in each department as possible trained in recognition of narcotics use and problems. They also emphasized that, when there are narcotics problems, it isn't the state narcotics bureau that the cities turn to put to people within the community.

Mayor Jan Paul Dyk and Police Chief Kenneth H. Huck both spoke and Sausalito police showed the film, "Narcosis" and exhibited narcotics and narcotic equipment.

HAFB Runaways Sought Along With Colonel's Car

Three youths were missing today from their Hamilton Air Force Base homes after taking a car from one home last night, Air Police reported.

Missing and listed as runaways were: Peter Mallet, 15, son of Lt. Col. and Mrs. Alfred P. Mallet of 232 Oakwood Drive; Charles Ralph Harper Jr., 15, son of S/Sgt. and Mrs. Charles Harper of 100 Randolph Drive, and Michael McDonough, 16, son of SM/Sgt. and Mrs. Paul F. McDonough of 182 East Kelly Drive.

The boys took a 1963 white Cadillac sedan belonging to Colonel Mallet, according to Air Police. They are believed to have a .22 caliber automatic pistol and 100 rounds of ammunition, the Air Police said.

Mallet was described as five feet eight inches tall, weighing 165 pounds with a beatle haircut down to his eyebrows, two large teeth in front broken in the shape of a V. He was wearing green pants, a white T-shirt and green tennis shoes.

Harper is five feet seven inches tall, of slender build weighing 125 pounds, with blue eyes and brown hair. He was wearing tight tan pants, a maroon shirt, a gray vest and black shoes.

McDonough was described as five feet eight inches tall, of thin build, weighing 135 pounds. He has blue-green eyes and long blond hair cut in Beatle style. He was wearing tight black pants, short-sleeved white shirt with green stripes, and black Beatle boots.

3 Burned When Drill Ignites Gas

Three Novato residents suffered minor burns last night when they attempted to extinguish a burning can of gasoline in a garage.

Pat Catteyson, 41, of 1340 Cambridge Street was burned on his right shoulder and arm. His son, Rick, 16, was burned on his hands, as was Eric Turner, 15, of 595 Midway Boulevard. The Catteysons were treated at Novato Hospital, and Turner at Hamilton Air Force Base hospital.

The fire started when a spark from an electric drill which was being used by Eric and Rick ignited an open can of gasoline, according to Asst. Fire Chief James Kidder. The three were burned when they took the burning can of gasoline outside, Kidder said.

The fire did minor damage to a motorcycle and boat in the garage and to the overhead garage doors, Kidder said.

Wife Divorcing Television Star

LOS ANGELES (UPI) — Actor Tommy Rettig, who starred in the "Lassie" television series, was sued for divorce yesterday by his wife of six years.

Accusing Rettig of "extreme mental cruelty," Darlene Rettig informed the Superior Court that he was 17 and she was 15 when they were married Dec. 19, 1959. The couple separated last Monday.

Mrs. Rettig sought custody of the couple's children, Thomas, 4, and Deane, 3, and division of community property, including the family home in Sherman Oaks.

Homeless Wife's Husband Not Yet Keeping His Date

Earl Kirk, who made a date Tuesday to meet his wife the next morning but neglected to tell her where, was still missing today, according to San Rafael police.

Kirk and his wife, Betty, separated Tuesday at 3 p.m. She went to get a motel room. He went to continue looking for a home in the area. They agreed to meet the next morning but forgot to say where before they parted.

Police said Mrs. Kirk spent most of yesterday in the police office, waiting for word of her husband. She left in the afternoon to continue her vigil at the home of their son in San Jose.

Police said she told them she and her husband had not quarreled before they parted.

Earthquake Hits Aleutian Chain

ANCHORAGE, Alaska (AP)—An earthquake rocked the Aleutian Chain last night near the Rat Islands on the chain's western tip.

No injuries or damages were reported.

The quake was felt at military installations in the area. One report from Shemya said, "It was a real good one."

The earthquake was another in a series of sharp jolts which have struck a relatively small area in the western chain this year.

Fire Meeting Put Off

Regular meeting of the Kentfield Fire District board, scheduled at 8 p.m. today, has been postponed until 8 p.m. next Thursday because Chief Kenneth Kamp is attending a fire chief command school in Alameda County.

Irate Driver Gives Chase After Bump

Stephen D. Cerruti of San Anselmo became so enraged after another car collided with his on the Golden Gate Bridge and failed to stop immediately, that he allegedly rammed his car into the other vehicle.

Highway patrolmen heard this story from Cerruti, 28, of 67 Ross Avenue, San Anselmo, and Nadine M. Benton, 39, of Covelo, the other driver.

Both cars were southbound at 2 p.m. Tuesday and were leaving the bridge toll gates when the Benton car changed lanes in front of the Cerruti car. The cars collided.

The Benton car continued south with Cerruti in pursuit. Mrs. Benton later told highway patrolmen that she had planned to stop on the first San Francisco cross-street.

On the Lombard Street off-ramp Cerruti allegedly drove up beside the Benton car and turned his car into it, causing the Benton car to hit the wall beside the road.

Mrs. Benton was charged with making an unsafe lane change; Cerruti with reckless driving.

Police Halt Cyclists

Two mill Valley youths were reprimanded by police yesterday for riding their motorcycles on fire trails in hills back of Alta Vista Road following a complaint from Mrs. S. S. Bennetts of 150 Alta Vista. A city ordinance, recently passed, forbids such riding on fire trails.

San Anselman Gets Legion District Post

The American Legion's fifth California district has installed a San Anselman as vice commander, along with its first woman commander.

Vera Erlandsen of Petaluma was installed as commander in a ceremony at the Petaluma Veterans Memorial Building. Chester Smith of San Anselmo was installed as first vice commander; Patrick W. Pollock of San Anselmo, as finance officer, and Ella Brittain of Corte Madera, as assistant adjutant.

Bettini Requests Delay On Planning Vacancy

Appointment of a new member of the San Rafael Planning Commission will be delayed until Aug. 16 at request of Mayor C. Paul Bettini.

The mayor has asked that the appointment be left off the agenda for next Monday night's city council meeting because he will be absent on vacation.

The commission has been short one member since Charles J. Hendrickson's term expired June 30. Hendrickson declined re-appointment.

At the July 19 meeting, the council was split over apointment of Dominic J. Selmi, who for seven years was city engineer. Councilman L. H. (Bud) Baer urged Selmi's appointment, and was joined by Councilman Fred Jensen. However, Mayor Bettini and Councilman Charles W. Aby questioned whether Selmi might face frequent conflict of interest because he is employed by Dan Coleman and Associates, who sometimes present engineering plans to the commission on behalf of developers. (At the same meeting, the council by unanimous vote hired Coleman to make a study for the city of best use of the courthouse square.)

Councilman Harry A. Barbier was absent July 19, but was reported in favor of Selmi's appointment.

Mayor Bettini reportedly favors appointment of Franklin Battat, president of the Loch Lomond Home Owners Assn., who is one of three other aspirants for the planning commission. Others are contractor Joseph R. Filippo and realty broker Walter Irving Dahl.

Burglars in Louisville robbed a drugstore of $2,000. They gained entry through a private investigator's office next door.

Marin City Baptist Church Sets Dinner

The Village Baptist Church of Marin City will sponsor a banquet at 7:30 p.m. Saturday at the Community Church in Mill Valley.

Donations will be asked. Rev. Samuel L. Banks, pastor, will report on his 10 days in Alabama, "To Hell and Back." Further information may be obtained from Mildred Lee, 14 Burgess Court, Marin City.

Parking Lot Help Asked In San Rafael

San Rafael City Mgr. Dan E. Andersen has received a request from a San Rafael businessman for city help in setting up a parking district in the area around Third Street and Grand Avenue.

The request came from Stanley K. Goldsmith, owner of Stan's for Sports Inc. at Third and Grand.

The letter happened to coincide with legislation passed in Sacramento which would permit annexations to existing parking districts. This legislation was introduced by State Sen. John F. McCarthy (R-San Rafael) at Andersen's request, and signed by Gov. Edmund G. Brown a few days ago.

Goldsmith said he wasn't aware of the bill. The current San Rafael downtown parking district contains about 25 square blocks with five parking lots, bonds for which are paid off from parking meter revenues.

Andersen told the Independent-Journal that he would bring the matter to the city council's attention, and the first step would have to be a feasibility study to determine what parking facilities are needed.

The present district ends on the west side of Lincoln Avenue. Andersen said he was not sure whether state law governing such districts permits them to contain non-contiguous areas. The new measure does not mention this aspect of the problem, but an official in the state attorney general's office said he thought there was no limitation.

SUB-STATION SERVES THIS — These apartment buildings at Marin City are far higher than the original World War II barracks-type buildings there, but like their predecessors, depend on the county fire department for fire protection. The department maintains a sub-station in Marin City, however.

Big Buildings Pose Threat To Firemen

Continued from page 1

ings which receive fire protection only from the county department: Point Reyes, Lagunitas, Laguna, Lincoln, Nicasio and Union.

According to Chief Bloom, the Civic Center is sufficiently protected against fire by internal devices such as all concrete walls and floors, internal fire hoses, etc., to make it very unlikely that a fire could occur there which his department with its present facilities could not control alone.

Juvenile Hall is a different story. The older section of the building is a major fire hazard, Bloom says. This is because of the wooden construction of the institution and because youths are in the building 24 hours a day.

Any fire calls from Juvenile Hall is relayed to surrounding fire departments. Marinwood has assisted the county department on one call to Juvenile Hall, and Bloom says it is possible that San Rafael, Terra Linda and Novato might also be called in to help fight a large fire there.

Under a mutual assistance agreement made among all fire fighting agencies in the county, no charge is made by one department when it goes to the assistance of another. The agreement, according to Bloom, takes the pressure off of the county fire department in the event of a large structural fire.

Several institutions and businesses around the county have contracted at special expense for protection from other, more appropriately equipped departments. Most of these get a great reduction in fire insurance rates through such agreements.

Marin General Hospital pays a token fee (a dollar a year) to the Kentfield Fire District for protection. Tamalpais High School contracts with the Mill Valley Fire Department, paying $50 for each fire call made to the school. St. Vincent's School for Boys pays the Novato Fire District $200 a year for protection and an additional $50 for each fire call they make to the school. American Distilling Co. contracts with the City of Sausalito, although it is just outside the city limits.

Several areas in the county are particularly difficult to protect against fire, according to Bloom. And one of these contains many major structures: California Park, just south of San Rafael. Located there are the big Bekins warehouse, the J. B. Rice Center buildings, the Blue Chip Stamp redemption store, Saccone Brothers grocery warehouse, Marin Motor Movies and others.

The entire California Park area, says Bloom, is poorly equipped with fire hydrants, and a fire there is difficult to to extinguish because of lack of water.

"We worry about not having a larger pumper," said Bloom, "but without hydrants in that area and around Point Reyes we would have a great problem with a large structural fire no matter what kind of trucks we brought in."

Bloom foresees the possibility of having to give up trying to save a building in one of these areas and simply concentrating on keeping the fire from spreading to neighboring structures while pumping from a creek.

J. B. Rice Co., on Jacoby Street in California Park, installed its own fire hydrant a year and a half ago, paying the $10,000 to run a water line from Woodland Avenue, under the railroad tracks, to its four buildings. According to Howard C. Rice, vice president of the company, the firm attempted to have the county install the hydrant for several years, without success.

Rice said the hydrant makes a sprinkler system in the company's buildings possible, saving between 65 and 70 per cent on fire insurance.

During the five year period 1960-64, the county department responded to 545 structural fires.

COUNTY FIREMEN AT WORK—Some of Marin County Fire Department's firemen are seen in this picture fighting a blaze which destroyed a barn containing 300 tons of hay — the type of structural fire the county department traditionally has had to combat.

(Independent-Journal photos)

Bettini Memorial Rite Set For Gerstle Park

Dedication of a memorial at Gerstle Park to the late Cesare Bettini, longtime caretaker of the park and father of San Rafael Mayor C. Paul Bettini, has tentatively been set for Sept. 12, Recreation Director Joseph D. Rodota told the San Rafael Park and Recreation Commission last night.

The commission approved construction of the memorial in March. It will consist of a large concrete bench and court area with a bronze fountain. The cost of around $3,000 will be paid from a memorial fund established by the Bettini family after the elder Bettini died a year ago Tuesday.

The commission delayed until its next meeting, probably Sept. 29, discussion of a folder Rodota had sent each member which described methods of park acquisition and revenue raising in various California cities.

Rodota received permission to plan the first stage of development of the Nunes Park site in Terra Linda with his park foreman, Scott Tilden, and the engineering firm of Dan Coleman Associates.

Rodota told the commission that the American Legion in San Rafael has informed him the senior citizens program at the Legion building will probably be abel to stay there until next Jan. 1. The Legion plans to sell the property

POLITICO HAS GIRL PROBLEM

LONDON (UPI) — Bachelor Edward Heath, new leader of the Conservative opposition, was asked by a woman journalist yesterday who would be the official hostess of the government if he becomes prime minister.

Heath peered at his questioner. "Are you making me a proposition?" he inquired.

More Jobs Set In Poverty War

WASHINGTON (AP) — A special provision to make jobs for chronically unemployed poor adult workers as been added to the $1.9 billion antipoverty bill.

The Senate Labor Committee wrote the provision in yesterday. It would provide $150 million to be used on jobs in such federal fields as conservation and on state or local projects such as park improvement and highway beautification.

Youngster Dies In Truck Crash

CHICO (AP)—Lynnel Beck, 5, granddaughter of Grants Pass, Ore. City Councilman Robert Martin, died yesterday of injuries suffered in a pickup truck accident Tuesday.

Martin and his daughter, Mrs. Mary Beck, 27, Lynnel's mother, are in critical condition at Chico Memorial Hospital.

Mrs. Beck's son, Kent, 4, was less seriously hurt.

They were driving from Grants Pass to the Beck home in Sunnyvale.

New Chancellor Gets Look At UC's Berkeley Campus

BERKELEY (UPI)—The University of California's new Berkeley chancellor arrived here Wednesday, ready to begin the task of bringing peace to the strife-torn campus.

Dr. Roger W. Heyns, 47, who will take over officially Oct. 1, told newsmen he does not have all the answers to the problems which kept the campus in turmoil during the last school year.

"I have read enough, however, to know that the problems here are not unique," he said. "They are the problems of bigness and anonymity and impersonality and the necessity of relating the needs of society with undergraduate teaching."

Heyns, a psychologist, said he has no "pat formula" for dealing with campus unrest, but he said he does not plan to act as a mediator.

"Technically a mediator does not take a position," he said. "I will have an opinion."

"I don't think I am sitting here on a powder keg," said Heyns, who replaces Acting Chancellor Martin Meyerson.

Heyns who left the post of vice president of academic affairs at the University of Michigan, came to Berkeley for two days of meetings to become familiar with his new job.

Heyns said that he had made no implicit commitments to the UC Board of Regents and that he felt the regents had "flexibility" and had "no set formula they expect me to follow."

The chancellor said that in history civil disobedience had accomplished social change but that society does not condone civil disobedience for long.

"As far as I am concerned," he said, "It (civil disobedience) is a matter of academic bad manners."

Heyns said his wife, Esther, and their three sons, Mike, 22; John, 17, and Dan, 14, would move to Berkeley Sept. 1 for the beginning of the school year. He will assume his job Oct. 1 with at least two trips to the campus before that time, he added.

Student Violinist Attends Idaho Camp

Thirteen-year-old Marc North of Corte Madera is attending a seven-week session of the Sun Valley Music Camp in Idaho on a camp scholarship.

Marc, son of Mr. and Mrs. Harry S. North Jr. of 97 Sonora Way, plays the violin.

New Marin Aide May Help Chamber Merger

The first task of Marin's new development aide will be to assist in formation of a group that may one day pay his salary.

County Administrator Alan Bruce reported yesterday that the assistant county administrator for business development will have the job of coordinating the efforts of tax-supported development groups.

"He could be a catalyst toward formation of a county-wide chamber of commerce," Bruce said. "Secondly, there is a possibility that his position would be switched to its payroll."

Marin County supervisors approved the position at a salary of $13,200 a year, and the personnel department is preparing to recruit candidates.

The job description calls for the aide to "define, supervise and coordinate" the efforts of such tax-supported organizations as the Marin County Development Assn., chambers of commerce and Marin Visitors Bureau on a county-wide basis.

Overall goal is to attract industry and research, retail, office and tourist enterprises to Marin.

The opening of Ross Melton's new drugstore in Mt. Sterling, Ky., was hardly a success. Burglars robbed him the first night of $130.

Federal Employee Numbers Increase

WASHINGTON (AP) — An increase of 26,537 in the number of civilians on federal government payrolls during the fiscal year just ended was reported today by Sen. Harry F. Byrd, D-Va.

Most if not all the increase may have resulted from President Johnson directive to find jobs for young people under the "so-called youth opportunity campaign," the senator said in a statement.

Mallard ducks are also known as greenheads.

Throw-Out Bearing

Willis K. Ayers of 10 Antonette Avenue, San Rafael, told police Tuesday that someone stole a throw-out bearing from his motor scooter while it was parked against the rear of the Odd Fellows Building at 1520 Fifth Avenue during the day.

WARDS INVITES YOU TO SEE THE NEW BEAUTYREST, MADE ONLY BY SIMMONS

We think you are! We think you're missing the best night's sleeping a body ever had, the wonderfully refreshing, buoyant body supporting rest that only Beautyrest can provide. There must be a good reason why so many people in our town along with millions of others throughout the world have bought Beautyrest. And there must be a reason why these same people were willing to invest the penny more a night it costs to own a Beautyrest. Here's the answer. These folks know the luxurious comfort provided by Beautyrest's independent acting, individually pocketed coils . . . single bed comfort even in a double bed . . . and those coils never, never sag. They also know Beautyrest is economical to own, lasts three times longer than ordinary mattresses as proven by Nationwide Consumer Testing Institute durability tests. So don't miss out on perfect sleeping any longer. Come in today for your Beautyrest.

THIS COULD START A FAD

Scott Flanagan, 13, (left) and his pal, John Wyatt, both of Huntington Beach, today demonstrate Scott's invention, which he describes as kinda like a moon thing." It is like a large barrel stave with a footboard nailed across the middle. Once the boys get their pitch and balance resolved, they can swing up to six feet into the air without falling. Onlookers are not identified.

(AP Wirephoto)

Legislature's Distribution Is Defended

SACRAMENTO (UPI)— Gov. Edmund G. Brown has defended the apportionment of the Assembly and the legal authority of the Senate.

Brown took his position in statements filed yesterday with the California Supreme Court in reply to two reapportionment suits. They also were signed by Secretary of State Frank M. Jordan and Atty. Gen. Thomas C. Lynch.

One suit, filed by attorney Phil Silver and his son, Robert, asked that the 1966 Assembly elections be delayed until the 80 districts were realigned on a one-man, one-vote basis.

The other suit, by San Francisco attorneys Philip Adams, Edward N. Thomson and Roland Adickes, asked that all the Senators be thrown out of their jobs and new elections be held to fill the posts. The lawyers charged that the Senate was an invalid body because it failed to meet a July 1 reapportionment deadline.

Brown, Jordan and Lynch conceded that current Assembly districts are not exactly equal in population but said, "They are as nearly of equal population as practicable, and this is the most the U.S. Supreme Court decisions . . . require."

Defending the Assembly, they pointed out that Los Angeles County, had about 38 per cent of the state's population and had 38.7 per cent of the Assembly districts.

They said, however, that if the court did desire a change, it should merely "fix a reasonable time within which the legislature must reapportion Assembly districts" and indicate which sections of the California Constitution could be ignored.

Concerning the Senate, the three officials said: "The U.S. Supreme Court has not held that a decree invalidating an apportionment has the effect of vacating the office of legislators elected pursuant to the invalid law.

"On the contrary, it has been generally held that a court's decree of invalidity affects neither the power of a legislature to adopt new legislation, nor the validity of legislation previously adopted. The decree operates only as to future elections."

Sausalito Thespians Agree To Aid Burned Book Store

Books piling up at the Sausalito Post Office to re-stock the burned-out Tides Book Store will be stored temporarily in the Sausalito Little Theater.

The decision was made last night in a good neighbor gesture by the theater's board of directors, who agreed to close completely the summer melodrama production, "Under the Gaslight," to store the new books ordered by owner Herbert Beckman for the Tides.

The play was closed by the fire but was due to re-open tomorrow. Penny Vieregge, board president, said the theater is now to start work on "Juno and the Paycock" for the third week in August, by which time the Tides is expected to be reopened.

There will be a book fire sale by the Tides this week end at the old Purity store on Bridgeway.

Office Desk Rifled

Burglars broke a $75 plate glass window to steal $3 from a desk in the Ira W. Coburn, Inc., office at 186 Woodland Avenue, San Rafael, Monday night. Martin H. Moder, manager of the office, reported the theft to San Rafael police Tuesday.

Nightriders Slay Georgia Teen-Ager

AMERICUS, Ga. (UPI) — A 19-year-old white youth died today from two bullet wounds in the head fired by nightriders in a speeding car. Police arrested two Negro suspects after the car crashed in a high speed chase.

The victim, Andy Whatley, was gunned down within ear shot of a group of civil rights demonstrators who had camped out for the night across the street from the Sumter County Courthouse.

Police refused to identify the two suspects. They were transferred to the county jail where four Negro women, whose arrests more than a week ago touched off the demonstrations, are being held.

It was the first real outbreak of violence during 10 days of demonstrations in this southwest Georgia city. State troopers and local officers, armed with riot guns, were successful until shortly before midnight in keeping opposing factions apart.

Whatley was shot twice shortly before midnight. He slumped critically wounded in a street where he had been standing with a group of white youths. He was rushed to a hopsital in Albany, Ga., 35 miles away in a vain attempt to save his life. He died five minutes after arrival at 3:10 a.m. EDT.

Negroes huddling in the rain at a parking lot at the Sumter County Courthouse ended their scheduled all-night demonstration after learning of the shooting and Whatley's death.

The shooting occurred at the corner of Lamar and Hampton Street about midnight EST. It was the same spot where an hour or so earlier whites had pelted passing Negro automobiles with bottles and rocks.

A witness, Larry Dozier, also 19, said he, Whatley, and several other white youths were standing on the street corner in this tobacco and farming city of 12,000 when an automobile carrying two or three Negroes sped by.

"Somebody started shooting and I heard about three shots," Dozier said.

"As the car sped away a white man stepped out in the street and fired at the car." Dozier said the man emptied the gun.

Negroes have been demonstrating in protest of the jailing of more than a week ago of four Negro women who tried to move into white lines to cast their ballots in a justice of the peace election. Only yesterday a federal judge ordered Sumter County officials to release the women and abandon segregated voting lines.

Some three hundred Negroes marched to the courthouse last night under a heavy guard of policemen wearing hard hats. When they arrived a their destination, a parking lot at the courthouse, they found it occupied by jeering whites.

Police eased the crowd to a new area and avoided a possible clash between the two groups.

A few hours later the shooting came.

Elsewhere:

Bogalusa, La.: Civil rights workers were handed a setback when rain cancelled a scheduled march on city hall.

New Orleans: A federal judge refused to issue an injunction enjoining five Bogalusa restaurants for refusing to serve Negroes. However, Judge E. Gordon West set a hearing for Sept 22 on the merits of the case with the hope that the defendants would abide by the law by that time and the trial would not be necessary.

Cleveland: Dr. Martin Luther King Jr. continued his whirlwind drive to encourage Negroes to register to vote yesterday in a series of neighborhood visits and speeches. A doctor has warned King "to take it easy" for a few days because of overwork.

Youthful Fashion Model Truly Frank

ASPEN, Colo. (AP) — Models appearing at a fashion show followed the traditional pattern of approaching the hostess, giving their names and commenting on their outfits. This went on in orderly manner until a boy appeared clad in Alpine-style short leather pants with leather suspenders. After giving his name, the boy blurted out in a Texas drawl:

"I wouldn't be caught dead in this in Houston."

BREAKS NECK — Veteran character actress Ann Doran suffered a broken neck Tuesday in a freak accident on set of new television series, "My Mother, the Car," being filmed in Hollywood. An electrician fell from a 15 foot ladder and landed on her. She will be inactive for three to six months. (UPI Telephoto)

Cardinal Leads Last Rites For Slain Clergyman

LOS ANGELES (UPI)—James Francis Cardinal McIntyre presided over the requiem mass for slain priest John B. Thom yesterday at the same altar where he ordained the priest six years ago.

The eulogy at the altar of St. Vibiana's Cathedral — heard by more than 2,000 mourners, including 900 priests and 700 nuns —was spoken by Bishop Timothy Manning.

Father Thom, 32, was shot last Friday while talking with a 55-year-old divorcee from St. Louis, Mo., in a room adjacent to the Cardinal's office. Mrs. Dorothy Bressie faces a preliminary hearing Aug. 4 on charges of killing the priest.

Interment was in the priests' plot in Holy Cross Cemetery.

Darryl Zanuck Fights Federal Tax Claim

WASHINGTON (AP) — Hollywood producer Darryl F. Zanuck is protesting a government claim that he owes back income taxes. He says he should be getting a refund.

The 20th Century-Fox executive petitioned the U.S. Tax Court in Washington to set aside the Internal Revenue Service's finding that he owes $51,377 for the years 1959-61. Instead, Zanuck wants a refund award of $21,602.

Water Board Scraps Two Old Reservoirs

Abandonment of the Mill Valley reservoir and the Moore Hill reservoir in San Rafael was approved by the Marin Municipal Water District board yesterday.

The Mill Valley reservoir, built in 1905, will be replaced by two four-million-gallon capacity steel tanks, said William R. Seeger, district general manager. Excavation for the first tank will begin this year.

"In order to insure water quality and end the potential hazard caused by the open reservoir, the board decided to abandon it," Seeger said.

The Moore Hill reservoir, at the end of Reservoir Road, was drained about a year ago because it had deteriorated, Seeger said. The land will be put up for sale in a few months.

The Marin Municipal Water Board Also:

1. Awarded a contract for installation of an 18-inch water line on the old railroad right-of-way between Tunstead and Bolinas avenues in San Anselmo to Leonard Construction Co. of Aptos at $20,262.50, lowest of four bids received.
2. Awarded a contract for asbestos-cement pipe to John Mansville Co. of San Francisco at $94,280, lower of two bids.
3. Approved plans and specifications and called for bids on five welded steel water tanks. Location and capacity of the tanks will be: one and one-half million gallons in the Strawberry area; 250,000 gallons at the Hamilton Avenue site in Tamalpais Valley; 500,000 gallons in the Mesa Vista area in San Rafael; 150,000 gallons on Fawn Drive in Sleepy Hollow, and 200,000 gallons on Chula Vista Drive in San Rafael.
4. Approve purchase of five mobile radios for use in the district office and vehicles at $584 each.
5. Approved purchase of a 12-inch propeller-type meter from the Badger Meter Co. of Covina for $648, lower of two bids.
6. Renewed a $750 annual permit for cutting of greens on district-owned land by Western Evergreen Co. of San Francisco.
7. Approved a 300-foot fire line extension agreement with the City of San Rafael for a line on West End Avenue.

Chilean Artist Now Working In Sausalito

A painter from Vina del Mar, Chile, has begun a charcoal portrait business in Vina's sister city, Sausalito, after coming to California by a roundabout way.

He is Hellmuth Bornemann, 27, mustached, short-bearded and voluble.

"I want to meet the public of Sausalito," he explained when questioned about his portrait work. "I have done this all around the world."

He said he lived one year in Paris by painting, then traveled around Spain and Italy prior to coming to San Francisco 25 days ago. He works week ends in Sausalito, drawing on the stern end of the ferry boat, Berkeley, which houses the Trade Fair.

He had his own studios for painting and ceramics work in both Vina, where his parents reside, and neighboring Valparaiso.

San Diego Lawyer Is Named Appraiser

SACRAMENTO (AP) — John C. McDevitt, a San Diego attorney, has been appointed a state inheritance tax appraiser, State Controller Alan Cranston said today.

McDevitt replaces D. V. R. Manley, who served as a tax appraiser for six years before his death earlier this month.

MEN LOSING EXCLUSIVE LUNCH SPOTS

SAN FRANCISCO (AP)—Women for Equal Eating threatened to invade more of San Francisco's all-male saloons today after victoriously picketing the financial district's 42 Club.

The modern suffragettes were allowed yesterday to enter the bar-restaurant any day after 3 p.m. They had picketed the men-only club with the help of sympathetic males for only a half hour before owner Milos Stika surrendered.

Picketing began Tuesday as the girls attempted to stage a drink-in.

Bricks, Fists Fly Outside Struck Los Angeles Plant

LOS ANGELES (AP)—More than 160 policemen were needed to quell a riot early this morning when 800 strikers and workers clashed at the Harvey Aluminum plant in suburban Torrance.

At least two persons—including a policeman—were injured and five others arrested shortly after the midnight battle, police said.

Officers gave this account:

An estimated 500 striking employes were present outside the plant when the shift changed at midnight. Company guards attempting to escort the workers to a parking lot were met by rocks, bricks, golf balls, bottles and cans, police said.

Scores of fights—with combatants using clubs and other weapons—then broke out between strikers and workers, Torrance Police Lt. Swane Johnson said.

Five police cars and an estimated 40 workers' autos were damaged, Johnson said.

Violence has flared several times at the Harvey plant since April 4 when 2,000 AFL-CIO United Steelworkers walked off the job.

The firm is the nation's fourth largest producer of aluminum.

The strike was called after the steelworkers accused the firm of refusing to recognize the validity of a union representation election conducted by the National Labor Relations Board.

Assemblyman Is Acquitted Of Bribery

LOS ANGELES (AP)—A judge who acquitted Assemblyman Lester A. McMillan of a bribery charge was highly critical of the state's system of hiring assemblymen on a part-time basis and allowing them to seek outside work.

Superior Judge Joseph A. Wapner, presiding in a non-jury trial, ruled yesterday that both McMillan and a co-defendant, Philip Froomer, were innocent. McMillan is a Los Angeles Democrat.

The two were accused of soliciting a $10,000 bribe from eight Culver City businessmen to block a proposed freeway routing through their city.

The court sustained the defense position that McMillan was offering to work for the men as an attorney—not as a public official.

Said Judge Wapner:

"Persons hire legislators to go before courts and boards because they can exert influence...

"Few people can live," he said, "on an assemblyman's salary ($6,000 a year plus expenses).

"Since the public hasn't decided to do anything about it, it places the members of the legislature in a terrible position."

The judge suggested that pay for legislators be raised so that conflict-of-interest laws can be passed.

McMillan, 65, has been a legislator since 1942. He said he was delighted with what he called "a fine decision."

Froomer, 62, a shoe store operator, has testified that he was trying to gain employment as a public relations man on the proposed Marina Freeway issue.

The trial took only three days.

Mobile Anti-Aircraft Missile Abandoned

WASHINGTON (AP)—The Army has decided to abandon the Mauler air defense missile project on which it has spent $200 million. It estimated that another $180 million would have been needed to complete development.

"Technical difficulties associated with mounting a fire control radar and guided missile launcher on the same vehicle caused significant delays and increased costs," the Army announced yesterday.

Rides on air & oil

CITROEN gives you a smoother, safer, more comfortable ride than any car, at any price. With CITROEN's amazing Air-Oil suspension, you actually ride on air. Other reasons why you'll like CITROEN: up to 100 m.p.h. performance . . . and 28 to 34 m.p.g. economy; constant level ride with *any* load; sure-footed traction of front-wheel drive; faster, safer stops with proportional braking." See and test drive CITROEN, and you'll see why it's a great car to drive—and own!

United Market In Mill Valley To Get New Name, New Owners

There will be a new name and new owners at the 759 East Blithedale **United Market** in Mill Valley about Aug. 23.

The **Saccones** have sold this unit in their food chain to **Red Cart Market, Inc.**, of San Francisco, a recently formed corporation of **Lum Learn Lee** and his sons **Wilbur, Thomas** and **Wilson.** The Lees own one store in Daly City. The Red Cart in Mill Valley will be the first in a business expansion which will probably see more outlets added later.

Saccone Brothers recently signed a lease for a new market to be constructed in the Bennet Valley Shopping Center, Santa Rosa.

Mrs. Hohlt

Seese

A. G. SCHOONMAKER CO. of Sausalito has announced that four government contracts for the firm's huge, mobile, self-contained generating units totaling nearly 1.25 million dollars, will be delivered during the next 60 days. Deliveries will be made to the U. S. Navy in San Bruno and also in Rhode Island; to the Corps of Engineers in Alaska and to the Panama Canal Co. in Panama.

According to vice president **Halsey Lyon,** the backlog of civilian orders for these portable power units is even heavier than the government contracts—all of which should make 1965 "the biggest year in the company's history, with sales well in excess of $5,000,000."

MRS. DONNA GARRETT of Ross, who has been operating **Herbert's Sherbet Shoppe** in the Corte Madera Shopping Center, is giving up her franchise and retiring — at least temporarily. The store has reverted to owner **Herbert L. Beckner** of Belveron Gardens and will be operated under his supervision until new arrangements are made.

MRS. JOHANNE HOHLT of San Rafael, in charge of data processing files at **Northwestern Savings and Loan Assn.,** San Rafael, has received her naturalization papers, making her a United States citizen.

Formerly of Denmark, Mrs. Hohlt came to Northwestern three years ago as **Johanne Vestergaard.** She married **William Hohlt** of San Rafael in May, 1964.

DONALD E. SEESE of Greenbrae, controller at the **Bank of California** in San Francisco, has been elected president of the San Francisco chapter of the Budget Executive Institute. Seese joined the bank in 1961. He is also secretary of the National Society of Business Budgeting and a member of the California Society of Certified Public Accountants.

TWO MARIN MEN — Emile Bugna of San Rafael and **Donald O'Rourke** of Marinwood—are reported by **W. C. Trowbridge** as co-purchasers of his Rio Nido Resort complex on the Russian River, teamed with William Ferrua and George Lee of San Francisco. Extensive renovations are planned.

REAL ESTATE LOANS in the county during June increased considerably over the preceding five months of the year, and substantially over June, 1964—$33,572,870, compared with $20,765,030. Last month's bank loans were higher than usual, accounting for about 47.5 per cent of the total.

Loans for the first six months of the year are now just a shade ahead of those for January-June of last year.

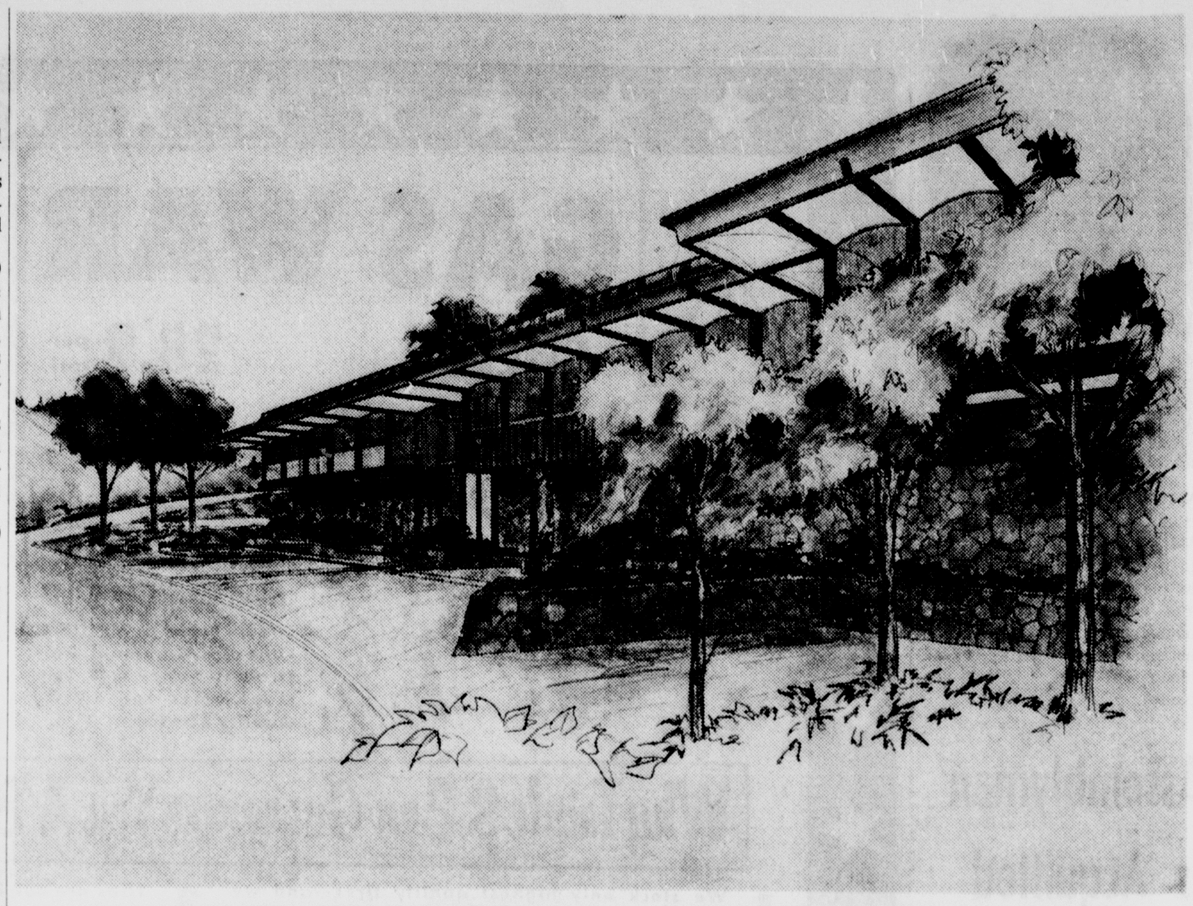

General Motors Reports Record Quarter Sales

NEW YORK (AP) — General Motors Corp., the world's largest manufacturing concern, has reported record sales and earnings for the three months and six months ended June 30.

The automaker earned $639 million, or $2.23 a share, in the second quarter, compared with $602 million, or $2.11 a share, in the like period of 1964. Sales totaled $5,657,000,000 against $5,082,000,000 a year earlier.

In the 1965 first half, profits totaled $1,275,000,000, or $4.45 a share. This compares with $1,138,000,000, or $3.98 a share, in the 1964 first half.

Sales rose to $11,215,000,000 from $9,868,000,000.

CLUBHOUSE PROPOSED FOR SAN GERONIMO

Plans on this two-story clubhouse designed for the San Geronimo National Golf Course by Robert E. Eklund Jr. of Edward Hageman and Associates have gone out for bid and construction is expected to start in August. Upper floor calls for 9,000 square feet devoted to pro shop, main lounge, cocktail lounge, banquet room, kitchen facilities and tournament locker room. Lower level of 5,000 square meet will contain other locker rooms, general storage area and space for electric golf cart and bag storage. Completion is scheduled for December.

SAN RAFAEL 850 Fourth St.

Another No-Hitter In Little League

Bill Secor, fine throwing right-hander for the Mill Valley National Little League All-Stars, tossed his fourth no-hitter of the season last night, eliminating cross town rival Mill Valley American from the District 3 tournament.

The Nationals won 4-0.

In other quarter-final games last night, Novato crushed Gallinas Valley 11-1, Twin-Cities whipped Sausalito 5-1, and Hamilton-Loma Verde tripped San Rafael National 4-2.

Novato and Hamilton-Loma Verde will battle each other in the Area 1 semi-final game at the Hamilton Air Force Base diamond, and Twin-Cities and Mill Valley National will tangle in the Area 2 semi-final at Joe Wagner Field in Larkspur. Those semi-final games will be tomorrow, both starting at 6 p.m.

Losers of those games will play a runner-up game Saturday at 1 p.m., and winners will go for the title Saturday at 3 p.m., both games slated for the Novato Little League field.

Last night Secor was too much for the Mill Valley American batters, striking out 12 on his way to the no-hitter. He had pitched three no-hitters in regular league play this year.

Bobby Gerrish and John Melvin knocked in all of Mill Valley National's runs, Gerrish with a solo homer and double, and Melvin with a triple and single. Also getting extra base hits were George Kewin and Secor, each with a double. The winners totaled nine hits off losing pitcher Mike Johnson.

Independent-Journal Sports

18 Thurs., July 29, 1965

Stan Erickson, the big boy of the Novato pitching staff, allowed only three hits and got that many with his bat, collecting three singles good for two runs batted in. The 185-pound righthander struck out 10 and walked three.

John Loeber of Gallinas Valley got a triple and Novato's Tom Nelson cracked a double, the only extra base hits of the game. Novato's big inning was the third when it scored six runs.

Ross Gondak twirled a three-hitter for Twin-Cities in its win over Sausalito. One of those hits was a home run by Sausalito leftfielder Bill Washington in the second inning.

Two successful double steals in the opening inning provided enough runs for the Twin-Cities triumph. Gondak with two singles and Frank Pomilia with a two-run single paced the T-C attack.

Hamilton-Loma Verde pitcher Dave Perron registered 12 strikeouts and didn't walk a soul to lead his team to victory. He allowed only three hits. One of those hits was a powerful two-run homer by San Rafael pitcher Bruce DeAmbra in the sixth inning.

Ron Budde got two of Hamilton-Loma Verde's five hits.

A SECOND GENERATION 49ER CALLS IT QUITS

Rookie linebacker Bill Fisk Jr., son of an original 49er gridder, has decided he is not ready for pro football and quit the San Francisco club's training camp at Moraga yesterday.

Also missing from camp yesterday—but only for the day—was quarterback George Mira who went to Key West, Fla., after learning of the death of an uncle. Mira was expected back at Moraga today.

In a 30-minute scrimmage yesterday, Dave Kopay, the 49ers' top ground gainer last year, went 60 yards for a touchdown and fullback J. D. Smith scored another from two yards out.

Neat Little Package Facing Giants On Coming Road Trip

CONNOLLY

Tomorrow could be the beginning, or the end, of a well-intended shot at the 1965 championship for San Francisco. For the next 10 games, the Giants face their greatest milestone. Four at Milwaukee, three at Cincinnati and three with St. Louis is the neat little package facing our brave warriors from Candlestick Park.

To either keep pace or gain momentum, the Giants have to corral a lot of hitting and some airtight pitching. So far the road record of S. F. isn't too impressive. The Giants have won 21 and lost 23 games. At home they've faired better, with 31 wins and 20 losses. Also it is interesting to note that day games favor the S. F. outfit. It has won 29 against 23 losses campared with 23 and 19 under the arclights.

Sometimes a ball club picks up momentum on the road and it might be just that way with the Giants. At least it is hoped for, anyhow.

THE JURY wasn't out very long before clearing Warren Spahn as a bona fide member of the Giants pitching staff. Old war horse that he is, the cagey southpaw pitched magnificently against St. Louis, only to fall heir to some sloppy fielding and pathetic hitting by his teammates. The same virus that has stalked the Giants all season—not hitting with men on bases—is back again, in full force.

Out of the maze of controversy over the signing of Spahn is a new twist. It now develops, and is verified by Giant bosses, that Spahn wasn't signed for relief pitching.

"We never obtained Spahnie to be a relief pitcher," says Manager Herman Franks. "He was acquired to be a starter, to go as far as he could, and then we'd take over when circumstances called for him to be taken out."

SO THAT revelation, quite at odds with earlier stories, puts a new twist on things. To begin with, it would seem an admission that the highly expensive farm system to develop young players is wavering when the club has to fall back on veteran castoffs to prop it up in tight spots.

The big fault in such reasoning, however, is that hitting, and not pitching, is to blame for the present plight of the Giants. Altogether too much emphasis has been directed toward shaky pitching, when as a matter of fact, there is nothing at all wrong with that particular department.

BIG BATTING guns of the Giants roar one day and are silenced the next. Willie Mays, the spark plug of the Giant offense, is playing under a handicap and Jim Hart is trying to play third base with a bum shoulder which has seriously affected his throwing. Why he is given the nod over Davenport under such conditions is puzzling, to say the least.

Maybe now that Orlando Cepeda is shelved again the club might make a more intensive search for somebody to take his place. To lose a hitter of Orlando's type all season is almost fatal for a pennant aspiring team. And denials to the contrary, it looks now like Cepeda is lost for the entire season. Which is tragic, not only because of his loss to the club but to his own career. A year layoff is usually death to a star's career. Not many of 'em come back when halted in the height of their playing days.

TWO DOWN EQUALS ONE OUT — Giants leftfielder Jim Ray Hart and shortstop Dick Schofield (15) collided while chasing pop fly off bat of St. Louis' Tim McCarver in third inning of yesterday's game at Candlestick. Hart held onto the ball for the out. (AP Wirephoto)

Linzy Powers Giant Victory—Linzy?!

SAN FRANCISCO (UPI)—Willie Mays is mired in another second-half slump but have no fear—Linzy's here!

Frank Linzy, the San Francisco Giants' sinker ball relief pitcher, banged a home run and a single yesterday to help them outlast the St. Louis Cardinals 8-5 at Candlestick Park.

The big right hander's surprise heroics came a couple of hours after Herman Franks learned that Orlando Cepeda would skip the coming road trip because his injured knee is hurting again.

Mays, in the meantime, now has gone hitless in his last 22 times at bat. During the home stand which ended yesterday, Willie batted .128 and has not driven in a run since July 8 when he hit his 23rd homer of the season.

But along came Linzy. He belted a home run off Ray Washburn to start the seventh inning with his first hit in the majors. Then he added a line single off Ray Sadecki in the next frame, put down a Cardinal rally in the seventh and shaved his earned run average to 1.61.

The Giants are idle today then open a nine-game junket tomorrow night in Milwaukee.

"How do I size up the trip?" Franks roared to a questioner. "I'll let you know when we get back on Aug. 9."

Ron Herbel, with the aid of a five run burst in the second inning, stayed around until there were two out in the sixth and was credited with the first win of his career against the Cards. They had beaten him five times.

While Herbel's record moved to 7-5, Tracy Stallard of the Cards saw his own drop to 7-4.

The former Boston Red Sox and New York Met hurler gave up all five runs in the second which included a bases loaded walk to the weak-hitting Herbel. Then Dick Schofield and Jim Davenport singled and tripled respectively to knock across two more runs apiece.

The Cards never caught up after that but they chased Herbel while scoring three unearned tallies in the sixth which the pitcher himself set up with an error.

With the score 5-3, the Giants increased their margin in the sixth on a double by Willie McCovey and Jim Ray Hart's single. Then Linzy stepped up in the seventh and amazed the world.

At least, it was amazed until after the game when he disclosed that he used to be a minor league outfielder before taking up pitching.

"I'm strong enough to get one over the fence—if I can hit it," he admitted with a smile.

BOSTON EYES 28-FOOT JUMP AGAINST RUSSIANS

By WILL GRIMSLEY

KIEV, U.S.S.R. (AP) — The 28-foot mark is Ralph Boston's long jump goal in the Soviet-American track and field meet here this weekend — and he thinks it possible.

"Everything must be just right — conditions, weather, my takeoff and landing," the wiry Tennessee A&I world record holder said today.

"I feel great but I must improve my landing soon. I don't know what it'll take to win but I hope I've got it. I want to keep my record clean against Ter-Ovanesyan."

The duel between Boston and Russia's Igor Ter-Ovanesyan offers one of the featured sidelights of the annual meeting of the two big track powers Saturday and Sunday in Kiev's Central Stadium.

Boston never has lost to his Soviet rival outdoors. He holds the world record of 27 feet 4¼ inches, set at Los Angeles last September. Ter-Ovanesyan's best this year is 26 feet 1½.

Boston's enthusiasm and Randy Matson's continued power with the 16-pound shot are the two brightest spots in American preparations.

On the darker side are doubts about U.S. strength in the distance races, where the Russians normally excel.

"I'm worried about our distance boys, in the 5,000 and 10,000 meters," said veteran American Coach Brutus Hamilton of the University of California. "I'm afraid they may have been running too much lately.

"All you have to do is lose one per cent in the distance events and you've had it."

The Olympic champion, Billy Mills of Oceanside, Calif., in the 10,000 meters, and Bob Schul of Dayton, Ohio, in the 5,000, both have been running in Europe prior to coming here. Gerry Lindgren 19-year-old distance ace of Spokane, Wash., is suffering from a bad cold.

Also on the ailing list is Rex Cawley, Olympic 400-meter champion from Los Angeles, bothered with an Achilles tendon. He, too, has been running in Europe.

The Americans got their first look at the 60,000-seat Central Stadium and were generally pleased.

"It is a fine cinder track," said miler Jim Grelle of Portland, Ore., who has run on all the American track teams to come here since the first one in 1958.

"There may be some records. Everyone seems to be running faster this year."

The sensation of the American team is the 250-pound, 6-foot- 6½ Matson of Texas A&M. He put the shot 70 feet 7 inches earlier this year.

Warming up casually yesterday after a long and tiresome plane ride, the Texas muscleman sent the shot over the 65-foot mark five times and had one throw of 66 feet 6 inches.

"I surprised even myself," Matson said afterward.

The U.S. women's team is the youngest ever fielded in the series with the Soviet Union.

Thirteen of its 21 girls are less than 20 years old. The baby is Marie Mulder, a 15-year-old half-mile and mile specialist from North Highlands, Calif.

The squad includes eight AAU champions and two Olympic gold medalists — Edith McGuire of Atlanta at 200 meters and Wyomia Tyus of Griffin, Ga., at 100 meters.

A First! Ann Curtis Team Beaten By S.R.

San Rafael Swim Club had not beaten the Ann Curtis swim team in a dual meet in the San Rafael club's four-year history.

That was before Wednesday. In their latest meeting, yesterday, coach Larry Lack's mermen and mermaids won in rousing fashion, outscoring Ann Curtis' team 400-170 in Redwood Empire Swim League action.

San Rafael triple winners were Tami McDuffie, Tom Panages, Tom Knopf and Cookie Arrighi, and double winners were Mitch Young, Jim Runyon, Joan Morehouse and Craig Bacharach.

Kathy Donovan was a triple winner for the Ann Curtis team of Terra Linda and Carrie Cuneo, Jim Morris and Collie Donovan were double winners.

Other winners were:

San Rafael — Dave Topponce, Lisa Knudsen, Debbie Moore, Mark Thompson, Marshall Gaustad, Kim Knudsen, Bonnie Sluser, Beth Rupiper, Norm Cappen and Clint McDuffie.

Ann Curtis — Susie Cuneo, Jim Allen, Sue Lane, Jim Welp, Emily Thompson, Jeff Brody, Ken DeMont, Rich DeMont and Madge Tufts.

Slugfest In Hub Tourney

Sausalito scored in every inning to win a slugfest from Fairfax last night, 11-8, in Minor Division action of the San Anselmo Invitational All-Star Tournament.

John Johnson and Calvin Eskine hit home runs for the winners and Richard Brown had 3 of Sausalito's 11 hits. Winning pitcher was William Clay.

Fairfax scored 7 runs in the last two innings but could not overcome the big deficit. Bob Christiansen, Jim Severin and George Showner each had two hits for Fairfax.

Tonight in Senior Division action, for boys 13 to 15, it's Calistoga vs. San Rafael, 6 o'clock, at Memorial Park in San Anselmo.

Marin Pirates Win Two Meets

The Marin Pirates won two dual meets in the last three days, whipping the Tamalpais Swim Club 389-157 Monday and the Hamilton Voodoos 420-114 yesterday.

Candy Beeler set two new Drake High School pool age group records and Roberta Shistar one in the Monday meet. Candy's records were the girls 15-17 100-yard breaststroke, 1:14.4, and the 200-yard individual medley, 2:32.3. Roberta's new mark was the Girls 13-14 100-yard butterfly, 1:05.9.

The Pirates and San Rafael Swim Club will go at it next Thursday in a dual meet, this one in the San Rafael High School pool starting at 5:30 p.m.

SOFTBALL

Marin Team Vs. Monterey In Opener

HAYWARD — Sohner Tree Service of San Anselmo drew Equitable Life of Monterey as its first opponent in the double-elimination State Softball Tournament at Hayfard's Patrick Gomer Field this weekend. The two teams will tangle at 6 p.m. Saturday.

Winner of the San Anselmo-Monterey game will play at 3 p.m. Sunday against the winner of a Friday night contest between the top teams from Hayward and Redwoor City. The losers of the two games will play Sunday at 1:30 p.m.

The Hayward tourney concludes Sunday, Aug. 15.

Sohner and the Ukiah Merchants finished one-two in the district finals in Santa Rosa last week to qualify for berths in the state finals.

Junior Olympics At Terra Linda

San Rafael Recreation Department will hold the annual Junior Olympics track and field meet tomorrow at Terra Linda High School, from 12:30 to 3 p.m.

Each park or playground will represent a country in the parade of champions which will begin at 12:30, preceding the track and field events.

Ribbons will be presented to the winners in each event. The Olympic torch will be presented to the park scoring the most points.

NAMATH'S DEBUT—Joe Namath (12), New York Jets' $400,000 quarterback, fakes handoff to Cosmo Iacavazzi (31) and gives ball to Bob Schweickert (20) in second quarter of last night's game in which New York rookies beat Boston Patriots rookies 23-6. (UPI Telephoto)

NAMATH PASSES FIRST TEST AS PRO, LEADS JET ROOKIES

By DAVE O'HARA

LOWELL, Mass. (AP) — The wraps are off Joe Namath and the $400,000 quarterback is airborne in his bid to win a starting job with New York's American Football League Jets.

The 22-year-old former Alabama standout, the highest-priced rookie in pro sports history, made his long awaited debut and turned in a creditable performance in leading the Jets to a 23-6 victory over the Boston Patriots last night in a rookie squad exhibition.

Namath completed his first pass as a pro, a 16-yard shot to Jim Evans, setting up a six-yard touchdown run by Bob Schweickert of Virginia Tech in the first period.

Then the 6-foot-2 aerial artist triggered a 12-yard scoring pass to Evans in the second period and a five-yard clothesline toss to Tom Krzemienski of Michigan State in the third quarter before retiring for the evening.

Although a few of his passes were off intended receivers' fingers, Namath finished with 9 completions in 19 attempts for 106 yards. He had two passes intercepted and took the blame for one claiming he didn't set himself well enough to throw.

"I feel wonderful," Namath said. "The knee feels fine. My performance? That doesn't mean a thing as long as we win. That's all I want to do — win."

Jet Coach Weeb Ewbank was a happy man as he praised Namath.

"He didn't make a single glaring mistake out there and he's going to get better. He was pretty much on his own in calling plays, but he was under orders not to run.

"He moved into his pocket for passes and that's something he learned only last week.

"I'm very satisfied with his showing. It normally takes a quarterback two or three years to develope into a good pro, but Joe could be the big exception."

LIKE UNITAS

Asked how Namath compared with Johnny Unitas, who starred under Ewbank with the Baltimore Colts of the National Football League a few years ago, the New York coach said:

"He's a lot like Johnny. I saw the same things in him as in Unitas. That's why we wanted him so badly."

Ewbank laughed when queried on whether Namath could beat out veteran Mike Taliaferro and 1964 Heisman Trophy winner John Huarte of Notre Dame for the starting job with the Jets.

"All he has to do is get the ball into the end zone more often than the others," Ewbank said. "Whoever gets that ball down there the most will be our starter."

Namath, who underwent knee surgery after signing with the Jets, showed no sign of the old injury. He was belted a couple of times, but hopped up on each occasion.

The Patriots managed only field goals of 42 and 21 yards by Justin Canale of Mississippi State against the New York defense.

Joe Bellino, Navy's All-America halfback and Heisman Trophy winner in 1960, made his pro debut. Discharged from the Navy last week, the 27-year-old Bellino was used sparingly, but was effective in spots. He carried three times for 20 yards and caught two passes for another 25 in flashing some of his old form.

"It was good to get back," said Bellino, who admitted he had a few pre-game butterflies. "I need a lot of work, but I felt great. I feel like I'm 21. I honestly don't feel any different."

Moyer Wins Split Decision

SAN FRANCISCO (AP)—Veteran Denny Moyer inflicted the first defeat on young middleweight Jimmy Lester last night by scoring a split decision in 10 rounds at Kezar Pavilion.

Lester, of San Francisco, with 16 previous victories, had taken an unanimous but hotly disputed decision from Moyer on April 2.

Judges Vern Bybee and Johnny Lotsey each scored 5-4 for the 26-year-old Portland, Ore., fighter. Referee Fred Apostoli of Fairfax saw it 4-2 for 21-year-old Lester.

There were two official knockdowns called by Apostoli, although the crowd of 2,994 thought each was a slip. Moyer went down in the third and Apostoli gave him an eight-count.

Moyer, 158, scored his 43rd victory. He has lost 18 with one draw. Lester weighed 155½.

The gross gate of $9,409 exceeded the $7,088 for their previous encounter.

In preliminaries Dave Reed, 156, Oakland scored a first round knockout over Silky Shelton, 155, San Francisco, in a scheduled 10-rounder.

Pete Gonzalez, 128, San Jose, won a majority decision over Willie Ray, 127½, Los Angeles, in another ten rounds.

THE NATIONAL LEAGUE

Reds' Ellis Stops L. A.

By MURRAY CHASS
Associated Press Sports Writer

When Sammy Ellis retires, he may be the only guy on the block with a sterling silver lunch pail.

The Cincinnati right-hander took another step away from carrying a two dollar pail, outpitching Sandy Koufax in the Reds' 4-1 triumph over Los Angeles last night.

Ellis stymied the National League leaders on four hits while the second-place Reds snapped Koufax' winning streak at 11 and moved to within two games of the Dodgers.

The victory put Ellis in a class with Koufax, Don Drysdale and Juan Marichal, the four being the only pitchers in the majors to have at least 14 victories this season. Ellis now is 14-6 while Koufax is 17-4.

And the showing the 24-year-old fireballer has made is pretty good for a guy who didn't know before the season started whether he would be a reliever or a starter. He did know one thing, though. He didn't want to relieve.

"I don't know any hard-throwing relief pitcher who lasted more than three or four years," said Ellis, who turned in a brilliant bullpen performance last season.

"I want to be around 10 or 15 years, not three or four and wind up carrying a lunch pail. I don't want any part of it."

Ellis had a part of it last year, and the Reds were happy to have a part of him. He was 10-3 over-all but was even better in relief — 7-1 with a 1.62 earned run average.

He was so good, in fact, that pitching coach Jim Turner couldn't say at the start of spring training where Ellis would be used.

"I don't know yet if Sam is a starter or a relief man," Turner said. "But I will bet you one thing — he will last just as long whether he is a starter or a bullpen man."

As far as Ellis is concerned, though, lunch always will taste better if the pail is lined with silver.

In other National League games yesterday, Philadelphia edged Pittsburgh 1-0 in 14 innings, Milwaukee outlasted Houston 6-4, San Francisco defeated St. Louis 8-5 and Chicago swept New York 7-2 and 9-0.

Besides handing Koufax his first loss since May 26, Ellis halted Maury Wills' hitting streak at 20 games. Leo Cardehas homered for the Reds while Pete Rose and Jim Coker each singled in a run. Jeff Torborg singled in the Dodgers' run in the fifth.

Philadelphia and Pittsburgh battled through 13 scoreless innings before Don Schwall walked three Phillies in the 14th and Alex Johnson beat out a two-out infield single, driving in Cookie Rojas. The Pirates managed only five hits off Jim Bunning and Jack Baldschun.

The Braves boosted their record since the All-Star break to 13-4 as Denis Menke drove in two runs with a homer and a single and Ty Cline rapped three hits. Billy O'Dell saved Ken Johnson's 11th victory against five defeats by pitching out of a bases-loaded jam in the seventh.

Dick Ellsworth 12-6 stopped New York on seven hits in the first game and received support from two-run homers by Ernie Banks and Ron Santo. Banks, whose homer was his 17th, singled before Santo connected for his 21st.

Larry Jackson, 9-13, posted his 12th career victory over the Mets with a five-hitter in the nightcap. Billy Williams backed him with three hits, including a homer, and three runs batted in.

AMERICAN LEAGUE RACE

A Jolt For Minnesota As Twins Lose Pascual

By GEORGE C. LANGFORD
UPI Sports Writer

Ever see a pennant walk off a pitching mound?

That's what Minnesota Manager Sam Mele envisioned last night when the Twins' ace righthander Camilo Pascual stepped off the mound and motioned to the dugout for him.

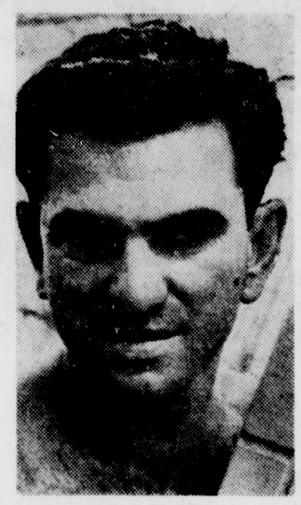

Pascual was in the midst of pitching his best game in more than a month when he suddenly called Mele to the mound. Pascual said he couldn't pitch any more, that his arm bothered him too much.

Off he walked with a perplexed Mele trailing behind, watching the Twins' winningest pitcher for the last five seasons clutching his right elbow. He had allowed Washington only two hits and had a 3-0 lead when he left with two out in the fourth.

Dr. George Resta, team physician for the Washington Senators, examined Pascual and recommended immediate surgery to remove a tumor on the back of his pitching arm.

Gary Roggenburk took over for Pascual and pitched the last 5 1-3 innings as the Twins defeated the Washington Senators 8-1. But Mele was visibly depressed by the news of Pascual's tumor and the dressing room of the American League leaders was as quiet as a tomb.

"I'd rather not talk about it just now," Mele said. "I called Mr. (Cal) Griffith (the Twins owner) and discussed the situation with him and asked him for a replacement for Pascual. "What can I say," he shrugged.

CAMILIO PASCUAL
May face surgery

ORIOLES WIN

In other A.L. games, second-place Baltimore remained four games behind the Twins by stopping Los Angeles 5-1, Cleveland downed Chicago 4-2, Boston blanked Kansas City 6-0 and Detroit edged New York 4-3.

Griffith and the Twins' doctor were expected to reach a decision today whether to go ahead with the operation, which would sideline Pascual for at least two weeks and possibly longer. Pascual won his last game on June 8 and has pitched only 25 innings since then, losing three.

Harmon Killebrew slugged his 22nd home run and Tony Oliva collected five hits for the Twins, who tagged Washington starter Phil Ortega with his ninth loss in 20 decisions. Oliva's barrage raised his batting average to .308. He also stole two bases and scored three times.

Dick Brown's two - run double drove in the winning run for Baltimore in a three-run seventh and the Orioles added two more tallies in the eighth. Fred Newman, the Angels starting hurler, accounted for Los Angeles' only run with a homer. Steve Barber worked the first eight innings to win his ninth.

Fred Whitfield's two - run homer broke a 2-2 tie and gave the Indians and reliever Gary Bell the victory. The loss went to Joe Horlen and was the ninth in 10 games for the slumping White Sox. Larry Brown had tied the score in the seventh for Cleveland with a squeeze bunt.

Norm Cash belted a three-run homer off reliever Steve Hamilton in the eighth inning to bring the Tigers from behind. Jack Cullen, making his first major league start for the Yankees, had blanked the Tigers on five hits for seven innings before he gave up a single and triple in the eighth. Dave Wickersham, with an assist from Terry Fox, was the winner.

Bill Monbouquette scattered eight hits and Lee Thomas and Carl Yastrzemski hit home runs for the Red Sox, who also suffered a blow as Tony Conigliaro suffered a hairline fracture of the right wrist when he was hit by a pitched ball in the fifth inning. He will be out of action at least 10 days.

NICKLAUS STILL TOPS, BUT . . .

Casper Shoots For No. 1 Spot In Pro Pay Parade

HARRISON, N. Y. (UPI) — Four top pros led by defending champion Tony Lema have a chance to displace big Jack Nicklaus as the leading money winner of the year in the $100,000 Thunderbird Golf Classic starting today.

With a $20,000 jackpot going to the winner after Sunday's final round, both Lema and Bruce Devlin of Australia could take over the money lead if Nicklaus finishes fourth or worse.

Billy Casper, of Peacock Gap, San Rafael, Calif., winner of the end, can make No. 1 if Nicklaus finishes sixth and Gene Littler, the 1962 Thunderbird champ, could be the top man if Nicklaus is seventh.

Lema was a slight favorite over the 6,573-yard par 72 west course at the Westchester Country Club where last year he bested Mike Souchak in a head-and-head duel down the final nine for the $20,000 prize.

"I've always liked this course," said Champagne Tony, who appeared well-rested from tournament pressure after a week of appearances and exhibitions in this area.

The scoring, however, was expected to be sensational since the field of 150 included all the aces from the money-winning lists plus the always-dangerous Arnold Palmer and Bobby Nichols.

U.S. Open champion Gary Player, of South Africa, Bob Charles of New Zealand and Devlin, Kel Nagle and Bruce Crampton of Australia give the foreign entry a good chance to score heavily.

All-Star Gridders Collide

LOS ANGELES (UPI)—The Southern California high school All-Stars will have to overcome two injuries and a bigger North team tonight in their bid for a third straight win in the 14th annual Shrine Charity Game at the Coliseum.

The South, holding a 7-4-2 series edge, and the North, which holds a 12-pound weight advantage per man, are both gifted with track team speed. Last year the Southereners blitzed their foes 41-0, but the Northern team came up with four sprinters in the backfield this time around.

The south has a quicker line, however, led by CIF player of the year George Buehler (6-2), 235) of Whittier, which may give it the advantage it needs.

Tonight's series renewal is expected to attract more than 50,000 spectators for the first southland football game of the season.

The Southern squad lost fullback John Keithly of Long Beach Wilson with an injury, while Loyola High's Mike Bergdahl, who scored 27 touchdowns last season, has been bothered with an old knee ailment.

Gene Washington of Long Beach Poly, the starting Southern quarterback, will still have a talented crew of runners to direct, led by his teammate Al Nichols. The quick halfback broke all of Willie Brown's rushing records at Poly. Terry Pierson of Los Angeles high will be at slotback, while West Covina's Sam Cooper will open at fullback.

Southpaw Mark Marquess of Stagg High in Stockton drew the starting call at quarterback for the North. He'll be joined in the backfield by Selma's halfback star Rick Bennett, who scored 27 times last fall; slotback Nate Kirtman of Antioch, and fullback Jerry Belcher of Red Bluff.

Merced high's halfback, Rod Ellison, who won't start, is a 9.6 100-yard dash man.

SPORTS BRIEFS

Wednesday's Sports In Brief
By The Associated Press

GOLF

BENTON HARBOR, Mich. — Bill Newton of the University of Michigan took the first day qualifying lead in the Western Amateur with a one-under-par 71.

DUBUQUE, Iowa — Jacque Fladoos of Dubuque upset Carol Sorenson, the defending champion from Janesville, Wis., in the second round of the Women's Trans-Mississippi Tournament 3 and 2. Janis Ferraris of San Francisco also advanced.

HARRISON, N.Y. — Miller Barber of Shreveport, La., and George Knudson of Toronto tied for low pro honors with seven- under-par 65s in the pro-am tourney preceding the start of the Thunderbird Classic.

DALMAHOY, Scotland — Ray Floyd, St. Andrews, Ill., shot a seven-under-par 65, but the United States lost to Britain, 27-12, in the Little Ryder Cup competition in Scotch foursomes and singles.

TENNIS

SOUTH ORANGE, N.J. — Ray Moore of South Africa upset Charles Pasarell of Puerto Rico in the third round of the Eastern Grass Court Championships 4-6, 8-6, 6-4.

HORSE RACING

NEW YORK — Determined Man, $62.60, got up in the closing strides for a neck victory over Kilmoray in the Gravesend Handicap at Aqueduct.

CHICAGO — Royal Julep, $16.20, won the Meadowland Handicap at Arlington Park by a length over Precious Gift.

Stanton, Del. — Peter Ruby, $15.40, took the Victoria Park purse by a neck over Let's Hurry over a sloppy track at Delaware Park.

OCEANPORT, N.J. — Cenie's Pride, $5.20, beat sacred river by a half-length in the Midsummer Hurdle Handicap at Monmouth Park.

SALEM, N. H. — Rak Kessef, $7.40, beat Parawolf by a nose in the Mt. Washington Purse at Rockingham Park for his third in a row at the meeting.

DEL MAR, Calif. — King Blenheim, $5.60, beaten a head by Without Fail in the feature at Del Mar, ws moved up to first when Without Fail was disqualifed and placed second.

Ex-President Next Mexican Sports Czar?

MEXICO CITY (AP) — A former president looms as Mexico's first unofficial sports czar.

He is 55-year-old Adolfo Lopez Mateos, president from 1958 through 1964 during which time he helped get the 1968 Olympic Games for Mexico. He has been an ardent sportsman since youth.

He was named president of the Mexico Olympic Organizing Committee by President Gustavo Diaz Ordaz amid wide publicity and predictions things would hum from now on.

It was reported Lopez Mateos was reluctant to take the Olympic post but he said it was a responsibility he could not ignore.

But how about the sports czar title?

After coming out of a half-year's virtual retirement to take over the Olympic post, he was almost immediately called on to take part in other sports events.

Lopez Mateos was asked to make the draw in the American Zone Davis Cup semifinals between Mexico and New Zealand, which Mexico won 5-0.

A week later Lopez Mateos threw out the first ball opening the Little League baseball tournament.

These were not part of his Olympic responsibilities but he has become so associated with sports in the minds of most Mexicans that he is approached — and so far has accepted — all these extra jobs.

It seems almost certain he will play a prominent role in various sports events from now on.

Still to come are auto racing events, soccer tournaments, boxing bouts and many other sports activities. ALM, as he is called, is expected to be on hand.

Gilchrist Finally Signs With Denver

GOLDEN, Colo. (AP) — Fullback Cookie Gilchrist ended his holdout with the Denver Broncos of the American Football League today.

A joint announcement by the management of the club and Gilchrist and his attorney after a conference lasting until 2 a.m. said there would be no change in Cookie's contract and a fine of $100 a day for missing eight days of practice at the training camp here would stand.

Gilchrist, acquired by Denver from Buffalo at the end of last season, had signed for $37,500 annually plus a $5,000 annual bonus and other benefits.

The big fullback came to Denver last Sunday and demanded that he be traded to Oakland of the AFL, claiming the Broncos were going to play him "under suppression."

The Denver club countered with a $400,000 breach of contract suit.

Cookie said today: "What's past is past. The present begins when I step out on the football field."

The FISHIN' FOOL

By RALPH STEVENS
I-J Fish and Game Writer

Two High School Boys Latch On To A Five-Foot Thresher Shark

STEVENS

It is said that "variety is the spice of life," hence one must conclude that two high school students, Tom McGurdy and Larry Myers, are fond of spices. Not content with a striped bass, a salmon or a flounder, the two boys landed a nice specimen of Alopia vulpinis, off Bay Farm Island. The fish, better known as a "thresher shark," measured five feet, at least half of which was an elongated upper lobe of the tail fin. Why the huge tail? The better to herd a school of smaller fishes by swimming round and round the school, always threshing the water with the tail. It is a documented fact that thresher sharks frequently use the giant tail to down sea birds, and then gobble them up. The five-footer the boys caught is a young one, judging by the fact that the species grows to 20 feet or more with at least half being tail.

READERS OF THIS column may remember we mentioned that a south county angler landed a world record thresher shark in August, 1958. E.G. Volpe caught his fish on 20 pound test line which placed him in the World Record Marine Fish class. Volpe's fish weighed 81 pounds, 8 ounces and measured 6 feet, 7 inches. The heaviest thresher was caught off New Zealand in 1937, by W. W. Dowding. It weighed 992 pounds and was taken on line that tested 130 pounds.

So much for thresher sharks. Congratulations to McGurdy and Myers.

GENERALLY SPEAKING, salmon trolling outside the Gate remains spotty, but the fish taken are large.

Talking to men at Caruso's Sausalito harbor I was told that one boat on Monday docked with only five salmon but they ran to 35 pounds, and a second boat landed four salmon, all large ones.

Always there are one or two boats, however, that do better than the rest. From Lee Anderson's shop in Oakland, the boat, Wilma H, unloaded 16 salmon to 33 pounds — taken off Slide Ranch. The good ship, Chinook, netted seven salmon to 33 pounds (five of the catch went better than 25 pounds) on Sunday, and boated nine to 22 pounds on Monday. Lee's also reported the Lancer with five halibut to 23 pounds off Seal Rock, and the Sunfish with an estimated 600 pounds of rockfish, two halibut to 23 pounds and one 16-pound bass at Point Bonita.

THERE IS WEEPING and wailing and curses galore among the commercial fishermen over the death of the "Anchovy Bill," but we're glad, aren't we?

Deer slayers take note: According to the Department of Fish and Game boys in the field, the buck kill in Sonoma County is expected to be below the 1963 total of 1,387. "There are no lands in Sonoma County open to public hunting," reads a release from the DFG. Hence it behooves nimrods to contact landowners for permission to hunt.

862 Top Series At Country Club Bowl

Butch Bowden and Madeline Jackson were the hot-shot bowlers for the past week of league action at Country Club Bowl in San Rafael.

Bowden rolled games of 212-203-203-244 for a nifty 862 series in the 540 Trios League and Madeline recorded a 246 game and 609 series in the Sleepers League.

It was a hot night in the 540 Trios, as Bill Decarsky rolled an 830 series, Bill Rhodes, 829, and Dick Treadway, 823. Jim Hart of the same league rolled the week's top game, a 257.

Trailing Madeline Jackson's big 246 game was Shirley Campanella of the Belles and Beaus League with a 229.

Top scores at Country Club Bowl:

Keglerettes—Edna Meloni, 214-488; Linda Azevedo, 475.

Splinters — Charles Ghingher, 205.

Toppers — Colin Rose, 202; Fred Fredieu, 201; Cathy Degard, 198.

Mighty Misses—Judy Sasselli, 476; Jean Joseph, 191.

Sleepers — Madeline Jackson, 246-197-609; Virginia Kirland, 504; Ev Frager, 496.

Greek Letter Day Held At The Center

ENJOYING cool shade under polka-dotted umbrellas at yesterday's Marin County Panhellenic and Northgate Group luncheon and fashion show at the Marin Art and Garden Center in Ross are Mrs. Harold Elliott and her guests, clockwise around the table, Mesdames Ray Nolan, left foreground, Peter Schubert, Elliott, Harry Kolb, William Vaning and Harry Johnson.

RICHARD DWYER, ice skating star, greets his hostess, Mrs. Roy A. Brown, at the luncheon honoring her granddaughter, Karen Brown, which was attended by Karen's family including her cousin, Jan Leibert, and Marin debutantes.

DIRECTING LUNCHEON guests who had been served punch was Mrs. Melvin Duncan, hostess, with Mesdames, from left, John Rolling, Don McCarthy and Walter Connors.

MRS. WISHARD A. BROWN with her daughter, Karen, (petting poodle Yancey) and another deb, Diane Cabaud, chatted with Mrs. Louis Cantel Jr., a model in the show for Alpha Omega Pi sorority. (Independent-Journal photos by Bob Hax)

PARIS: Intending to view the new fashions of designer Jules Francois Crahay, actress Carroll Baker instead is studied by Crahay. Wearing a pink dress with an astounding neckline that plunges almost as far sideways as it did down. Miss Baker's outfit is considered unfashionable. Crahay, however, didn't seem to mind.
(UPI Cablephoto)

Film Actress Unstylishly Upstages

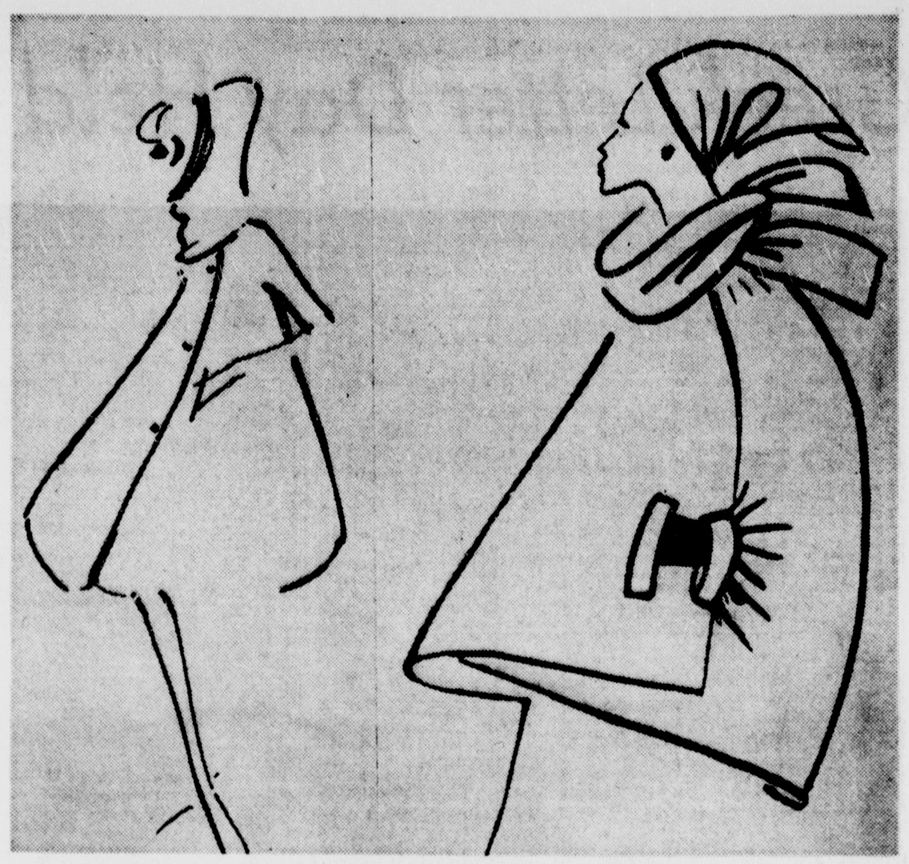

PARIS (UPI) — Film star Carroll Baker upstaged the fashions at the Jeanne Lanvin style parade today by showing up in an unfashionable plunging neckline.

THE BLONDE actress, wearing a pink dress with an astounding neckline that plunged almost as far sideways as it did down, sat in the front row, and pulled her skirt up four inches above her knees while photographers clicked away.

ALTHOUGH Miss Baker's dress isn't good fashion in any city, the audience of press and buyers stared at her as much as at the Lanvin collection.

There wasn't one plunging neckline among the Lanvin clothes, designed with usual elegance by Jules Francois Crahay. The designer stuck to his usual pencil-thin stark silhouette, with straight ,high necklines.

THE SHOW was a flutter with ostrich feathers. In addition to that white evening dress he made a leopard jacket covered with black feathers and a deep yellow ostrich jacket over a floor length yellow stiff silk gown. With day clothes the mannequins wore ostrich feather hats flowing from headbands to look like what Miss Baker, who knows her Egyptian queens called "a Nefertite hat."

THE WIDER A-line shows through in this tendency sketch from the Jacques Heim collection, left, for fall. Also part of the trend in the current Paris fashion parade is the helmet hood that stretches to the collar line of the coat. At right, a sketch from the Nina Ricci collection. (UPI Cablephotos)

Susan Gay Donaldson Is Wed At Sausalito Church Ceremony

The Sausalito Presbyterian Church was the setting for the Saturday wedding of Susan Gay Donaldson, daughter of Mr. and Mrs. Richard Donaldson of Mill Valley, and Ernest Louis Silva, also of Mill Valley.

Susan, escorted to the altar by her father, wore an empire sheath of white silk organza with brush train and illusion veil for the 8 p.m. ceremony. The Rev. David Jacobson officiated.

Her maid of honor was Barbara Allen, and George Kirkland served as best man.

Susan, the sister of Steven Scott Donaldson, attended College of Marin and Grace Ball College. Ernest is the son of Mr. and Mrs. M. E. Silva of Mill Valley and the brother of Mrs. George Kirkland and Judith Ann Silva. He attended College of Marin.

Following a wedding trip, the couple will make their home in Sausalito.

MR. AND MRS. ERNEST LOUIS SILVA

Survey Shows How Cookies Alter Behavior

CHICAGO (UPI) — Cookies are symbols of reward, an industry survey shows, and mothers buy them as an expression of love of their children.

The survey, sponsored by American Viscose, a major manufacturer of cellophane, was a nation-wide sampling of 2,000 families. The families annual income was $7,000-plus yearly and 31 per cent of the wives were employed full or part time. National Analysts of Philadelphia were the researchers.

The report found that when the housewife bought a special treat, such as a cookie or cracker, she was acting out her own affection rather than making such a purchase because of nutritional or economic considerations.

"You want to give the children something nice like cookies to make them happy because you love them so much and you're so glad to see them," one grandmother said.

"You want to win their affection and cookies are a good way," one housewife said.

That cookies are symbols of reward stems from natural associations of childhood, the report quoted Dr. Ernest Dichter as saying.

"Cookies are feminine in their psychology and are identified with a loving and generous mother," said the motivation expert.

But father's influence in relation to cookies is relatively unimportant, the researchers said.

Marinwood Nursery School Bake Sale

The newly established creative Nursery School of Marinwood will sponsor a bake sale at 11 a.m. on Saturday at Scotty's Market in Terra Linda.

Proceeds from the sale will go toward purchase of a portable electric train for the children's game room.

Two Chapters Set A Poolside Party

B'nai B'rith Women, Marin and TaMar Chapters will co-host a luncheon and fashion show on Aug. 5 at the San Rafael home of Mrs. Chester Sipkin.

The poolside buffet will be served at noon with fashions, swimming and bridge following. Reservations chairmen are Mesdames Julian Mayerhofer, Clyde Mentz, Stephen Shain and Stephen Cohen.

NUPTIALS AT the Kent Estate in Kent Woodlands Saturday united in marriage James Schermerhorn and Eleanor Kent, daughter of Mrs. William Kent Jr. of San Francisco and the late Mr. Kent, and niece of Mr. and Mrs. Roger Kent of Kent Woodlands. The couple will live in San Francisco. (Du Charme photo)

Newlyweds Will Reside In Cotati

Elena Luisa Lancaster of Cotati, until recently of Mill Valley, became the bride of Doil Dean Montgomery of Martinez on Saturday afternoon at the Episcopal Church of Our Saviour in Mill Valley.

The Rev. D. Murray Hammond officiated at the nuptial rite and a reception was held after the ceremony in Hammond Hall of the church.

The bride, who is the daughter of Mr. and Mrs. Hugh K. Lancaster of Milwaukee, formerly of Mill Valley, was born in Argentina but lived most of her life in Mill Valley. She was graduated from Tamalpais High School.

She is a past honored queen of Mill Valley Bethel 119 of Job's Daughters.

She is the sister of Hugh K. Lancaster Jr., a past master councilor of Mill Valley De Molay Chapter, and the granddaughter of Mrs. Helen Chapin, pioneer Mill Valleyan.

Elena and Doil are attending Sonoma State College and are living in Cotati.

Pretty Chintz

Here's how to keep cotton chintz curtains and bedspreads as pretty and fresh-looking as new. Before laundering, shake out the material to loosen dust. Wash in warm water and mild soap. Usually most of the dirt is on the fabric's glossy surface and will come off easily. Rinse in warm water. Iron while still moist. To give the chintz a high gloss, use a hot iron on the right side of fabric, while still damp.

Tea Fetes The 'Nazarettes'

Mrs. Lester W. Teter of San Rafael, a vice president of the Archidiocesan Council of Catholic Women, recently gave a tea in honor of the 25 Terra Linda teen-age volunteers to the Nazareth House.

The "Nazarettes" donate several days a week to assist the Poor Sisters of Nazareth in their care of the aged. They will carry on their work throughout the summer and anticipate the formation of a senior auxiliary to fill in the hours for them when they return to school in the fall.

NANCY WARD SMITH became the bride of John W. Kelly at St. Anselm's Church in Ross. The couple plans to live in Greenbrae. Mr. and Mrs. T. Ward Smith of San Anselmo are parents of the bride, and John is the son of Mr. and Mrs. John J. Kelly of Towanda, Pa. (Mack photo)

MR. AND MRS. THOMAS PAUL FOSTER (Du Charme photo)

Nancy Alice Catlin Weds Thomas Foster

The Piedmont Community Church was the setting on Saturday for the wedding of Nancy Alice Catlin of Ross and Thomas Paul Foster of Piedmont.

The bride is the daughter of Mr. and Mrs. Richard Montgomery Catlin of Ross and Carmel.

The Rev. Paul Yinger officiated for the 2 p.m. ceremony.

Given in marriage by her father, the bride wore a full length gown of white peau de soie and Alencon lace. The panel chapel train was edged in lace.

Preceding the bride to the altar in floor length gowns of pale pink linen were her sister, Sally Catlin, as maid of honor, and bridesmaids Mrs. Ann Brant, Mrs. Sherrye Burger, Mrs. Meredith Simpson and Janice Yoritsune.

Susan Catlin was flower girl for her sister.

David Foster served his brother as best man and ushers were Howard Schwartz, James Westphal, John Gardner and Lamar Lund.

A reception followed the ceremony at the Claremont Country Club in Oakland.

The bride was graduated from the Sarah Dix Hamlin School, Centenary College for Women and the Columbia University School of Dental Hygiene. She is also the sister of Richard Catlin Jr.

The bridegroom, son of Mr. and Mrs. Paul Bradstreet Foster, was graduated from Piedmont High School and Stanford University, where his fraternity was Theta Delta Chi.

Following a wedding trip to Alberta, Canada, the couple will reside in Oakland.

THE SUBURBAN SCENE

World Traveler Is Honored At Al Fresco Luncheon Party

By MOLLY MARIN

Mrs. Henry W. Drath honored Mrs. Charles Elliot Stevens of San Anselmo, who recently completed an around-the-world trip, at the Northgate group luncheon at the Marin Art and Garden Center yesterday. Also joining Mrs. Drath at the table were mesdames Thomas Kent, Ralph Wells of San Francisco, Lowden Jessup, and her sister, Mrs. Allen Calvert of Berkeley, also mesdames George Van Deurs, Eugene Lloyd, Hugh Middleton, Carlos Freitas and Carlo Caletti.

IT WAS AN 80TH natal anniversary party yesterday for Mrs. Herbert A. Norman of San Francisco, who spends her summers in Marin, at the second luncheon of the Northgate Group at the Marin Art and Garden Center. Helping her celebrate at a table of family members were her daughters, Mrs. Harvie Freed of Greenbrae, president of the Northgate Group, Mrs. George Bertram of Kent Woodlands. The group also feted Mrs. Norman on her birthday Sunday at a gathering including her grandchildren and great-grandchildren at the Bertram home.

DR. AND MRS. ALVIN HAAG of the Marin Country Club Estates have returned home from a month vacation in the Caribbean. They flew by plane to Jamaica, Puerto Rico and St. Croix. In Jamaica they rented a car and traveled over the entire island. The couple also visited friends and relatives in New York and Virginia before returning to Marin.

THE ORIENT is the destination of the Donald G. Springsteads. Don, a pilot, will be flying for Aero-Vietnam with headquarters in Saigon. Jerry Springstead and their daughters, Lynn, 16, and Lesley, 15, will stay in Hong Kong. The girls, Redwood High School students, will attend a British boarding school. The family has lived in Tiburon for the past 10 years. Don, who leaves for his assignment Tuesday, is a Corinthian Yacht Club member, and Jerry, who is on the board of directors of the Women's Auxiliary of the Corinthian Club, and the girls have scheduled a September departure date. Traveling to foreign countries is nothing new to Jerry Springstead. She is originally from London, and as the daughter of a former captain in the Royal Navy, her younger days were spent traveling from country to country.

BEING FETED at a number of bridal showers is Colleen Marie Handley, daughter of Mr. and Mrs. Max G. Handley of Mill Valley, who will become the bride of Michael Harding Conley of Tempe, Ariz., on Aug. 21. Tonight Brenda Burton-Smith will be hostess at her home in Mill Valley at a kitchen shower for her friend, and last week Patricia Nolan of Mill Valley and Jane Walling of Berkeley honored Colleen at parties in their homes. On Aug. 19 the couple will be honored at a wedding rehearsal dinner for 30 guests at Sabella's to be hosted by the mother of the bridegroom, Mrs. Charles F. Conley of Tempe.

MRS. PAUL N. HEWETT will be hostess at her home in Mill Valley on Aug. 6 at a shower for Carolyn Marie Penner. Carolyn, who is the daughter of Mr. and Mrs. Leslie L. Bence of Alderwood Manor, Wash., will become the bride of Ralston White Barnard on Aug. 29 at the Mill Valley Community Church. The future bridegroom is the son of Mr. and Mrs. John Barnard of Mill Valley.

Mt. Carmel Women's Club Will Begin Coffee Series

Our Lady of Mount Carmel Women's Club in Mill Valley will entertain prospective members at a series of neighborhood coffees starting on Aug. 4 at 10 a.m.

The first hostess will be second vice president Mrs. Thomas Scanlon, who lives at 280 E. Blithedale.

Incoming president Mrs. Kenneth Wittman will describe plans for a fall children's fashion show, annual needlecraft bazaar, sale of parish cookbook and spring dinner dance to benefit the new church building fund.

Explaining other club activities will be Mesdames John Power, first vice president; James Conley, recording secretary; John Hokanson, corresponding secretary; and Charles Norton, treasurer.

Coffees in other Mill Valley neighborhoods are planned throughout late summer and early fall.

Tamalpais Assembly To Honor Grand Honorary Drill Leader

Janice Hantzche, grand honorary drill leader in California, Order of Rainbow for Girls, will be honored at a reception given by the Tamalpais Assembly 191, on Friday at the Masonic Temple, Larkspur, at 8 p.m.

Chairman for the reception is Louise White, and reception officers also include Marcia Fish, Carol Johnson, Ginger Brown, Linda Walsh, Peggy Cowles, Jeanne Thomas, all past worthy advisors, and Patty Cosgrove, recorder. Nanette Hantzsche will be the musician, with Cathy Crain, soloist. Mrs. Freida Ehrer will be hostess for the evening. Mrs. Margaret Fish is mother advisor.

JANICE HANTZSCHE

The flag will be escorted by the Marin Commandery 76, Order of Knights Templar, who are the sponsors of this Assembly. Members of Ross Valley DeMolay will usher.

Janice is the daughter of Mr. and Mrs. Paul Hantzsche of Tiburon, and is a graduate of Redwood High School. During the past year she has attended San Francisco State College, majoring in drama, and also attending a San Francisco modeling school.

Following the reception, the visiting state officers will be entertained at a party at the home of Mr. and Mrs. Hantzsche.

Thomson Students Present Recital

The pupils of Constance James Thomson were presented in recital Tuesday evening in the Corona Anderson Music Room at St. Paul Episcopal Church, San Rafael.

Highlight of the program was a series of songs by Raymond Castel-Blanch, baritone, with Mrs. Thomson accompanying.

Pupils participating were David Froman, Diane Baldwin, Aline Estournes, Renee Fromen, Peter Neuwald, Marilyn Castelblanch, John Douglas and Claudia Neuwald.

Detergents Make Good Germicides

Detergents as germicides? Sometimes, says the Journal of the American Medical Assn. If the wash cycle on the machine lasts over 10 minutes, and the water temperature is between 145 and 160 degrees, ordinary detergents will remove up to 99 per cent of bacteria from clothes, reports Dr. Thomas E. Shaffer, of Columbus, Ohio.

He reported that it's another matter with blankets and other woolens, however. Water heated to those temperatures can damage the woolens and therefore cannot be used.

MRS. LARUE BOCARDE of San Anselmo poses with one of the cakes after completing a course in cake decorating at the Wilton School in Chicago. She and Mrs. Elinor Holmes, also of San Anselmo, earned a Master Cake Decorator diploma at the school recently.

BUZZIN' BOOTS Square Dance Club, 8:30 p.m., Star Hall, San Anselmo.

Eggs Beat Better

Egg whites beat better at room temperature than if they come directly from the refrigerator.

Youngsters May Outgrow Asthma

Children with asthma may outgrow it.

Drs. Lowell W. Barr and George B. Fogan of Mayo Clinic, in a long-term study of 336 young asthmatic patients, found that boys had a better chance for such relief than did girls. They estimated that the asthmatic boys and girls, generally, have a 40 to 50 per cent chance of growing out of it. Their report appeared in "Medical Tribune."

Estimate Fabric

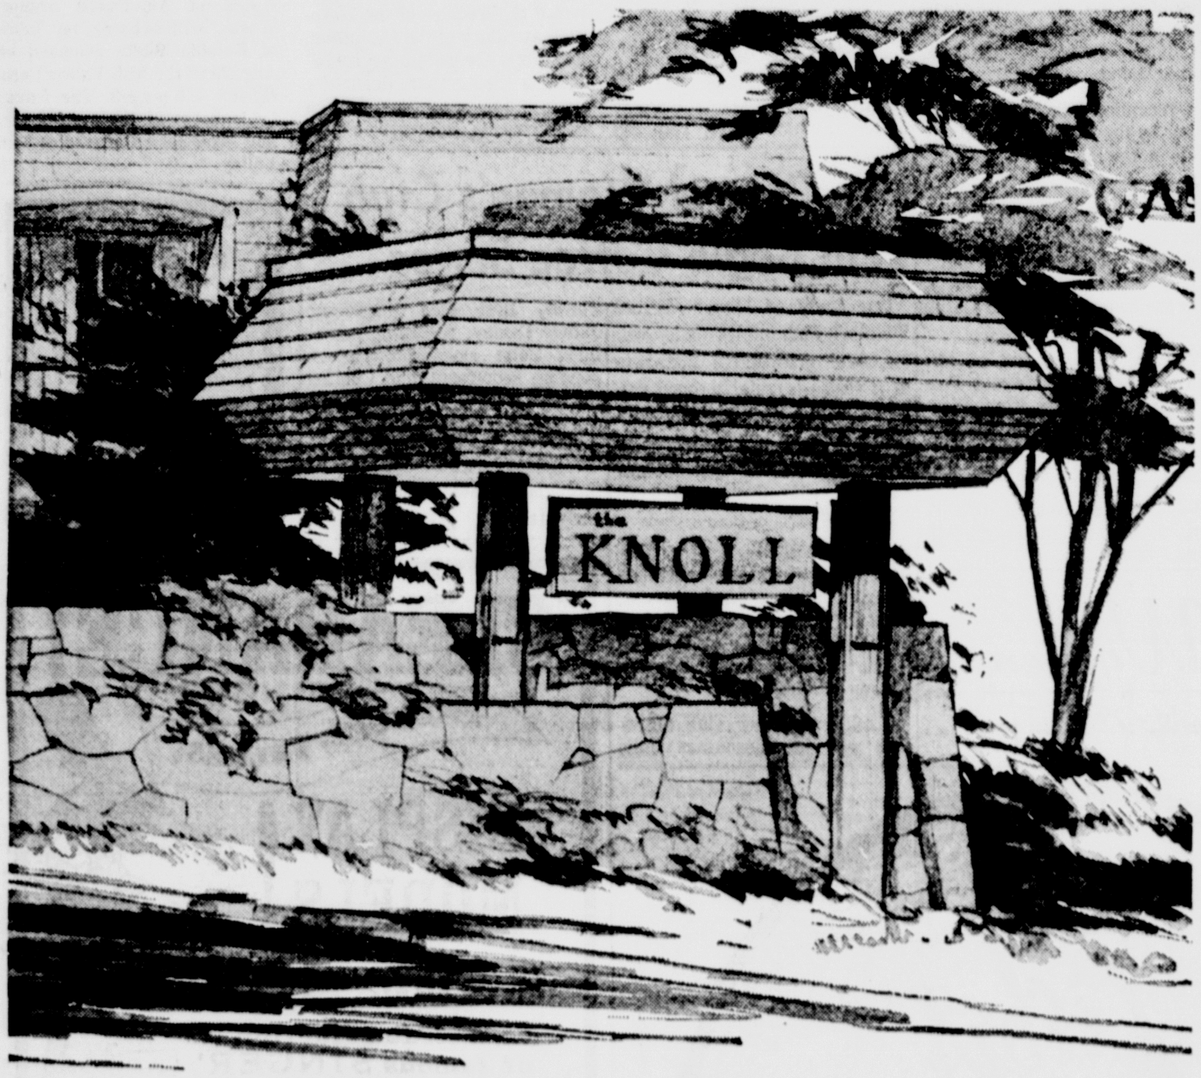

Here's how to estimate the amount of fabric needed to make cotton curtains or draperies. If you select a sheer, airy cotton like organdy or batiste, get enough fabric to measure two to three times the width of the window. To make draperies of heavier weight decorator cottons, get fabric that measures twice the width of window.

Marin Women

Sew Apron

Running out of aprons? Sew yourself a colorful patchwork apron. Use remnants from piecegoods counters or old sewing projects. Cut blocks of fabric in assorted cotton prints, each about 10 inches square, and seam together for an apron skirt.

THE KNOLL
NOW OPEN AT PEACOCK GAP

See this 3½ million dollar townhouse development...2 to 4 bedroom homes...private Buckeye Club...complete recreational facilities.

Built on eight magnificent acres in the heart of Peacock Gap, THE KNOLL offers the ultimate in luxury living in one of California's most natural settings. Situated next to the Peacock Gap Country Club, and surrounded by every desirable recreational facility, with easy access to churches, schools, the Civic Center and the famed Northgate Shopping Center, this new concept of easy, carefree living is truly unique in Marin. Each home professionally landscaped to provide maximum privacy and tremendous outdoor living area.

Each townhouse is an individual home of one or two stories with two to four bedrooms, a two-car garage plus adequate guest parking. Each has a completely built-in kitchen with GE Americana range, some with self-cleaning ovens; two-door, frost-free refrigerator; dishwasher and garbage disposal. Interiors include fireplaces and are fully draped and carpeted. All utilities are underground, including a master television system. The private road off Biscayne Drive is of textured aggregate alternating with asphalt to create a cobble-like pattern that lends grace and charm.

In addition to owning a luxury home, you will also be able to enjoy the private park for the exclusive use of the residents. Its highlight is a 75 foot pool, with separate diving area. At poolside there are dressing rooms, sauna steam rooms and a trellised sun shelter. Two putting greens and a community recreation center, The Buckeye Club, will be available to you. The beautiful Peacock Gap golf course is at your doorstep, and minutes away are the other superb recreational areas of Peacock Gap which include tennis and yachting.

THE KNOLL is designed for you who want the leisure enjoyment of country living completely free of upkeep worries. It offers all the advantages of home ownership, city convenience, and is an excellent, secure investment. Come out and inspect the four models...discover the joy of gracious, carefree living. Prices range from $37,500 to $49,500.

On site sales office and furnished model open noon to dusk.

DAILY Independent-Journal Est. 1861
SERVING ALL OF MARIN COUNTY

28 EDITORIAL PAGE Thurs., July 29, 1965 San Rafael, Calif.

TODAY'S EDITORIAL

FBI's National Academy Is Boon To Local Police

Today is the 30th anniversary of the Federal Bureau of Investigation's National Academy.

We join the nation in paying tribute to the Academy for three decades of service during which it trained more than 4,700 law enforcement officers, including several in Marin County.

In the thirties, when the nation was wracked with crime and corruption, J. Edgar Hoover came up with the idea of the National Academy. The first class gathered in Washington, D.C., on July 29, 1935, to begin a 12-week course of training.

Establishment of the Academy helped usher in the era of what might be called "professional law enforcement" to combat the highly organized crime gangs of the times.

Thanks to the scientific crime detection and prevention methods taught at the Academy and other training centers, the nation's police forces have been able to meet and overcome the most ingenious schemes that the lawless have been able to devise.

But the job is never-ending.

Law enforcement becomes more difficult and more complicated in the face of a growing population that is highly mechanized and mobile.

Physical growth and greater mobility are not the only problems. Because of our increasing awareness of individual rights and the various legal rulings that have been handed down to safeguard those rights, the duties of the modern patrolman extend far beyond those assigned to the patrolman of a previous generation.

A policeman today must be a legal expert of sorts, just to cope with the technicalities involved in search for and seizure of evidence and interrogation and arrest of suspects.

The Academy has racked up a proud record in its first three decades. It will have an even bigger job on its hands in the next 30 years, to serve a society that exercises less control over its unruly elements and yet demands more and better service from its police agencies.

Quail 'Language'

Anyone who has listened to the various noises our Marin quail make is convinced that they must be talking. Now, scientists tell us that an adult quail has a vocabulary of more than 20 "words."

These doubtless range from "sweet nothings" to "I can lick any bird in the block." But by far the most common are the signal "words" by means of which a father quail directs his small flock.

Not bad for a bird brain.

CLEAN AS A WHISTLE

ROSCOE DRUMMOND

All GOP's Woes Can't Be Laid To Poor Relations With Press

WASHINGTON — Far be it or me to suggest that good press relations don't help a politician — president or congressman—at least a little bit.

It is certainly all to the good for the GOP House leadership to have an expert look at the party's working relations with press, radio and TV and to come up with some candid suggestions.

THEY COULD hardly make things worse, since Richard Nixon in 1962 and Barry Goldwater in 1964 blamed their defeats on hostile reporting.

The expert to whom minority leader Gerald Ford and other House Republicans turned for advice is Bruce C. Ladd Jr., the able former press secretary to Charles H. Percy of Illinois.

His conclusion is that in recent years top Republican leaders have done just about everything wrong they could think of — and that, if they couldn't think of it, they did it wrong by instinct.

Ladd reports that Nixon was knee-deep in press blunders; he finds that Goldwater multiplied them tenfold; he looks back on President Dwight D. Eisenhower's denunciation of columnists in general at the Republican National Convention as most "unenlightened."

The net of his criticism is that for too long most Republicans looked upon the press, both national and local, "as an antagonistic force which must be dealt with in a hostile manner."

He says that the bad press relations which the Republican Party has had have been "suicidal." At this point, I would like to enter a dissenting opinion.

This professional advice is worth heeding. It's good advice; it's true; it's valid.

BUT IT WOULD be a grave mistake if the Republican leaders see improved press relations as the major way of dealing with the causes of the political disaster of 1964.

Improved press relations would be nice, but they are not central. Bad press relations did not cause the havoc of 1964 and improved press relations won't repair it.

I don't know that any Republican could have defeated President Lyndon B. Johnson. The biggest factor in the anti-Goldwater landslide, in my judgment, was that the record of the Republican Party in Congress was headed in one direction and Goldwater was headed in several other directions.

Mr. Goldwater failed to come out loud and clear not because his writing and his speeches left his stand on too many issues blurred and conflicting.

It would be fatal for the GOP leaders to think that in significantly improving their press relations they are significantly removing the causes of what they inflicted on themselves last fall.

KENNEDY HAD excellent press relations but he almost lost. Nixon had, for the most part, poor press relations, but he almost won.

The reporters were certainly not enamored of LBJ during the campaign.

Ladd's report itself stresses how seriously "weak" Mr. Johnson is in dealing with the press. On the basis of Ladd's own reasoning, the president should be seriously hurt. The fact is that, during the recent spate of bad press relations, the president's national approval rating has been going up. A bad press doesn't help —but the effect is minor.

WHAT OUR READERS SAY

Dixie Report Asked On Editorial Pages

Editor, Independent-Journal:

. . . Why, when . . . Marin residents who wish to express themselves county-wide have only the "What Our Readers Say" section, is it necessary for the paper to have the last word with the editor's comment following the letter? . . .

Recently, the editor last-worded (when asked why the I-J reporter on leave and now active in the civil rights movement in the South didn't write about his experiences) that, because he was a worker in the movement, his comments would be biased. Couldn't his comments be printed on the editorial page? Certainly, when columns by MacArthur (hardly unbiased), Allen and Scott (biased but masquerading by presenting "facts"), Morrie Ryskind (words fail me), and Roscoe Drummond (an honest conservative) are printed, Mr. Coppock's comments could also be printed on the editorial page.

Mr. MacArthur's column today (July 15) is so indicative of his anti-Negro and anti-democratic bias that it should not go unchallenged. . . . He uses emotionally laden words . . . to attempt to discredit the FEPC, which is trying (as is its job) to prevent racial discrimination in housing as well as in employment. Yes, the majority of California voters (hopefully confused and misled) did vote for Proposition 14 but so did the majority of Germans put Hitler in power and the majority of white Southern voters put racists in Congress. The fact remains that racial discrimination is anti-democratic. . . .

And, so you won't feel you're all bad, the articles describing the Marin County Welfare Department and some of its recipients were the most thoughtful and understanding that I have ever seen in print.

JACK DANIELSON
San Rafael

'Out Our Way' Item Has Many Strings

Editor, Independent-Journal:

The most outstanding of comics, in my opinion, is "Out Our Way" by J. R. Williams, NEA, Inc.

As a subscriber, I would like to see this comic included in the I-J.

THOMAS P. DeMUND
Tiburon

(Ed. Note—Trouble is, NEA syndicated features are sold only in a "package deal," requiring the buyer to pay for a vast amount of material he cannot use. Sorry, we don't like to do business that way.)

Marin Assessor's Actions Criticized

Editor, Independent-Journal:

. . . Taxing of private homes in Marin has reached the point where it is inequitable, discriminatory and practically confiscatory. . . .

I own a home on the Belvedere Lagoon. I purchased my lot for $6,000 in 1951, and built a modest home, intending to make Marin County my permanent abode. Admittedly, this is now a scarcity area, there being approximately 250 parcels of property on the Lagoon. There are only four or five lots left. . . . The latest sales of these unimproved lots have been in the $30,000 bracket. Each time such a sale goes on record, Mr. Broemmel's eyes light up like a slot machine, and he says, "Aha, now your lot is worth $30,000!" This is fallacious reasoning.

It is not inconceivable that a Texas oil millionaire will hear about the last lot on the Lagoon and pay $70,000 for this golden opportunity to live among such nice people.

Does this then mean that my lot is worth $70,000? Obviously not. But that is the theory upon which Mr. Broemmel predicates his assessments. . . .

It can and will be proven, I am sure, that the percentage of appraised value to sales price on properties on the Lagoon is over 95 per cent, while properties of comparable value in other areas nearby have a percentage of 75 per cent.

Home ownership should be encouraged . . . not discouraged. If the county needs additional funds . . . then let our chosen representatives look elsewhere for a new source of revenue.

Another avenue of approach might be to tax the individual on the basis of what he is willing and able to pay for a parcel of property, and let the property owners with fixed incomes rest in peace for a while. . . .

ROBERT A. FORTINI
Belvedere

Let Supervisors Pay Cost of Bus Scheme

Editor, Independent-Journal:

See by a paper where Marin County supervisors are trying to finance a 3.6 million bus service and don't know where the money is coming from. Sure one way of getting the money is to tax the hard-pressed taxpayers. We don't pay out enough on taxes. Let the supervisors take it out of their own pockets as taxpayers are paying enough out of their pockets. Pretty soon we won't need pockets as we won't have enough money to put in our pockets.

DOROTHY DAMON
Mill Valley

Something's Funny About Sausalito?

Editor, Independent-Journal:

Bravo on tonight's (July 21) editorial.

It was the funniest thing I've ever read.

GEORGE HALL

INSIDE WASHINGTON

B-52 Use Reopens Old Pentagon Split

By ROBERT S. ALLEN and PAUL SCOTT

WASHINGTON—The use of B-52 bombers to blast Communist targets in South Viet Nam has ignited an old air power controversy within the Johnson administration.

The president's military advisers, seeking extension of these B-52 raids to major military and economic targets in North Viet Nam, are urging another $1 billion to modernize 300 of the strategic bombers.

Involving more than half the present B-52 fleet, this Air Force proposal runs directly counter to Defense Secretary Robert S. McNamara's long-prepared plans to begin retiring approximately the same number of the giant jet bombers next year.

Formal decision on modernizing and keeping these planes in operation is expected to be made by President Lyndon B. Johnson during the current White House strategy and budget talks on Viet Nam.

A governing factor in the president's ruling could be whether he approves using the B-52s, now the backbone of the Strategic Air Command, on raids over North Viet Nam.

Until now, the president has limited B-52 missions to attacks on Communist troop build-ups in South Viet Nam because of Secretary of State Dean Rusk's fears that use of heavy bombers might draw the Chinese air force into the war.

In these saturation air strikes, the B-52 flights from Guam, the Philippines and Okinawa usually pass near the Chinese Communist-held island of Hainan in the South China Sea, about 150 miles from the North Vietnamese coast.

Soviet-built MIG-21s based on Hainan's seven air fields scramble to the air when the B-52s approach, but the Chinese Reds have made no attempt to intercept the strategic bombers.

Secretary Rusk argues that Peiping has warned the B-52s will be intercepted and shot down if used against North Vietnamese targets. With the Chinese Communists beefing up their Hainan-based air power to 300 planes in recent weeks, Rusk contends they have the capability of enforcing their threat.

The Joint Chiefs of Staff, who believe massive B-52 raids are needed to effectively cripple the North Vietnamese war effort, disagree with Rusk.

They maintain the Chinese air force is no match for U.S. air power in the China Sea area, and that a confrontation now would eliminate planes that pose a danger to the increasing U.S. forces in South Viet Nam.

According to McNamara, South Vietnamese military leaders believe that only by bombing economic targets in the north will the Communist government be sufficiently hurt to force a satisfactory settlement of the conflict.

The South Vietnamese said Hanoi's economy could be crippled by destroying irrigation dikes of the Red River Delta within the next 30 days—while the rivers in the area are at or near flood stage.

The devastating effect of such bombing on the North Vietnamese economy is indicated by the breakdown of the dikes in 1945, when 90 per cent of the country's rice crop was flooded and destroyed. The resultant nation-wide famine and epidemics forced the north's economy to a near halt.

The Country Parson

"If we ever have world peace, it will grow out of kindness — yours, not your enemy's."

10 YEARS AGO

Dr. Carolyn B. Albrecht, Marin County health officer, announced the schedule for giving Marin residents the second in the series of three Salk polio vaccinations.

THREE MINUTES A DAY

By JAMES KELLER

SAD END FOR A SHORT RIDE

The used car dealer little dreamed what was about to happen when he encouraged a prospective customer to try out one of his automobiles on a test run.

The salesman told the stranger to select any car in the lot. Then he added: "Take it out and drive it around for a few days. Make sure it is the one you want to buy."

The man accepted the offer and then drove off in one of the cars that struck his fancy. Before the happy autoist had gone two blocks, however, the test run came to an abrupt end.

In a matter of minutes he had slammed into the guard rails of the county courthouse, whacked a parking meter, mangled a street sign and finally used the brick wall of a drugstore—instead of the brakes—to come to a stop.

Put the same confidence in others that you wish the Lord to place in you. But make sure at the same time that such trust is justified. Otherwise it can be an invitation to trouble.

"Be therefore wise as serpents, and guileless as doves." (Matthew 10:16)

Thanks to You, O divine Master, for Your generous trust in me.

AFFAIRS OF STATE

Sacramento Ready To Put Bite On Private Car, Boat Sales

By HENRY C. MacARTHUR

SACRAMENTO (CNS)—One of the first impacts the public will feel in connection with Gov. Edmund G. Brown's program of collecting more tax money will be the 4 per cent use tax on automobile, boat and airplane sales, which goes into effect Sunday. At that time, the Department of Motor Vehicles will begin collecting on all automobile sales, not just those purchased from a dealer.

IN OTHER WORDS, if an individual sells his automobile, the state collects 4 per cent of the price of the sale.

And this is one tax which can't be circumvented easily, because the Department of Motor Vehicles will get the tax before it issues a license for operation of the car.

Additionally, it will do no good to cross a state line and buy an automobile out of state, for the simple reason the new law provides that individuals bringing a car into California from another state must register the car within 90 days, at which time the state will collect the 4 per cent use tax.

Neither can the tax be avoided by trading automobiles. In fact, both parties to the trade will have to pay 4 per cent to further the governor's welfare program if such a deal is executed.

THE MONEY derived from this new imposition of taxes on the public will be paid by Department of Motor Vehicles to the State Board of Equalization, which in turn will deposit it in the general fund of the state. The money will not be used for the development of roads and highways.

To make certain the state gets the full 4 per cent, a schedule of the resale values of automobiles will be kept by the department. If a sale is made by a private party under the figure in this schedule, the law is very generous—it gives the purchaser the right to prove that the price paid for the vehicle was less than the value assigned by the department.

The Legislature was also charitable in family matters. An individual who buys an automobile from his parent, grandparent, child or spouse is exempted from paying the 4 per cent tax. The situation occurs so seldom it was felt hardly necessary to include family deals in the money-raising program.

Many people feel the new tax is unjust because a tax already has been collected on the vehicle, boat or airplane when it was sold new. However, the state needs the money so badly it must sponsor double, triple and, at times, quadruple taxation on used goods.

From the sales added to the list, it is estimated the state will benefit in the amount of about $8 million.

THE CYNIC'S CORNER

Interlandi

"I know they may call up some reserves, but the situation in Viet Nam isn't THAT desperate yet!"

TRY AND STOP ME

BENNETT CERF

"WELL," INQUIRED the police chief, "did you catch that car thief?" "No, Chief," was the despondent reply. "We kept on his tail for a long time, but just as we were closing in, our 1,000 miles was up and we had to stop and change oil."

"FRED ALLEN'S Letters," edited by Joe McCarthy, includes his famous description of a hotel he abhorred: "The rooms are so small that the mice are hunchbacked." He acquired so many books that he wrote, "I am just about three books away from having to use the Empire State Building and the Chrysler Building as bookends."

Commenting on the vanity of actors, Allen noted, "If you mention the Johnstown Flood to an actor, he'll say, 'Oh, yes, that's the week we were next to closing in Toledo.' Most actors are bounded on the north by their entrance music and on the south by their exits. You probably have heard of the actor whose wife died. 'I saw you at the funeral parlor,' a friend told him later. 'You were wonderful.' The actor perked up, but he couldn't resist adding, 'If you thought I was wonderful at the funeral parlor, you should have caught me at the grave!'"

OVERHEARD AT the Williams Inn: "Hey, Pop, I'm taking up SPACE in college this term." "I know, I know. But how about your STUDIES?"

I-J REPORTER'S NOTEBOOK

By ELLEN DIETSCHY

Teen-Age Music Condemned As Leading To Moral Decay

The biggest objection of parents to so-called music currently broadcast by Bay Area "cool-teen" radio stations is that it's misnamed.

"IT'S NOISE produced by unkempt boys who look as though they were not earning enough to pay for haircuts," one provoked mother declared.

But without reading the right-wing newspaper "Freedom Press," you wouldn't suspect the cacaphony produced by these teen-aged idols is allegedly conditioning our teenagers for indoctrination in "any sort of perverted ideology, whether it be gross materialism or Marxist-oriented imperialism."

The newspaper's reporter denies accusing any of the popular mop-headed performers of being Communists.

But he states that what passes for music today on television, radio and in the movies "has a lot to do with the rapid deterioration of our youth.

"Both the causes and the possible purpose behind the weird beat that passes for rhythm these days should concern every thinking adult who still values both decency and human freedom," he said.

OF THE BEATLES, he declared, "Certainly the trail of frenzy, hysteria and animalistic behavior that has marked the appearances of this British quartet and their many imitators seems to bear out the thesis that music can demoralize as well as it can uplift."

The "Freedom Press" declares itself an opponent of the so-called international Communist conspiracy. Its news stories reflect a general "antiness" expected of those who spend time criticizing but offering no solutions.

It reports protests of the United Nations' alleged "pro-Red bias" and notes the withdrawal of churches from the National and World Council of Churches because of the council's alleged attempts to "lead our nation into Communist enslavement and the churches into the Communist butcher shop."

FEW WOULD DENY the right of any newspaper to present its political, social and religious opinions on the editorial pages. But a newspaper's responsibility to its readers goes far beyond presenting only one side of any issue.

The "Freedom Press" often protests censorship by news media of the "true facts" of the Communist conspiracy in America. The paper charges the conspiracy is being assisted by modernization of religious beliefs, the United Nations and the Fruging, Twisting, Watusi-ing teen-agers who are being duped by the popular music of today.

This, most would agree, is utter nonsense.

But if it were not for the "Freedom Press" and others of its ilk, many would write off a single such fear peddler as a pathetic soul.

MORRIE RYSKIND

Wire Service Draws Fire On Slanted Probe Report

I KNOW NO ONE who plumped for Goldwater—from volunteer worker to high party official—who is not firmly convinced that the reporting of the 1964 campaign was heavily loaded against Barry. But that, of course, can be laughed off as a typical aberration of the extreme right or a simple case of loser's myopia.

And when Tom Dodd, D-Conn., rises on the Senate floor to charge many of the stories emanating from American newsmen in Saigon are viciously slanted against our policy there, it can be argued that Dodd, though a liberal on domestic issues, is fanatically anti-Communist and prone to see non-existent Reds in Indonesia, North Viet Nam, Cuba and even Russia, lands populated exclusively by agrarian reformers.

It has been my custom to ignore such rabid rantings — but now I'm not so sure. The Monday morning headline read "Wieland Fully Cleared for Judgment of Castro," a heading completely justified by the opening line of the A. P. story: "William A. Wieland, the American diplomat blamed by some critics for initial U. S. good will toward Castro, has been fully cleared and his security case closed, a Senate publication revealed Sunday night."

And this was followed by: "The fact that Wieland, head of the State Department's Office of Caribbean Affairs when Castro grabbed power in Cuba, had been cleared again was revealed by William J. Crockett, deputy undersecretary of state for administration, in secret testimony before the subcommittee (of the Committee on the Judiciary) last May 4. The decision to close . . . the case . . . was made in concurrence with the Justice Department, the FBI, a special advisory board and the then attorney general, Robert F. Kennedy, Crockett testified."

NOW IT IS HARD to read that without concluding that once again a devoted public servant had been pilloried by some self-righteous vigilantes, but had happily emerged victorious against the witch-hunters. So hooray for justice!

But I didn't hooray a bit. Over the weekend I had read the 200 pages of the testimony, and the only way I can account for the story is that the A. P. reporter had deliberately omitted some highly relevant data in order to mislead the public (which, of course, is unthinkable) or that the committee had sent him a different summary from the one it sent me.

Here are a few of the committee's findings not mentioned in the A. P. account: Though it did not impugn Wieland's loyalty, it definitely questioned his integrity and his general suitability for his position:

"He was appointed to a post in the State Department for which his qualifications were doubtful; he was appointed without any security check; he falsified his job application by omission and, when he later filled out an expanded personal history form, he falsified that by direct misstatement."

Paid for his expertise on Cuban affairs, he never told his superiors, down to the very day Castro admitted he was a Marxist, what he told friends privately as early as 1958: That Castro "is a Communist and is surrounded by Communists."

He became, on the other hand, "an active apologist for Castro, even to the extent of openly contradicting intelligence officers who were briefing Dr. Milton Eisenhower (then on an official trip to Mexico for Ike) respecting communism in the Castro regime."

THAT MUST, incidentally, have been quite a session with Milton. Former Ambassador Hill notes that every time an intelligence officer told of Fidel's Red ties, Wieland would interrupt to say, "That's not true." Finally, Col. Benoid Glawe, air attache, blew up and called Wieland "either a damn fool or a Communist—or a Communist sympathizer."

And there are many other choice bits, all neglected by the A. P. Here, e. g., is what the committee has to say about the "clearance" itself: "Mr. Wieland eventually became the subject of a full-scale security investigation. He was 'cleared' improperly (in the name of the secretary) by an official who made no concurrent written record of either the clearance or the reasons therefor, and who at the time of the clearance had not read either the security file on Weiland or even the official summary and evaluation of the file."

And, interestingly, while Mr. Wieland's own salary in State has risen steadily from $7,000 to $17,650 (as of February, 1962—it may be even higher now), the official who helped shed light on him, Otto Otepka, has been demoted and is now in the doghouse. McCarthyism, obviously, doesn't pay off.

BUT GET THE REPORT and read it for yourself. And mark some of the passages and send them to the A. P., that once able exponent of honest journalism.

College Concert Season To End This Sunday

The final outdoor concert of the summer season will be presented by the College of Marin Community Band on Sunday at 3:30 p.m.

The admission free concert will be played in the central outdoor area of the college's gymnasium complex in Kentfield.

The all-march program includes selections from France, Belgium, Germany, Russia, Great Britain and Spain, as well as the United States.

Laura Burton, a recent graduate of Terra Linda High School, will direct "Emblem of Unity March," and Michele Ivani, a student at College of Marin, will direct "Our Director March."

Murphy Endorses LBJ Viet Stand

WASHINGTON (AP) — Sen. George Murphy, R-Calif. endorsed President Johnson's policies in Viet Nam in an address to the National Federation of Business and Professional Women yesterday.

He told his audience he is at a point "where I am expendable—and obligated to no one"—and so was making a nonpartisan speech.

Murphy took this stand on Viet Nam:

"We do not dare get out. It's the southern corner of our defenses for our Pacific bases.

"We made a promise to the people there which we must keep."

Sanitary District Asks Army Permit

The Richardson Bay Sanitary District has applied to the Army Corps of Engineers for a permit to install a sewage force main in Richardson Bay on the east side of the Strawberry peninsula.

Objections to granting of the permit may be submitted in triplicate by Aug. 26 at the office of the Army Engineers District Corps of Engineers, 100 McAllister Street, San Francisco 2.

Law Student Interns In County Office

John Russell DiCaro, 25, junior law student at University of California in Berkeley, is taking a 10-week legal internship period with the Marin County district attorney's office.

DiCaro, of Oakland, and 18 other third-year U.C. students are sponsored by the National Council of Legal Clinics and are doing research work in offices including those of district attorneys, county counsels, and the attorney general.

The revolving office chair was invented by Thomas Jefferson.

Space Dieters Rate Steaks Over Girls

BERKELEY (UPI) — Take 12 young, healthy males, coop them up for 43 days and then ask them what they missed most.

Girls, right? Wrong. Not this 12, anyway.

They missed mom's cooking, or for that matter, anybody's cooking.

The 12 ended a dietary experiment Tuesday night in a penthouse at the University of California.

Half the group ate rehydrated and dehydrated foods for the 43 days and the others were fed a formula.

Shortly after the experiment ended, they were asked if they would grab a beautiful woman or a steak if both were offered.

They immediately answered, "steak"!

The 12 tested diets for possible use in long-time space flights and were paid $600 each.

Ross Commons Contract Settled

A dispute over award of a $35,150 contract for landscaping the Ross Town Common to Page Construction Co. has been settled, according to Robert D. Carrow, attorney for the Novato firm.

This came yesterday after the California State Contractors Licensing Board issued Page a license to do landscaping without any major construction work on the same site.

A. and J. Shooter Co. of San Rafael, second low bidder, had challenged Page's right to do the work under its general contractor's license.

Stationery Salesman Vanishes With Cash

Margaret J. Johnston, an employee at the Metropolitan Life Insurance Co. office at 1010 B Street, San Rafael, told police Tuesday she recently paid $8.35 to a salesman for a midwestern stationery company for stationery she never received.

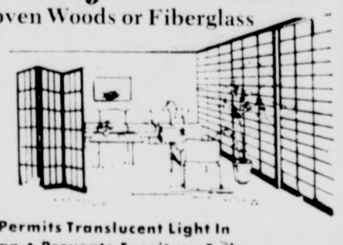

A check with the company showed the salesman, S. J. Schorzman, who said he was from Idaho, had absconded with his sales receipts.

Novato Airline Pilot Gets Navy Promotion

Robert Stanford of 394 Fairway Drive, Novato, a pilot-navigator for Pan American Airways, has been promoted to the rank of commander and taken command of Selected Naval Air Reserve Squadron VR-874 at Alameda Naval Air Station.

Stanford was formerly operations officer for the transport squadron, which flies Douglas C-118 aircraft during its training sessions each month.

ALMANAC

Today is Thursday, July 29, the 210th day of 1965 with 155 to follow.

The moon is approaching its first quarter. The morning stars are Saturn and Jupiter. The evening stars are Venus and Mars.

American novelist Booth Tarkington was born on this day in 1869.

On this day in history:

In 1588, Queen Elizabeth I, fearful of a Spanish invasion of England, traveled to Tilbury to spur on her troops.

In 1754, the first international boxing match took place with British champion Jack Slack knocking out Jean Petit of France.

In 1914, a successful conversation between New York and San Francisco heralded the first American transcontinental telephone hookup.

In 1945, an armada of American bombers dropped 3,500 tons of fire bombs on six Japanese cities after a warning broadcast.

A thought for the day—American author Mark Twain once said "Soap and education are not as sudden as a massacre, but they are more deadly in the long run."

TIME AND TIDE

Department of Commerce, United States Coast Geodetic Survey, Western District headquarters. Times and heights of tides at San Francisco (Golden Gate):

The column of heights gives the elevation in feet of each tide above or below the plane of Coast Survey chart soundings. The depths are always additive to the chart depths unless preceded by a minus sign (-), when the numbers are subtracted from the depth given in the chart. Light-face type indicates a.m. times; **bold-face type** indicates p.m. times.

HOW TO PLAY

WINNING BRIDGE

By ALFRED SHEINWOLD

Break Defensive Rule To Deceive Declarer

"Third hand high" is the time-honored rule for defensive play. When you are third to play to a trick you try to win the trick.

If you cannot win, you play high to force out an even higher card from the fourth player's hand. One of the many reasons to break this rule is to deprive dummy of an entry.

South dealer
Both sides vulnerable

NORTH
♠ 10 4 3
♡ Q 10 9
◇ K Q 10 9 4 2
♣ 7

WEST
♠ Q 8 7 2
♡ K 8 5 2
◇ 8
♣ 10 6 5 2

EAST
♠ K 9 5
♡ J 7 4
◇ A 7 3
♣ J 9 8 3

SOUTH
♠ A J 6
♡ A 6 3
◇ J 6 5
♣ A K Q 4

South	West	North	East
1 ♣	Pass	1 ◇	Pass
2 NT	Pass	3 NT	All Pass

Opening lead — ♡ 2

West led the deuce of hearts, declarer played the nine from dummy, and Eat played low. If Eat followed the old rule he would play the jack of hearts and South would win with the ace.

LEAD DIAMONDS

South would lead diamond, and East would eventually take the ace.

South would then get back to dummy with either the ten or the queen of heart to run the diamonds.

East's actual play of the low heart at the first trick tempted South to play a low heart from his hand.

SEES TRAP

This would give him two heart tricks but would leave no entry to the dummy. The diamonds would not come in, and South would make only eight tricks.

South saw the trap and therefore won the first trick with the ace of hearts. He led diamonds and continued the suit until East took the third diamond. East returned a club to South's queen, and South had to reach dummy for the diamonds.

LOW HEART

When South led a low heart West played low without a quiver. South had to decide whether to play the ten or the queen from dummy.

He reasoned that East would surely play a low heart at the first trick if he had the king but was not at all sure to do so if he had the jack. It was therefore more likely that East had the king of hearts than the jack.

Following this reasoning, South South tried a finesse with dummy's ten of hearts. This gave the defenders three heart tricks, and it was then easy for them to defeat the contract.

DAILY QUESTION

Partner opens with one club, and the next player passes.

You hold:
♠ K 9 5
♥ J 7 4
♦ A 7 3
♣ J 9 8 3

What do you say?

Answer: Bid one notrump.

This should show a good hand, either 8 to 10 points in high cards or 9 to 11 points, depending on partnership agreement. If you have a poor hand, you can bid two clubs or one diamond in response to one club. The response of one notrump shows strength, with balanced distribution and no major suit of four or more cards.

For Sheinwold's 36-page booklet, "Pocket Guide to Bridge," send 50 cents to Bridge Book, Independent-Journal, P.O. Box 330, San Rafael.

In the Heart of Marin
Serving All of Marin

Santa Venetia $22,500
One of the least expensive homes of this model in the area, located on street of well-cared for homes—4 bedrms.—2 baths—level fenced yard. Now vacant—ready for immediate occupancy. Near schools and shopping.

San Rafael $24,900
Terrific commute location, near 101 and County Center. View of surrounding hills. 3 bedrm. home with partially finished family room. A fine starter home. Mostly level, corner lot.

San Anselmo $29,950
This charming split-level home, located in lovely oak-studded area—3 bedrm.—2 bath—sep. family room—all-elec. kitchen—sep. laundry room. Nice yard and patio area. A choice buy at this price.

San Anselmo $32,500
Owners have moved and reduced price for quick sale. Approx. 2100 sq. ft.—3 bedrm.—2 bath—large kitchen and eating area. Also large family room with attractive stone corner fireplace. Beautiful level lot, near schools. Double garage with extra workshop room. Attractive financing available.

San Rafael $34,950
Look at this charming non-tract home just right for the large family. 4 bedrm.—3 baths—sep. family room—attractive kitchen with eating area. Large deck on 2 sides. Located on mostly level lot in woodsy setting. Handy commute area.

San Anselmo $35,500
Brand new home in newly developed Oak Springs section. Tremendous view, on level lot—3 bdrms.—2 baths—beautiful all-elec. kitchen with family room. Approx. 1900 sq. ft. of very enjoyable living area. Ready for immediate occupancy.

San Anselmo $45,250
A wonderful large family home with a fantastic view. 4 bedrm.—3 baths—all-elec kitchen—sep. dining area—plus extra large family room with 2nd fireplace. Loads of closet and storage space—nice pool site. Owner transferred and home now vacant and ready for immediate occupancy. Just over 2 years old and room arrangement makes ideal in-law setup.

These are just a few of the many listings we can show you thruout Marin County. Let us help you make your home buying a pleasure not a problem.

Legal Notices

Lawrence A. Cowen, Atty.

NOTICE OF SALE OF REAL PROPERTY
No. 16279

In the Superior Court of the State of California in and for the County of Marin.

Estate of NORMA GOLDBOROUGH, Deceased.

NOTICE IS HEREBY GIVEN, that the undersigned as Executor of the Will of the above-named decedent, will sell at private sale to the highest and best bidder upon the terms and conditions hereinafter mentioned and subject to confirmation by said Superior Court, on August 24, 1965, at the hour of 10:00 o'clock A. M., or thereafter within the time allowed by law, at the San Rafael District Trust Office of the undersigned, 1201 Fifth Avenue, San Rafael, California, all right, title, interest and estate of said decedent, at the time of her death, and all right, title and interest that said estate has acquired, by operation of law, or otherwise, other than or in addition to that of said decedent, at the time of her death, of, in and to the real property described as follows:

That certain real property situate in the County of Marin, State of California, more particularly described as follows:

Lots 56 and 57, as the same are shown upon that certain map entitled, "Map of the Millwood Heights Addition to Mill Valley, Cal.", recorded May 13, 1907 in Map Book 2 at page 83, Marin County Records.

Subject to current taxes, covenants, conditions, restrictions, reservations, rights of way and easements of record.

BIDS OR OFFERS ARE INVITED for said real property as a unit, and must be in writing and will be received at the office of Lawrence A. Cowen, Room 1, Cheda Building, San Rafael, California, or may be filed with the Clerk of said Superior Court, or delivered to said Executor personally, at any time after the first publication of this notice and before making said sale.

TERMS AND CONDITIONS OF THE SALE:

Cash in lawful money of the United States of America; Ten (10) per centum of the amount of the bid to accompany the offer and the balance to be paid upon confirmation of the sale by the said Superior Court.

The examination of title, deeds, and any title insurance policy shall be at the expense of the purchaser or purchasers.

The undersigned reserves the right to reject any and all bids.

Dated: July 26, 1965

NOTICE OF PROBATE
No. 16423

Department No. 2 Probate

In the Superior Court of the State of California in and for the County of Marin.

In the Matter of the Estate of KATTY S. HARBORT, also known as KATE S. HARBORT, and KATE SUSAN HARBORT, Deceased.

Notice of Time Set for Proving Will, Etc., and Application for Letters Testamentary.

NOTICE IS HEREBY GIVEN, that a petition for the probate of the Will of KATTY S. HARBORT, aka KATE S. HARBORT and KATE SUSAN HARBORT, Deceased, and for the issuance to DOROTHY RASMUSSEN of letters Testamentary has been filed in this Court, and that August 2, 1965 at 10 o'clock A.M. of said day at the Courtroom of Department No. II Probate thereof, Court House, City of San Rafael, County of Marin, State of California, have been set as the time and place for the hearing of said petition, when and where all persons interested may appear and contest the same, and show cause, if any they have, why said petition should not be granted. For further particulars, reference is hereby made to said petition on file in my office.

Dated July 21, 1965.

No. 1227 July 22, 29, 1965

NOTICE OF TRUSTEE'S SALE
Escrow No. 81154 KED

On Friday, the 30th day of July 1965, at the hour of 11:00 o'clock a.m., in the lobby inside the Lincoln Avenue entrance to the Title Insurance and Trust Company, being the building located at the Northeast corner of Lincoln Avenue and Mission Street, in the City of San Rafael, County of Marin, State of California, Title Insurance and Trust Company, a California corporation as substituted trustee will sell at public auction, to the highest bidder, for cash, in lawful money of the United States, all payable at the time of sale, the following described real property, situated in the County of Marin, State of California, and described as follows, to-wit:

DESCRIPTION:

THAT certain real property situate in the City of San Rafael, County of Marin, State of California, described as follows:

PARCEL ONE:

LOT 7, as shown upon that certain map entitled, "Map of Beryl Subdivision, San Rafael, California", filed November 1, 1963 in Book 12 of Maps at page 41, Marin County Records.

PARCEL TWO:

A right of way and easement for road purposes over that certain parcel of land situate in the Town of San Rafael, County of Marin, State of California, and more particularly described as follows, to-wit:

BEGINNING at a point where to center line of a sixteen (16) foot lane intersects the Northerly line of that certain street or avenue in Forbes Addition to the Town of San Rafael known as Forbes Avenue, said point being the most Westerly corner of that certain tract of land conveyed by Louisiana S. Foster to Anna F. Draper by deed dated June 19, 1918, and recorded February 18, 1929 in the office of the County Recorder of Marin County in Book 167 of Official Records at page 326; thence along the center line of said lane North 39° 34' East, One hundred sixty-two and eighty-one hundredths (162.81) feet; thence diverging from said center line, South 46° 24' East, eight and two hundredths (8.02) feet; thence parallel to and distant eight and no hundredths (8.00) feet from the center line of said lane, South 39° 34' West, One Hundred sixty-two and twenty-four hundredths (162.24) feet to said Northerly line of Forbes Avenue; thence along said Northerly line of Forbes Avenue North 50° 30' West, eight and no hundredths (8.00) feet to the point of beginning.

EXCEPTING THEREFROM that portion thereof which lies within Lot 7, as shown upon that certain map entitled, "Map of Beryl Subdivision", recorded November 1, 1963 in Book 12 of Maps at page 41, Marin County Records.

Said sale will be made, without covenant or warranty regarding title, possession or encumbrances, to satisfy the obligations secured by and pursuant to the power of sale conferred in a certain deed of trust executed by Raymond P. Schmidt and Yvonne L. Schmidt, his wife, as trustor to Cal-Marin Title Company, a California corporation as trustee, for the benefit and security of Harry Heifetz Company dated June 29, 1964 and recorded June 30, 1964 in the office of the Recorder of the County of Marin, State of California, in Book 1830 of Official Records, page 560.

NOTICE TO CONTRACTORS
(Advertisement)

1. NOTICE IS HEREBY GIVEN that the Governing Board of the Marin Junior College District will receive bids for furnishing of all labor, materials, transportation and services for a Fine Arts Building of approximately 61,580 sq. ft. consisting of Music, Drama and Speech facilities, a Performance Hall, site work and the necessary appurtenant work at the College of Marin, Kentfield, Marin County, California.

2. Each bid to be in accordance with the plans and specifications now on file with FALK & BOOTH, 16 Beale Street, San Francisco, California, where same may be examined and copies obtained upon deposit of $25.00 per set, which deposit will be refunded upon return of such copies in good condition within five days after the bids are opened.

3. Each bid shall be made on a form to be obtained at the office of FALK & BOOTH, 16 Beale Street, San Francisco, California, and must be accompanied by a certified or cashier's check or a bid bond for ten percent of the amount bid, made payable to the School District, and shall be sealed and filed with the Clerk of the Board on or before the 25th day of August 1965 at 5:30 p.m. and will be opened in public at or about 5:30 p.m. of that day in Room 24, Harlan Hall, College of Marin, Kentfield, Marin County, California.

4. The above-mentioned check or bond shall be given as a guarantee that the bidder will enter into a contract if awarded the work and will be declared forfeited if the successful bidder refuses to enter into said contract after being requested to do so by the Governing Board of the Marin Junior College District.

5. The successful bidder will be required to furnish a labor and material bond in an amount equal to 100% of the contract price and a faithful performance bond in an amount equal to 100% of the contract price, said bonds to be secured from a surety company satisfactory to the Governing Board of the Marin Junior College District.

Bidders are hereby notified that pursuant to the Statutes of the State of California or local law thereto applicable, the Governing Board of

NOTICE OF IMPROVEMENT

NOTICE IS HEREBY GIVEN that on the 19th day of July, 1965, the City Council of the City of San Rafael, California, passed its Resolution of Intention No. 3306 for the closing up and abandoning of a portion of "TAMPA DRIVE" in the City of San Rafael, State of California;

That said City Council did further resolve and determine that the land necessary to be taken for said closing up and to be abandoned and closed is not needed for public street purposes, and is more particularly described as follows, to-wit:

PARCEL NO. 1

Beginning at the southeast corner of Lot 31, as said corner and lot are shown on that certain map entitled "Graceland Park Unit One", recorded May 14, 1962 in Volume 11 of Maps at page 14, Marin County Records, California, said corner being also distant North 50° 23' East, 51.000 feet from an angle point on the boundary of the map entitled "Coleman Heights", recorded March 8, 1963 in Volume 11 of Maps at page 65, Marin County Records; thence from said Point of Beginning North 50° 23' East, 51.000 feet; thence South 69° 07' 58" East, 28.287 feet to a point on a curve to the right whose center bears North 36° 27' 04" West, having a radius of 146.242 feet, a central angle of 6° 27' 20", an arc length of 16.480 feet; thence tangent to the preceding curve South 60° 00' 16" West, 51.694 feet; thence North 29° 59' 44" West, 14.345 feet to the Point of Beginning.

Containing 1,143 square feet of land, more or less.

PARCEL NO. 2

Beginning at the northeast corner of Lot 30, as said corner and lot are shown on that certain map entitled "Graceland Park Unit One", recorded May 14, 1962 in Volume 11 of Maps at page 14, Marin County Records, California, said corner being also distant North 50° 23' East, 51.000 feet from an angle point on the boundary of the map entitled "Coleman Heights", recorded March 8, 1963 in Volume 11 of Maps at page 65, Marin County Records; thence from said Point of Beginning South 29° 59' 44" East, 14.345 feet; thence South 60° 00' 16" West, 23.177 feet; thence along a non-tangent curve to the left whose center bears South 24° 21' 22" East, having a radius of 50 feet, a central angle of 56° 45' 23", an arc length of 49.53 feet to a point on the northerly line of Lot 4 as shown on the map of "Coleman Heights"; thence along the northerly line of Lot 4 North 81° 06' 45" West, 4.545 feet to a point on a curve to the right whose center bears South 75° 30' East, having a radius of 93 feet, a central angle of 35° 53' 00", an arc length of 58.244 feet; thence tangent to the preceding curve North 50° 23' East, 20.040 feet to the Point of Beginning.

Containing 579 square feet of land, more or less.

That said City Council did further resolve that no damage, costs or expenses will be incurred or accrue on account of the closing and abandoning of said portion of TAMPA DRIVE hereinbefore described, wherefore, no assessment will be necessary and no district of land will have to be established for assessment purposes.

That said City Council did further resolve that all persons objecting to the closing up or abandoning of said portion of said TAMPA DRIVE are required to file their written objections to the same in the Office of the City Clerk of said City as required by law, to wit: Within ten (10) days after the expiration of the time of the publication of this Notice.

Reference is hereby made to said Resolution of Intention for further particulars.

HOW TO KEEP WELL

By DR. THEODORE R. VAN DELLEN

Female Hormones One Reason Women Hardier Than Men

VAN DELLEN

According to Elizabeth Barret Browning, "A woman's always younger than a man at equal years. How true, despite the fact that man is regarded as the stronger sex. The mortality records favor females from the first year of life. The peak is reached between age 14 and 24 when the death rate among males is two and one-half times as high as in women. The rate declines slightly thereafter but is still twice as high from 45 to 64 years of age.

The end result in this group is a greater proportion of females. The surplus is in excess of 40 per cent and one-half of all women over 65 are widows. Heart disease, secondary to hardening of the arteries, is the main cause of death. Is the male more vulnerable to this condition or does the female have more stamina? This is a moot question, but the evidence

TELEVISION REVIEW

Miss Ball Has Date With An Elephant

By ROBERT MUSEL

NEW YORK (UPI)—"Get me some cottage cheese and pineapple," said Lucille Ball. "I look too awful to go downstairs."

She was wearing black ballet tights and her red-blonde hair was swept up under a makeup hat shaped like a circlet of leaves. She didn't look awful at all. Only tired.

For a lady of a certain age Miss Ball has a great deal going for her besides a hit television show and a profitable career as president of Desilu Studios.

She has for example, a notable pair of legs and an engagingly humorous slant on her own activities.

"Tonight," she said, "I am dressing up in a top hat, white tie and tails and I am going to climb on the back of an elephant in Shubert Alley and sing 'Hey Look Me Over'. Don't ask me why," she said, the famous smile crinkling the corners of her mouth. "I wish I knew."

This, indeed, was what Miss Ball was rehearsing for in the penthouse studio of a hotel. Even as we chatted trainers were grooming a large and amiable elephant in another part of town for the midnight rendezvous in the heart of the Broadway theater district.

The idea that Miss Ball would be more effective delivering a ditty from the podium of a ponderous pachyderm came from George Schatter, producer of the new Steve Lawrence show who seems to feel the time has come for more television showmanship. Another of his guests this season, Liberace, will ride a motor scooter up the main stem — without piano however.

Miss Ball agreed to be the first of Steve's guest stars on CBS-TV, Sept. 13 (10-11 p.m. EDT, color) because she is a compulsive enetrtainer and what compulsive entertainer would let an elephant stand in the way of a nationwide appearance?

Her lunch arrived and while she ate Miss Ball talked about herself as performer and tycoon. She said she would really miss Vivian Vance, who has retired to live with her literary agent husband in Connecticut, when the Lucy show begins its 15th season on CBS-TV in the autumn.

But she has signed a number of guest stars to help launch the new program in which she will be an apartment-living working girl in California. These include Joan Blondell, Ann Sothern, Clint Walker, Milton Berle, Danny Thomas and Mickey Rooney.

Mystery Shotgun Blast Wounds Doctor's Son

SAN FRANCISCO (AP)—The 20-year-old son of a San Francisco physician was critically wounded last night by a gunman who shot him down at point-blank range.

Police sought a motive to the shotgun blasting of Robert Gross, who was hit in the groin shortly before midnight seconds after opening the front door of his home in response to a ringing doorbell.

One of two men standing there shot him with a sawed-off shotgun, he told police. Gross, the son of Dr. Alvin J. Gross, said he had never seen either man before.

Gross was taken to St. Francis Memorial Hospital for emergency surgery. He was still on the operating table hours after the attack.

The victim's sister said she saw a red convertible speed away from the house.

Television Cable Owner Ban Out

WASHINGTON (AP) — The Federal Communications commission says it will not impose across-the-board rules against one company owning both a television station and a Community Antenna Television system.

In handing down the 5-2 decision yesterday the FCC made clear it was reserving the right to investigate any cases of abuse that come to its attention.

The FCC said the decision followed a 15-month study of the possibilities that common ownership might lead to abuses threatening competition in broadcasting.

The Ferry Building in San Francisco is faced with gray Colusa sandstone.

Porkers Roundup Fouls Up Turnpike

DOWNINGTON, Pa. (AP) — Traffic on the Pennsylvania Turnpike was delayed during a four-hour period this week when 150 pigs were turned loose.

A trailer carrying the pigs overturned. A state trooper, fearing the pigs would trample each other, threw open the trailer doors and the pigs dash out. More than a dozen men spent the next four hours rounding up the pigs. Nine of the pigs were killed.

Abe Lincoln died at 7:22 a.m.

Governor Calls Poverty Parley

SACRAMENTO (AP) — A "Governor's Conference on Law and Poverty" has been called for Aug. 5 in San Francisco to discuss the part California attorneys will play in the anti-poverty program, Gov. Brown's office said yesterday.

Brown has invited lawyers, bar association officials and leaders from the federal-state anti-poverty programs to the one-day conference at the Sheraton-Palace Hotel.

Workshops and panel discussions will focus on extended local services to the poor provided by the Economic Opportunity Act.

Controller Totals Up Gas Tax For County

Gas and auto tax revenue returned $903,853.78 to Marin County during the fiscal year which ended June 30, State Controller Alan Cranston has announced.

In all the state took in $885 million from such taxes, $707 million of which came from highway users taxes and license fees on gasoline and diesel fuel, drivers' licenses and registration fees and other carrying and operating fees. The counties received directly $105,703,842.

Skateboards Ban

AUGUSTA, Ga. (AP) — The City Council has banned skateboards on streets, sidewalks and playgrounds.

Channel Chuckles

By BIL KEANE

"Don't plan on a picnic if you're going to Gympie, Australia—there's danger of showers there today."

Cosmos-Wide Eavesdropper Plan Urged

SAN FRANCISCO (UPI) — U.S. engineer Bernard M. Oliver thinks that, somewhere in our vast universe, other intelligent civilizations entertain themselves daily with radio and television broadcasts.

If so, earth can tune in on her cosmic neighbors.

If, that is, the inhabitants hereabouts are willing to spend $2 to $3 billion to put up the right sort of television antenna.

Actually, what Oliver has in mind is a number of antennae —1,000 to 10,000 of them, each 100 to 200 feet across—to be clustered in a metallic forest about 10 miles square.

This, he told some 5,000 scientists and engineers Tuesday at the annual meeting of the American Institute of Aeronautics and Astronautics, would permit earthmen to eavesdrop on "the unintended radiation from another intelligent life — their television, their FM radio. . . ."

Oliver is vice president of research and development for Hewlett-Packard Corp. of Palo Alto. He also is one of those who believe radio and television signals from other planets and other galaxies are reaching earth today.

"It's maddening," he says, "to think this is happening now — and we can't hear it."

Plea Cuts Short Burglary Trial Of Fairfax Man

Peter A. Wadlewski, 20, pleaded guilty to the lesser offense of petty theft yesterday during the second day of his burglary trial in Marin Superior Court.

Judge Joseph G. Wilson accepted the plea on agreement by the district attorney's office, dismissed the jury, and scheduled sentencing for 4 p.m. Aug. 19.

Wadlewski, of 42 Tamalpais Avenue, Fairfax, and Robert Glynn Lezzeni, 19, of 3 Deer Park Drive, Fairfax, allegedly illegally entered the apartment of Candace Bruchler and Lynda Jordan, 770 Sir Francis Drake Boulevard, San Anselmo, last Easter weekend.

Lezzeni still faces the burglary charge.

Demonstrating Police Officer Regains Badge

Some Observations On Youth Problems Nursing Official

LOS ANGELES (AP) — Michael B. Hannon, an advocate of socialism, peace and civil rights, says he'll take back the job he thought he had lost—as a Los Angeles police officer.

The blond, studious-looking policeman was suspended two months ago after taking part in civil rights demonstrations.

Police chief William H. Parker ordered him tried on charges of conduct unbecoming an officer. After a three-week hearing, the three-man board of rights found him guilty.

It recommended the maximum penalty which can be invoked in intra-departmental discipline: dismissal from the force.

But Tuesday Chief Parker reduced the recommended penalty to six months' suspension from duty. It means Hannon—a seven year veteran on the force—could go back to work Dec. 1.

He said he would — although his first reaction was that the chief was trying to "buy me off."

Later he issued a statement:

"The chief's reduction of the penalty in no way changes my position that the department has no right to discipline me for speaking out on political matters, especially in light of the ultra-right-wing activities of some police officers in the department."

His lawyer, A. L. Wirin of the American Civil Liberties Union, said he would seek a "vindication of Hannon's rights to freedom of speech and freedom of assembly" through action in federal court.

New State Laws May Rise From Assessor Probe

SACRAMENTO (AP) — State lawmakers indicated yesterday they're considering asking for new laws and investigations in the wake of the property assessment scandal.

Assemblyman Nicholas C. Petris, D-Oakland, chairman of the Assembly Revenues and Taxation Committee, said he would ask for new tax assessment laws.

Petris said his proposals include abolition of personal property taxes, certification of deputy assessors by the state and a standard ratio for real property tax assessments.

Assemblyman Pearce Young, D-Napa, said he's considering a legislative investigation of the problem. The Assembly Criminal Procedure Committee, of which he is chairman, could handle the probe, Young said.

Demos Schedule Two Workshops

SAN FRANCISCO (AP) — Workshops for Northern California Democrats will be held Aug. 28-29 at Jackson and Sept. 11-12 at Concord.

Roger Kent of Kentfield, chairman of the Democratic State Central Committee, said a majority of Northern California counties will be represented at Jackson.

Members of the state committee from the San Francisco Bay Area, Kern, Fresno, Solano and Sacramento counties will be at Concord.

'CHAPLINESQUE PERFORMANCE'

Marjorie Casebier sings a wistful lament entitled "Someone's Been Sending Me Flowers" in the Festival Theater's 18th annual Straw Hat Revue, "Here We Go Again, Again" at Festival Theater in San Anselmo. Curtain is at 8:30 p.m. Wednesday through Saturday. Karl Barron, Independent-Journal drama critic, called Miss Casebier's performance "Chaplinesque."

Tamalpais High School, "Cyrano de Bergerac," 8:30 p.m., Ruby Scott Auditorium.

Chinese Insult Russians, U.S.

TOKYO (UPI) — Communist China yesterday hurled insults at both the United States and the Soviet Union.

It called the United States "a colossus with feet of clay" and said the Russians "are afflicted with incurable spinelessness."

The comments, from an article in Monday's edition of the Peking newspaper Ta Kung Pao, were broadcast from the Chinese mainland this morning.

World Builds Ships At New Record Pace

LONDON (AP) — Lloyd's Register of Shipping says world construction of merchant ships reached a record in the second quarter of the year.

It said 1,709 steamships and motorships totaling 11,059,606 tons were on the ways, an increase of 118,187 tons over the first quarter.

Sister-In-Law Gets New Job

SACRAMENTO (UPI)— Mrs. May Layne Bonnell, Gov. Edmund G. Brown's sister-in-law, will take a job with the Bay Area Rapid Transit District and keep her position on the Personnel Board.

Mrs. Bonnell said Tuesday that she would receive about $7,500 annually as a personnel analyst for the district, minus adjustments for time spent on board business.

Her board job pays $8,000 a year.

Mrs. Bonnell, sister of the governor's wife, was named to the board earlier this year by Brown. She had been his appointments secretary.

NOVATO SPEAKER—Thomas C. Lynch, state attorney general, will address the annual installation dinner of the Novato Chamber of Commerce at 7:30 p.m. Saturday at the Lodge. Lynch was appointed yesterday by President Lyndon B. Johnson to his national commission on crime.

Tote Bag Stolen

Warren F. Lyon of 100 Bayo Vista Way, San Rafael, told police Tuesday night that someone stole a tote bag containing $30 in clothing from the front seat of his car, parked at 919 Lincoln Avenue, between 6 and 7 p.m.

Camera Loan To Aid Alliance For Health

A loan of a 16 millimeter camera will enable Alliance for Health, a non-profit foundation headed by Dr. Richard S. Hahn of Belvedere, to make a documentary film during an August health mission to Zacapu, Mexico.

Brooks Cameras of San Francisco made the loan Friday.

Mrs. Carol Lauritzen of Terra Linda, the foundation's volunteer public relations director, has also obtained a gift of 4,000 balloons from Walter W. Cribbins Co. of San Francisco. Doctors Hahn and Michael J. Franzblau plan to give the balloons to children who come to them for vaccinations in Zacapu.

Two Kenthfield girls, Joan Breyer, 16, and Debbie Zeller, 15, headed a door-to-door collection committee which has rounded up $100 for the foundation.

Despite these gifts a slack in the actual monetary contributions has forced Dr. Hahn to give up the idea of giving polio shots in Zacapu. In cash the foundation collected only $200 in the past week, he reported.

The doctors still plan to give tuberculin skin tests and inoculations against diptheria, whooping cough and tetanus during their month-long stay.

Doctor Hahn and his family plan to leave for Mexico in their Volkswagen bus on Sunday. Dr. Franzblau and his wife will fly to Guadalajara on Aug. 6. They will then complete the final 120 miles of the trip together.

Contributions to Alliance for Health may be made at 599 Sir Francis Drake Boulevard, Kentfield.

American Express Has Top First Half-Year

American Express Co. has announced record earnings during the first six months of 1965—a 12.6-per cent increase over the same 1964 period.

Consolidated net income of $7,346,000 equaled $1.65 per share, compared with 1964 earnings during the same period of $1.46 per share. Substantially all net earnings represented income from operations. Only negligible profits from the sale of securities were realized in either period.

Life In A World Of Giants

THE LITTLE PEOPLE—The Kitchens, a family of dwarfs, prepare for a snack in their Richardson, Tex., home. They are: the father, Lee, 35, who stands a shade over four feet; his wife, Mary, rear, a shade under four feet, and their adopted children, Alan, 8, and Sandra, 6. (UPI Telephoto)

By CHARLES A. RICHARDS

RICHARDSON, Tex. (UPI)—"Some people with big freckles and red hair think only another fella with big freckles and red hair can understand them," he said, his feet not quite touching the floor as he rocked back and forth.

He worked his way out of the chair and walked across the room. "That's where we come in," he added, then lifted himself onto the sofa and continued.

"We don't really look on ourselves as handicapped. We're different and we realize that. And we know we have to make some compensations to get along, but we don't have to do that at a loss of dignity, self respect or anything else."

With that, Lee Kitchens, 35, summed up the message he has to offer to anyone who goes through life as a midget or dwarf.

Standing just a shade over four feet tall, Kitchens is a little man in a world dominated by big people. He is president of Little People of America, Inc. (LPA).

About 400 "little persons" over the United States belong and meet each summer at a week-long convention to visit socially and exchange solutions to the nuisances that plague them.

There is some sensitivity about the labels "midget" and "dwarf," and most prefer to be called "little persons," according to Kitchens. Both categories makeup the organization's membership — the midget, who is perfectly proportioned but small, and the dwarf, who has a normal head and body but short legs and arms.

Kitchen is a dwarf. His parents were normal in all respects. His father was about 6 feet 2 inches and there was no history in the family of anyone less than normal height.

He was hired by Texas Instruments, Inc., while he was still attending Southern Methodist University. Now in his 13th year at the firm, he is in charge of more than 20 engineers.

His wife Mary is 3 feet 11 inches tall, a dwarf also and a graduate of Texas Woman's University.

Their children, Sandra, 6, and Alan, 8, were adopted from an adoption agency after X-ray tests and other examinations showed they would be dwarfs, like their parents. The family lives in this Dallas suburb.

Kitchens denies that little people have any great problems.

"Just nuisances we have to learn to put up with," he said.

But he cited three crudial periods in life for little people.

The organization urges teenagers to compensate for their inability to compete in sports by concentrating in other areas in which they can excel. They can participate in bowling or golf, or any sport which doesn't require running.

Kitchens lettered four years in high school football by playing the role of trainer and manager.

The first chore in rehabilitating a little adult often is to knock a chip off his shoulder. "But they can have a successful adult life like anyone else," Kitchens said. "And that's where other little people like us can help them."

If just one letter of inquiry a month is received at Box 126, Owatonna, Minn., the organization feels that month is a success.

A common misconception is to think of the little person as able to get a job only in a circus or show business.

"Just name an occupation and 99 times out of a hundred I can give you the name of a little person doing that work," Kitchen said.

Clothes and transportation rate the most troublesome day-to-day problems.

Clothes are either bought and then altered or custom made.

Both Kitchens and his wife have cars. That's made possible by a cushion to bring their eye level above the steering wheel and extensions on both the accelerator and brake.

The next LPA convention is the third week of July at Gloucester City, N.J., and the organization hopes the 1,600 little persons it's aware of will attend.

Dolphin Death Swim— Puzzle For Science

DURBAN, South Africa (AP)—Marine scientists are puzzled over the apparent mass suicide of 95 dolphins in the antishark nets laid off this eastern seaport's beaches.

They are investigating the theory that something interfered with the dolphins' delicate underwater direction - finding equipment. Dolphins usually emit high-pitched squeaks which help them to detect and avoid obstacles.

All 95 dolphins drowned. They are mammals and must surface regularly to breathe.

One clue being closely studied is that the dead dolphins had sardines in their stomachs. While chasing a shoal of sardines the dolphins may have temporarily "switched off" their underwater "radar," said a spokesman for the South African Marine Biological Research Institute.

Dolphins are frequently sighted off Durban but they seldom become entangled in the nylon antishark nets. The nets are laid parallel to the coastline, 500 yards from shore.

Windjammer To Honor Churchill

LONDON (AP) — A 300-ton topsail schooner being built for the sail training association will be named "Sir Winston Churchill."

Lady Churchill has agreed to the use of her late husband's name and has sent her good wishes.

"There can be no better way to perpetuate the memory of this great Englishman than by helping to provide the oportunity of adventure to the youth of our country," said Hugh Goodson, chairman of the association.

Youths between 16 and 21 can ask to sail before the mast on the schooner which may be ready by March, 1966.

Big Swinging Deal

BOSTON (UPI)—The bronze and crystal chandelier in the lobby of the Sheraton - Plaza Hotel was purchased originally by the Vanderbilt family in Paris for $10,000.

I PHOTOGRAPH BEST IN PROFILE

Posing for his first portrait is a new baby one-hump camel at the Como Park Zoo in St. Paul, Minn. The young man is as yet unnamed, but a contest is underway to name the offspring of Minni (for Minneapolis) and Paul (for St. Paul). The handsome fellow is one week old. (AP Wirephoto)

Tourists On Diamond Hunt In Arkansas

MURFREESBORO, Ark. (AP)—Diamonds are a girl's best friend, the saying goes, but diamonds have also done a lot for all of Arkansas — men included.

North America's only diamond mines, located about two miles southeast of here, are thriving tourist attractions. The "diamond-hunting" season gets warm with the weather.

The mines aren't acually mines anymore. They once were, briefly, but now they're operated purely as tourist attractions, where the traveler — for a $1.50 fee — can scarbble through acres of plowed kimberlite in search of diamonds.

He can also picnic or just rest, knowing that the soil beneath him — the kimberlite — bears diamonds for the determined and lucky plucker.

Diamonds have been found in isolated instances elsewhere in North America, but only near here have they been found in such quanitities as to be considered a mine.

Last year about 100,000 visitors came into the area to seek the gems.

Undoubtedly, they were hoping to find stones like the Uncle Sam Diamond or the Star of Arkansas.

In 1925, the Uncle Sam Diamond was found at the Arkansas Diamond Mine Inc. and weighed 42 carats and 23 points in the rough. The emerald-cut stone was trimmed to about 15 carats. It recently sold for $100,000.

The Star of Arkansas was found in 1956 at the Crater of Diamonds. In the rough it weighed 15.31 carats. Mrs. Arthur Lee Parker of Dallas, who found it, recently had it appraised again. Value: $100,000.

But there is one difference between the finds — the Uncle Sam was discovered in a mining operation. The Star of Arkansas was picked up off the ground by a tourist.

The Arkansas Diamond Mine, now operated by James R. Johnston, occupies 828 acres, of which Johnston said 49 acres are diamond-bearing soil.

The Crater is operated by Mr. and Mrs. Howard Millar, who have handled it since it was founded in 1914. The Crater has 40 acres, with about 18 bearing diamonds, Millar said.

The Crater has been solely a tourist attraction for the past 12 years. The Arkansas Diamond Mine has been a tourist attraction only for the past three years.

Commercial mining ventures failed.

"It takes about $15 million to get a diamond mining operation going right," Johnston said.

A mining operation attempted at the Crater met with failure after two mining plants mysteriously burned to the ground and a number of suits were filed against the group attempting the operation, Millar said.

But both sites flourish as tourist attractions.

And there's not much chance that they'll exhaust their supply of diamonds, anytime soon.

In 1944, the federal government made four core drillings in the area. The kimberlite belt extended downward 1,000 feet. At the 600 foot level the drillers found a diamond.

A HANDSOME COUPLE

British actress Juliet Mills and friend, "Vindicator," a two-year-old Hereford bull, pose for a look in the mirror. The two will make their Hollywood debuts in "The Rare Breed," a film starring James Stewart and Maureen O'Hara. Juliet is the older sister of actress Hayley Mills and the daughter of actor John Mills. (UPI Telephoto)

Cultural Center Has High Cost

NEW YORK (AP) — Financial case history of theatrical expansion:

The New York City Center of Music and Drama completed its 22nd year of activities in May with total expenditures of $4,500,000. The sum — represented a net loss of $33,000 that was made up by previous surplus — was contrasted in the organization's annual report with the $350,000 spent in the initial 1942-'43 season.

The center, which operates ballet, opera and dramatic groups, expands next season with presentation of some productions at Lincoln Center as well as in existing facilities. Estimated operating costs: $5 million.

When President William Henry Harrison died on April 4, 1841, John Tyler became the first vice president to succeed to the Presidency.

New Racket In Africa— Bird, Flower Exporting

JOHANNESBURG, South Africa (AP)—A new and profitable racket in birds and rare wild flowers is worrying South African government officials.

Thousands of colorful birds and beautiful flowers are being collected every year and flown to Europe where they fetch handsome prices.

Most of the birds and flowers are protected by laws against poachers. Despite the laws and efforts of officials to enforce them, conservationists fear many of South Africa's wild-life species may become extinct. They say the crowned crane is on the verge of extinction already. So is the yellow arum lily.

The trouble is that as wild species become more rare they become more attractive to fanciers and therefore fetch even better prices.

Triple Anniversary For Jerome Kern

NEW YORK (AP)—This is triple anniversary year for the late Jerome Kern.

The noted composer was born 80 years ago; his first hit tune, "How'd You Like to Spoon With Me?" appeared 60 years ago; and he died just 20 years ago.

Has Good Reason For Studying Bible

LOUISVILLE, Ky. (AP) — Fred Tuttle, who retired after 40 years as a schoolteacher, decided to memorize the Bible.

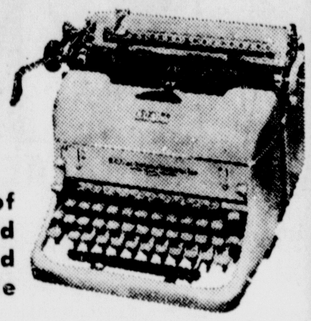

A friend who asked why was told: "I'm cramming for the finals."

AIR ARMADA DEFEATED HERE—The United States was able to wrest Midway Island from the Japanese during World War II, but not from the "gooney birds" that inhabit it and make its mid-Pacific airport facilities well-nigh unusable. After strenuous efforts to persuade the not-too-bright but persistent birds to go away, the Navy has practically abandoned the installation, and planes such as this huge Air Force C-133 transport visit only rarely. (UPI Telephoto)

War Won By Midway Gooney Birds

By ROBERT C. MILLER

MIDWAY ISLAND (UPI) — No atoll cost more in blood than this tree-shaded island of World War II fame. But what the Americans won from the Japanese they lost to the laysan albatross.

The U.S. Navy's war against the albatross is over. The albatross won.

Here the albatross (diomedea immutabilis) is known as the "gooney bird." The Navy fought just as valiantly against it as it did against the Japanese. But the Navy was outnumbered —by birds and by bird lovers.

The white-breasted birds with their massive wing spread and thimble-sized brains had seniority on Midway. Of the world albatross population of 1.5 million, 35 per cent have been nesting on and migrating to and from Midway for generations. Here the big feathered clowns carried out their courtship dances, stumbled around on their awkward webbed feet and hatched their young.

When the U.S. began fortifying this island, which lies halfway between Hawaii and Japan the gooneys kept getting in the way.

The birds just never would recognize that airplanes had the right of way. The head-on crashes were expensive and dangerous for the Americans and always fatal for the birds. In one month 538 of them were killed by military planes while causing an estimated $256,000 damage to the planes and adding 10 years to the life of every pilot who landed here.

The Navy tried every humane method known to discourage the birds from staying on Midway.

Ornithologists were imported from all over the world. One of them suggested firecrackers, so thousands of dollars worth of roman candles, skyrockets, sparklers and cannon crackers were tossed about the sand dunes.

The birds squawked, flapped their wings and tore up the island getting away from the racket, but back they came as soon as the noise subsided.

Then somebody decided to move the entire bird population to Kure island, 65 miles away, and uninhabited, figuring the young hatched there would make it their permanent home. All hands were kept busy for weeks catching gooneys and shipping them over to Kure. After one sailor complained that he had moved the same bird four times, only to have the gooney fly back the next day, that idea was junked.

Next, bulldozers were brought in to level the sand dunes which cause the updrafts which the albatross needs to become airborne. Other dunes were created away from the runways to encourage the birds to settle there.

Tons of asphalt were spread over acres of the sand near the runways. This was to discourage the birds from nesting in the areas where they would be most vulnerable to planes. But success was only partial, for it was now discovered that the laysan albatross is not only a creature of habit, but he also has a mighty stubborn streak in him.

When all other means had failed, a frustrated Navy captain, near the point of desperation, took direct action and armed the garrison with clubs and ordered the birds slaughtered.

The massacre of the clumsy gooneys was easy. But among the club wielders was a sailor bird lover and member of the Audubon Society. It took only a quick message to Washington to unite the bird lovers who rushed to the aid of the gooneys.

Congressmen were threatened with impeachment if something wasn't done. The Navy Department found itself facing appropriating cuts and congressional investigations.

The captain was quickly relieved.

Today the jet age has solved the problem in favor of the birds.

Midway is no longer an important Pacific bastion of defense. Planes that flew to and from it have been replaced by planes which fly over it.

And as the human population dwindles, the bird population increases. The latest estimates now place the gooneys at about 50,000 and growing yearly.

Restoration Planned For Ford's Theater

WASHINGTON (AP)—A project for restoration of Ford's Theater as a center of dramatic productions is planned by the Department of the Interior.

Until recently the building where Abraham Lincoln was assassinated April 14, 1865 has been used as a museum of memorabilia. When restored, dramas pertaining to the Lincoln era will be featured. Cost of the refurbishing is set at $75,000.

Theater Institute To Hold Congress

NEW YORK (AP) — The International Theater Institute is to hold its biennial congress in New York for the first time in June, 1967.

The group, representing 49 nations, accepted the invitation at recent convention in Tel Aviv. Organized in 1948 under sponsorship of UNESCO, the ITI serves as an information exchange center for theater professionals.

The coming of the North Pacific Coast Railroad was an important factor in the development of Point Reyes Station. To distinguish the community alongside the railroad tracks from the Point Reyes Peninsula, "station" was added to the designation.

Grizzly bears frequently attacked and killed the oxen of pioneer wagon trains as they crossed the Sierra.

Russians Now Listening To Western News, Music

By JAY AXELBANK

MOSCOW (UPI) — A Soviet youth walks down Gorky Street, Moscow's Broadway, with a transistor blaring out a Beatles song, courtesy of the Voice of America.

A Western diplomat tells his Russian chauffeur about an earthquake in Chile. "I know about it," the driver replies. "I heard it on BBC."

Gone are the days when Russians, except for a handful who understood English and other foreign language broadcasts, had to depend exclusively on their own press and radio for news from abroad.

The screeching, clanging jamming which used to clog Soviet short-wave radio bands has disappeared.

Since 1963 Russian language broadcasts from VOA, BBC and other Western stations have been free from interference.

Apparently the Soviet government feels confident enough in its own Communist point of view and in the patriotism and sophistication of its citizens to allow "bourgeois" news to compete in the Soviet marketplace of ideas.

As a result the Soviet press has been pushed into the odd position of occasionally rebutting American or Western positions which themselves have never been aired in any Soviet newspaper.

An example occurred recently when Pravda was reporting on a nine-nation international Communist Party conference held in Moscow in March.

At one point the newspaper said, "It is commonly known that during the meeting the bourgeois press spread many fantastic stories of all kinds about insurmountable difficulties which allegedly sprang up."

So many Russians now hear news from VOA and other foreign stations that Soviet propaganda chief Pyotr Demichev recently told a group of editors and broadcasters to spruce up their news — get it out faster and more completely — so Soviet citizens wouldn't hear it first from abroad.

Enough young Russians admit to hearing VOA — a musical breakfast show is one of their favorites — as to indicate that the number of Russians who tune in regularly is sizeable.

VOA officials place the listenership in the "millions."

Whether the Western radio voices harden Russians in their attitudes or actually help them to understand the "other side" of the East-West picture can not be calculated.

When Russians flick their short-wave dials they tune into foreign jazz as much as they do news and political broadcasts — more, perhaps.

VOA is an excellent source for Russians to tape jazz and pop music. In recent years this type of music has become increasingly respectable. Even the twist, once officially frowned on, is danced quite openly in Moscow restaurants.

Devil's Marble Due For Longest Voyage

SYDNEY (AP) — A devil's marble from Central Australia, about 10 tons in weight, is to be placed in a commanding position in Oslo Harbor, visible to passing ships.

Devil's marbles are round or oval rocks of colored granite. They are found in Central Australia, which is the furthest point a Norwegian can reach from home.

Sunken Vessel Still Faces Sharp Future

ISTANBUL, Turkey (UPI) — The burnt-out wreck of a Yugoslav tanker will be salvaged from the Bosphorus Straits and made into razor blades.

A Turkish firm got the salvage rights of the "Peter Zoranic" and plans to refloat it, tow it to a breakers' yard and use the scrap to manufacture razor blades.

Pink spider-like mites have been found 309 miles from the South Pole.

Canine Turns Chicken; Turns Tail On Training

CHATTANOOGA, Tenn. (AP)—Ever hear of a dog that turned chicken, fish and road runner all in one day?

It happened to the big German Shepherd that was being tested for a spot on Chattanooga's K-9 Corps.

The dog was reluctant to leave the car in which he was taken to the training site. When Patrolman Dean Gross yanked on the leash, the collar slipped off the dog's head, and the animal was gone in a flash.

He jumped into the nearby Tennessee River and swam its quarter-mile width.

Gross said the last time he saw the dog, it was roaring up the side of the mountain on the far side of the river.

When Chief Eugene McGovern got the report, he observed, "If you get him back and he still doesn't want to join the K-9 Corps, he sure ought to make a good one for the Rescue Squad, Water Division."

The Carmel Mission in Monterey County was named after Mount Carmel in Palestine because of the similar surrounding landscape.

World's Hams Save Woman

LOURENCO MARQUES, Mozambique (AP) — Radio amateurs of four continents have joined to save the life of a sick woman in Quelimane, Mozambique. The woman needed a medicine which could only be obtained in Australia.

A Lourenco Marques amateur picked up the SOS from Quelimane. Jose Guerra of station CR7GF then relayed the SOS, which was picked up by amateur station VEYPH in Vancouver, Canada.

This station contacted VK XT in Australia, who in turn relayed to VK2XO, an amateur station in the area where the remedy could be found.

Car Crashes Into Elephant

PORT ELIZABETH, South Africa (AP) — A motorist fled in terror after his auto had crashed into a two-ton elephant in one of the main streets of Port Elizabeth.

The elephant had escaped from a nearby circus. An attendant was leading the animal back by its trunk when the auto struck it in the dark.

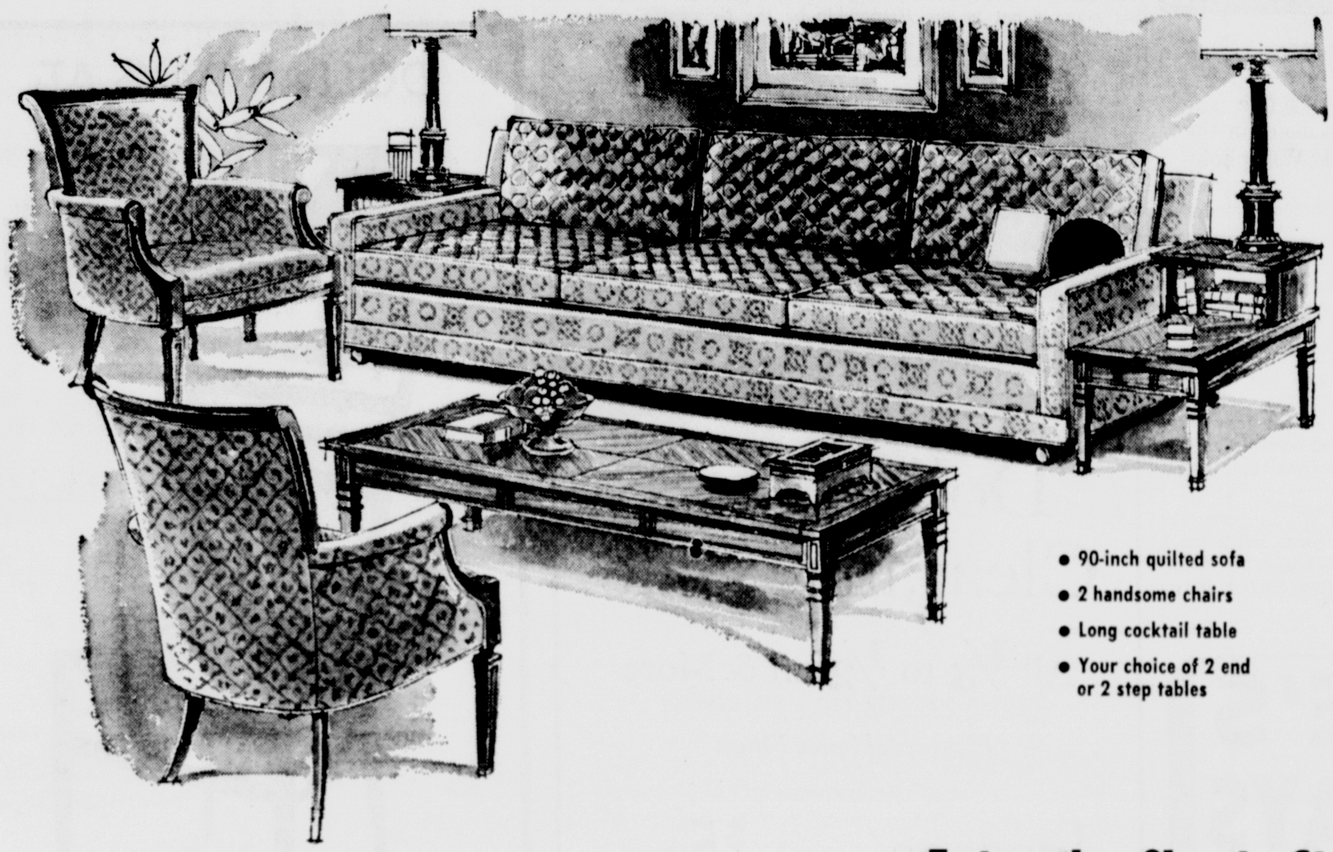

"I don't know where this thing came from" Balthazar Classen, 30, told a magistrate. "It suddenly apeared in the middle of the road. I hit it and I lost my nerve and ran away."

BETTER THAN THE AVERAGE DOG'S LIFE

Tina, a Madison, Wis., dachshund, finds skateboarding, the sport which is the nation's latest fad, can provide a bit of relief to her normally protruding stomach. With a little practice, she could probably also be the fastest dachsie on the sidewalks of Madison. (AP Wirephoto)

More Glamor, Pay Urged For Nursing

LOS ANGELES — More glamor, more pay and a little more of a share of the glory of medical accomplishments — these are some of the changes needed to deal with the critical universal shortage of nurses, according to a prominent physician.

Writing in a recent issue of the "American Journal of Cardiology," Dr. Eliot Corday, associate professor of medicine at UCLA and president of the American College of Cardiology, discusses the worldwide crisis in nursing and suggests some solutions.

In travels through 31 countries Dr. Corday found that almost all of them suffered a shortage of nurese. "One would think that dictatorships, which rule by fiat, could redirect more women into nursing. They have not been able to do so.

"Florence Nightingale glamorized nursing and imbued women with a sense of accomplishment that lasted almost 100 years," he points out. "Today the nurse feels she is looked upon as menial. We must glamorize nursing again. I have often wondered how many prospective nurses became airline stewardesses instead because of a more glamorous appeal."

Two-thirds of the nursing force must work during normal sleeping and social hours. Yet the nurse earns less than a secretary or technician. Her pay must be increased considerably.

"We must reclassify nurses' training to varying degrees of skill and ambition. The larger group might be trained in a combined high school and technical school and thus be available for duty at the earlier age of 18-20 so that they may serve a longer period before marriage scrubs them from the profession.

"We might try to encourage the married nurse fallen away from her profession to undertake relief duties for one or two days a week."

Richard Rodgers To Aid Theater

NEW YORK (AP) — Lincoln Center's Music Theater plans to expand activities next summer under the supervision of Producing Director Richard Rodgers.

During its first two seasons of operation the enterprise has concentrated on lavish revivals of long-time favorites. New musicals by experienced authors denied earlier showings because of unusual casting or production problems, will be presented in a series of Sunday night showcasings. Projects are to be selected by Goddard Lieberson, Columbia records company president; Schuyler Chapin, programming vice president of the center; and Henry Guettel, general manager of the Music Theater.

This Is Really A Family Affair

NEW YORK (AP) — The Shakespeare-in-the-Park production of "Coriolanus" is a family affair.

The title role is being enacted by Robert Burr, switching to classic assignment after recent Broadway portrayal of a detective in "Bajour." His 7-year-old son, Robert Benson Burr, makes his stage debut as the Roman general's son; another son, 6-year-old Edward, understudies the same role.

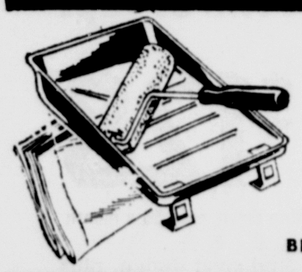

MONKEY ON HER BACK

Ever since Mandy, a red squirrel monkey, arrived at the home of Mr. and Mrs. Edward Sampson in Bakersfield, she and the Sampson's white chinchilla Persian cat, Persis, have been inseparable. Mandy rides Persis around the house and cuddles in her deep fur at naptime. The Sampson menagerie also includes a dog, parakeet, chipmunk, white rat, turtle and tropical fish. (AP Wirephoto)

The largest known tree is said to be the General Sherman in Sequoia Ntaional Park. It is estimated to be nearly 4,000 years old.

Like The Cable Cars They Will Not Disappear

LONDON (UPI)—Don't worry traveler. Those double-decker red buses that spell "London" for you will still be here when you come over—no matter what you may have heard.

They've been here for more than 100 years, since the 1850's as a matter of fact, and they're still multiplying. "More than 6,000 at last count," says London Transport, which runs them.

The sneaky rumor that the buses were on the way out got started earlier this year when it was announced that some new single-deck buses (the ordinary kind you can see anywhere) were being put on London routes. They are, but only six of them and only experimentally. They'll be used as express buses on some of the busier routes and will feature more standing room than sitting room —50 standees and 25 seated passengers. Even if they prove a success there are no plans for them to replace the double deckers.

London wouldn't be the same without the big buses. They ran through the wartime blitz, they almost always get through the thickest fog and Piccadilly Circus, and Trafalgar Square would look empty without them.

The buses are as familiar as the way the conductors—double-deckers always have one conductor as well as a driver—address women passengers as "love," "dear" or "ducks," a strictly Cockney expression.

"For over 100 years the double-deck bus vehicle has been recognized as being the most economic and advantageous for transporting large numbers of people through the London streets," says London Transport.

The history of the London bus goes back even further to July 4, 1829, when the first bus ever a 13-seater drawn by three horses, was put on the roads by coach builder George Shillibeer.

The Tennessee Walking Horse never trots and is seldom trained to jump. The horse's distinctive feature in motion is a prancing attitude—head nodding smartly in time with its feet, ears snapping, hoofs beating a rhythm, teeth often clicking like castanets.

'Zorba' Actress To Do Chekhov

NEW YORK (AP) — Lila Kedrova, winner of a film Oscar for her performance in "Zorba the Greek," has signed for a Broadway appearance in revival of "The Cherry Orchard."

The Chekhov work is to be staged by Michael Cacoyannis, who directed Miss Kedrova in the movie. He will tackle the assignment after completing work on "The Devils," due on the White Way Nov. 9.

. . . AND MAKE IT ON THE ROCKS

Pedro the burro is known to his friends as a tippler. Over the years, and he has seen a good number of them, Pedro has acquired a taste for an occasional martini, preferably rough, followed by a loaf of bread. His owner, Nola Boyer of Indianapolis, serves it up when Pedro signals his thirst with a noisy "Hee-Haw!" (AP Wirephoto)

U.S. Legacy To Britain —Sawed-Off Shotguns

By ROBERT MUSEL
United Press International

LONDON (UPI) — Crime and the criminal are changing in London.

Until fairly recently, crime had been very conservative here and criminals were mainly the rugged individualists they were in the days and books of Charles Dickens.

They rarely used guns. They spent years perfecting skills like picking pockets. Their sources of income were mainly non-violent crimes — robbery, gambling and the "protection" of bookmakers.

Unlike the rest of the country, the underworld resisted the new ideas from America. But this is true no longer. The British criminal has now accepted that slugging a man with a gun butt and taking away his wallet eliminates a long apprenticeship in picking pockets.

The time - hallowed weapons of the British criminal—straight razor, meat chopper, bicycle chain, axe handle and blackjack—are being pushed out by such American refinements as sawed-off shotguns and pistols.

Last December—"Black December" as a newspaper named it—there were a record number of killings and woundings in Britain, most of them by guns. Five gangs of bank bandits carried shotguns or pistols. Bank tellers were given instructions not to argue with armed robbers, some of whom are trigger-happy.

The old organization of the underworld in which most criminals operated on their own, joining gangs only for specific jobs, has been breaking down. It is dividing into two groups—the planners and the performers.

A few years ago a gang chief had to lead his men personally in any quarrel with another group. Nowadays, with the successful examples of their American counterparts before them, they hire razormen or triggermen, depending on how severely they want an opponent punished.

The razor can sometimes be more cruel than the gun—maiming for life by cutting the tendons behind the knee or other mutilations are not uncommon. Not long ago one gang leaders threatened to "crucify" an enemy. He got as far as having him nailed to the floor through his knees before he relented.

One missing gangster recently had the honor, according to underworld reports, of being buried in cement, apparently the first time this little Mafia innovation has been used here.

The American ideas are disturbing enough, and police are countering them with such new methods as secret closed circuit television cameras surveying crime spots. The new Scotland Yard building now nearing completion will be an electronic arsenal against criminals.

But what really worries the Yard are the planners. These men may have no contact with crime other than to think out the plan and pass it to a confederate who organizes the operation. When the actual raid is carried out the planner is generally out of the country sunning himself on a beach or sitting in his legitimate business office.

He gets his payoff later and indirectly. A planner may have been behind the great train robbery of $7.3 million two years ago. About $6.44 million of the cash is still missing.

Under this setup Scotland Yard may arrest an entire gang and yet not nab its most important member — the planner, who is free to think up another of the brilliantly organized high-value raids on banks, diamond merchants and mail trucks which have been so successful in the past few years.

Sleepy Drivers Outlast Speeders

WHICHITA, Kan. (AP) — Patrolmen on the Kansas Turnpike kept watch on more sleepers than speeders during 1964.

Troopers checked on more than 2,000 motorists who had pulled off the toll road for a nap during the year.

They arrested 1,461 drivers in the s a m e period for exceeding the 'p i k e' s' 80-mile-per-hour speed limit.

Sweet Solution To Farmer's Problem

STERLING, Kan. (AP)—Farmer Clyde Murphy faced a feeding problem when one of his cows died in giving birth to a calf.

He settled it by dusting the orphan and another new calf with talcum powder. It covered the scent of both calves and the mother of the one calf accepted both without question.

Cat Is Hooked On Brake Fluid

MIAMI, Fla. (AP) — Peter the cat is hooked on brake fluid.

His owner, Mrs. Victor Piazza, says Peter makes daily visits to a nearby brake shop to lick the fluid off the tires of cars in for repairs.

Sometimes, admits Mrs. Piazza, Peter gets a pretty good jag on. But as soon as he sleeps it off, it's back to the brake shop for more.

Oklahoma is the chief source of mung beans used in preparing Chinese-type foods in this country.

You Must Help Here Or Face Jail Term

LONDON (UPI) — "Have a go," says Scotland Yard. "Be a good chap and give a hand when someone needs help."

"Please help!" is the message in New York, Chicago, San Francisco, New Orleans — or Brussels, Cairo, Lagos or almost anywhere else in the world you can name.

But in the Soviet Union, France, Italy and Germany the laws say you must help someone in distress, if you can. Even in those countries, though, authorities do not want anyone killed or mained trying to be a good Samaritan.

The Moscow citizen who ignores a person being robbed or attacked, or hurt in an accident can go to jail for up to six months. In Paris a person's failure to help a fellow man in need can mean up to five years in jail plus a hefty fine.

The Italian who doesn't go to the aid of someone in need of assistance risks up to three months in jail, and a fine. If a death results, the penalties can be doubled. The German who turns his head the other way from someone else's trouble can be imprisoned for a year and fined.

Americans have been debating the Good Samaritan issue since the national conscience was shocked by the fatal stabbing of Catherine Genovese on a New York street while 38 persons looked on.

Early in April the subject of such "bad" Samaritans was examined and debated in a conference at the University of Chicago Law School. Some voices spoke up for legislation that would punish the bad Samaritan. Others said you cannot legislate conscience. But the four countries cited do try to legislate it—with inconsistent results.

The laws in France, Russia, Italy and Germany are relatively similar.

Since 1930 it has been against the law in Italy for anyone who sees "a human body that is or appears to be lifeless, or an injured person or one who is otherwise in danger, to fail to give the assistance required or to immediately notify the authorities." It is also illegal not to summon the police or give assistance in the case of a lost child, or in the case of "any person incapable of looking after himself because of mental or bodily illness, old age or other reasons."

The Italian criminal code specifies punishment for the non-Samaritan of up to three months in prison or fines ranging up to 24,000 lire or $38.40.

Russia's law provides corrective labor up to six months, or a public reprimand, or the application of other measures of social action.

The German law specifies fines to run from $1.25 to $2,500.

There are few figures available to indicate the success or failure of legislated good Samaritanism where such laws exist.

No official information at all is forthcoming in Moscow, but the United Press International office there said "The Soviet press occasionally reports on such cases, either where help is given or where it is not. There have been lectures in the press against 'heartless indifference' in some of the no-help cases, and praise in cases where a citizen has offered assistance."

In France, Italy and Germany authorities indicated a certain frustration in actually bringing bad Samaritans into court and proving a case against them.

His Luck Hits Twice In Row

HOPKINSVILLE, Ky. (AP) — Jack Brown would have been happy if the Pennyroyal Fair could have gone on forever.

His number was drawn on the next-to-last night and he won $1,000.

Brown returned the final night and out came his number again —for a $3,000 sedan.

Chinese Museum To Have Tunnel

TAIPEI (AP) — A tunnel deep in rocky hills forms part of the National Palace Museum being built in suburban Taipei to house the priceless treasures which the Chinese Nationalists brought to Formosa from mainland China.

The tunnel, which the architects say will be bomb-proof, will be 480 feet long, 8 feet wide and 9 feet high.

The four-story museum will be dedicated on the 99th anniversary of the birth of Sun Yet-Sen, founder of the Republic of China, Nov. 12. This will be observed as Sun's centennial because the Chinese consider a person a year old at birth.

Self-Driving Trains Planned

LONDON (AP) — London transport will introduce automatically driven trains on its new Victoria branch subway which will open in 1968.

Impulses from trackside equipment will accelerate, coast, brake and stop the trains automatically, but there will be a one-man crew—a train operator—in the driver's cab. He will open and close the doors and start the train.

All trains will be eight cars in length. Each car will have loudspeakers to give information to passengers.

Ellis Island served more than 60 years as a "Plymouth Rock" to people from all over the Old World. In peak years, 5,000 people tumbled through its gates daily. Immigration officials had to work swiftly. Medical examinations were often little more than a glance. Biographies and vital statistics were reduced to 38 questions — asked and recorded in two minutes.

Repertory Theater Has Busy Season

SEATTLE (AP) — The Seattle Repertory theater schedules a challenging assortment of works for presentation during its 1965-'66 season.

The third season lineup ranges from Wilde's "The Importance of Being Earnest," through Shakespeare's "Julius Caesar," Shaw's "Heartbreak House," Brecht's "Galileo" and O'Neill's "Long Day's Journey Into Night."

OBJECTS D'ART?—Film producer Louis A. van Gesteren stands amid a pile of junked cars, much like those with which he wants to build a huge "auto sculpture" in Holland. He sees it as a more human way "to dispose of something that has played an important part in someone's life." (UPI Telephoto)

Dutchman Sees New Art Form Using Stacks Of Wrecked Cars

By PETER SCHUHMACKER

AMSTERDAM, Holland (UPI) — To almost anyone but Louis A. Van Gasteren, "auto-sculpture in tele-creation" — new form of art — looks like nothing so much as a pile-up of wrecked cars. Which, in fact, is just what it is.

But to Van Gasteren, a 42-year-old Dutch film producer, it is art, indeed. It is also, he thinks, a great way to put auto wrecks to artistic use.

He points out that most countries have trouble disposing of auto wrecks and all the cars that become more numerous each year. In Germany they are buried. In Denmark they are thrown into the sea. In some countries they are pressed into scrap and sold for re-use of the metals in them.

"This is an inhuman way to dispose of something that has played an important part in someone's life, been an integrated parto of it," says Van Gasteren, seriously.

"Why not, instead, build a mountainous auto sculpture in a city square, as big as the surrounding buildings?" he asks

The "tele-creation" would come in two ways. First, from the arrangement of the wrecks in planned forms — for the "sculpture." Then, by lighting at night. In Van Gasteren's plan the cars used would have working headlights, rear lights and inside lights. These, he concedes, would have to be repaired in the discarded cars before they were used in a "sculpture."

One idea he has is that once an auto-sculpture had been erected someplace, its lighting system could be connected in such a way as to react to impulses set off by telephone calls.

"People could switch on the sculpture by means of their own telephone," he says. "They would just have to dial a certain number and the structure of my statue would be shaped in the darkness. That would be a form of integrating art among the people."

Van Gasteren, son of a noted Dutch actor and concert singer, says he has interested a number of people in his ideas, but he hasn't been able to engage enough financial support gto actually create an auto-sculpture.

Schoolteacher Farms Rocks In Helicopter

By REEVE HENNION

SARATOGA (UPI) — Retired schoolteacher Alice Wiesendanger owns a 20-acre "rock farm" on a lonely mountaintop near San Diego. She lives in Saratoga, 450 miles to the north.

What's her answer to the commuting problem?

A helicopter.

The 63-year-old rockhound got her pilot's license last January.

"Up there," she says, "there are no little boys on bicycles weaving in and out of traffic. The air is uncluttered and there is room to maneuver safely.

"I'm just glad to be up there now before the air becomes too thick with helicopters."

She has been a rock collector for many years, since she was initiated into the sport while teaching physical education at a Santa Barbara, high school.

"They seemed to have so much fun going into the hills and exploring for rocks that I wanted to go with them," she said.

And go she did. She became so interested in rock collecting that she enrolled in a mineralogy course to learn more about it.

But as rock collecting became popular, and easily accessible rock piles were picked over, Miss Weisendanger decided the best way to continue her hobby was to stake out a claim for herself. So 15 years ago she bought an abandoned semi-precous stone mine in Cleveland National Forest.

There was still the commuting problem to be faced from her then-home in Santa Barbara.

"I thought of making the trip by helicopter," she said, "but when I found out how expensive they were, I quickly dropped the whole idea."

It wasn't until last June that Miss Wiesendanger finally decided the helicopter was the best answer to her problem, and she purchased one with her savings. She began taking lessons, and on Jan. 16 received her license.

CHOPPER PILOT—Alice Wiesendanger meets the commuting problem by flying her helicopter to her 20-acre "rock farm" atop a mountain near San Diego. She lives in Saratoga, 450 miles away. It took her life savings for her to buy the 'copter, but she doesn't regret it. (UPI Telephoto)

That's Real Casting

BARDSTOWN, Ky. (AP)—One of the roles in the musical drama, The Stephen Foster Story, is the town drunk. It is played by Dick Floyd, a church deacon and alcohol agent in the Internal Revenue Service.

Reissues Planned Of Cast Albums

NEW YORK (AP) — Growing interest among record fans for original cast albums of Broadway shows is prompting 34 reissues by one company.

Among items being restored to the active library after long lapse are "Allegro," "Jamaica," "High Button Shoes" and "Wish You Were Here." Some of the older works were originally released at 78 rpm, and have been electronically reprocessed for stereo.

His Honor Battles To Abolish Taxes

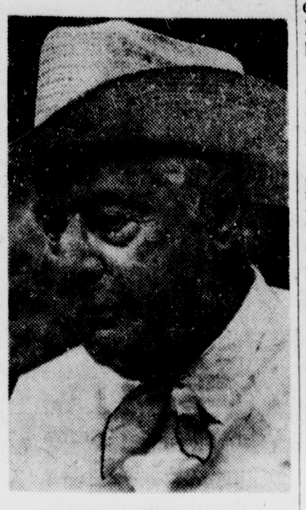

By PRESTON MCGRAW
United Press International

BRENHAM, Tex. (UPI) — In an age when cities are frantically looking for new things to tax, Mayor Reese B. Lockett of Brenham is trying to eliminate city taxes.

The odds are against his ever succeeding but since 1934, when he first became mayor, he has cut the tax rate from $1.65 per $100 of assessment to $1.35.

Property in Brenham is assessed to 20 to 25 per cent of its actual value, which means that city taxes on a $20,000 home run between $54 and $67.50.

"The solution is owning your own public utilities," Lockett says.

REESE LOCKETT
Odds against him

Brenham owns and operates its own water plant and distribution system. It owns the gas and electrical distribution systems and buys gas and power wholesale from producing companies.

In the fiscal year ended March 1, Brenham showed a $45,000 profit on public utilities. Taxes in the same year totaled $126,870.62.

Public utilities provided about a quarter of what it took to operate the city.

During the summer, 750 kilowatt hours of electricity costs $9.45 here against $14.49 in Houston, 75 miles away. In Brenham, 16,000 cubic feet of natural gas cost $10.40. In Houston, 16,000 cubic feet cost $14.20. Rates in Brenham are hard to beat anywhere in Texas.

Brenham, in the midst of a prosperous farming area in southeastern Texas, is one of the oldest cities in Texas. Washington-on-the-Brazos, the last capital of the Texas republic, is 20 miles away. Its population totals about 8,500.

Brenham also has no stop-and-go traffic lights. Lockett is opposed to traffic lights both per se and because they are expensive. He believes they cause accidents.

"Our people know they have to be careful," he says. "We have few accidents."

Lockett, 69, is a rancher and a former rider of wild horses and bulls in rodeos that played as far from Brenham as New York and London. His left leg is stiff from his rodeo days but he looks like a Houston banker.

Lockett first ran for mayor in 1934. He won and continued winning until 1948 when he got tired of the job and stopped running.

Six hundred townspeople gave him a barbecue and a $2,700 silver-mounted saddle in 1952. They talked him into running again.

He returned as mayor in 1952 and has been mayor ever since. Lockett says his current term is his last. It is a seven-day-a-week job with him and he wants to devote more time to his ranch.

Lockett has to ranch in his spare time to afford the mayors office. The office of mayor pays $20 a month, plus a $120 automobile allowance. In addition, he gets a percentage of fines, which amounts to about $800 a year.

He closely supervises all city departments. And, while he does not spend money unnecessarily, he claims he spends where it is needed. He tries to pave about 40 blocks of streets a year.

He often gets up at dawn to supervise engineering on streets scheduled for paving.

Million Dollar Hole Requested

LYONS, Kan. (AP) — The Lyons Chamber of Commerce wants a $1 million hole in the ground.

It has asked the General Services Administration to give it an underground silo which formerly housed an Atlas missle. The chamber thinks it will be a good tourist attraction.

The Air Force has phased out its Atlas missiles in central Kansas.

Jewish Theater Offering Prize

NEW YORK (AP) — The Jewish Theater for Children is offering a $1,000 prize for English language dramas on Hebrew themes.

The works, written for performance before juvenile audiences, may be submitted through May 15, 1966. Winning manuscripts are to be given professional production. The theater is supported by grants from the Federation of Jewish Philanthropies and the Jewish Education Committee of New York.

Navajo Indians, America's largest tribe, now number more than 100,000.

English Theater To See Kremlin

LONDON (AU) — England's National Theater company has been invited by the Russian government to perform in the Kremljovesky theater during September visit to Moscow.

It is the first time a foreign troupe has been offered use of the playhouse which is in the Kremlin.

During the visit the NT will present "Othello," starring Sir Laurence Olivier, Congreve's "Love for Love" and a modern work, "Hobson's Choice." After three weeks in Moscow the company will take part in the West Berlin drama festival.

Thrifty Scottish Trim Scotch-Lovers' Drams

GLASGOW (AP)—The publicans of Glasgow have decided that the "wee hauf" (small half) is to become even wee-er.

In the future, the measure of whisky in Glasgow's 1,100 pubs will be one-fifth of a gill and not one-fourth. A gill is one-fourth of a pint).

This means that the traditional working man's drink, "a hauf and a hauf," (a half glass of whisky and a half pint of beer) will have less whisky.

Announcing the change, the president of the Glasgow Publicans' Association, Morris Barr, told members: "We recommend that the one-fifth gill be adopted as standard measure instead of one-fourth."

Said one disgruntled regular in a Gorbals pub: "It will be interesting to see if the publicans reduce the price of the whisky as well as the amount in the glass. But ah hae ma' doots." (I have my doubts).

Martin, Channing In London 'Dolly'

NEW YORK (AP) — Both Mary Martin and Carol Channing are to appear in the London production of "Hello, Dolly!"

Miss Martin, who is setting boxoffice records in national tour of the musical, is to initiate the Drury Lane presentation in midwinter. Miss Channing, who created the role on Broadway and joins the national company when Miss Martin travels with another troupe to the Far East, is to move into the West End exhibit next spring.

The cow is mentioned in the most ancient manuscripts yet discovered.

Small But Mighty Beetle —Daily Invasion Threat

PORTLAND, ORE. (AP) — A persistent enemy is trying to invade the United States. Almost daily he tries to slip ashore from ships.

He is the khapra beetle, only an eighth of an inch long, but mighty beyond his size.

The U. S. Department of Agriculture calls him the world's worst insect threat to stored grain. He is one of the reasons why India's millions are hungry.

Against this single-minded enemy, the United States pits 547 men — the inspectors of the Department of Agriculture plant quarantine division.

It is their job to crawl through the holds of ships, scraping out cracks, peering into crevices, tearing out boards in a constant search for one-eighth of an inch of brown and black back.

It is a maddening search. The beetle likes dark privacy. He hides in tiny cracks In India khapra beans brick, and the beetle gets his name from his habit of hiding between bricks.

Several times in the last 12 years he has managed a temporary foothold in this country. Inspectors found him in the U.S. for the first time in 1953 in California. Since then, he also has appeared in Arizona, New Mexico and Texas.

Fumigation is the only weapon that works against the beetle. Spraying of poisons is ineffective because he takes cover so well. If he is found in a warehouse, the whole building is covered with tarpaulins and gas forced into every cranny of the structure.

James I. Mason, who is in charge of the government inspectors in the Portland district, says the beetle is believed to have a foothold now only in the Tucson, Ariz., area.

When the inspectors head for the waterfront, they also keep an eye out for snails, fruit flies and other pests.

"The khapra beetle is No. 1, though," says K. R. Ross, who helps inspect the 30 ships which enter the Columbia River weekly.

With inspector S. F. Guenther he recently found the khapra beetle in the hold of a Yugoslavian ship that was carrying lumber, steel, cloth, plastic, tea and sandals — but no foodstuffs.

"The ship had picked up the beetles on a previous voyage in the Far East. They had hidden in the hold for we don't know how many weeks," said Mason.

"We were lucky on this one. It only took a few minutes to find them," said Ross. "I always look for skin casts — the discarded skins of the beetle — and I saw some almost at once when we reached the bottom of hold 3. Within a half-hour we found larvae."

"That was the easy part," said Guenther. "Then we had to work 35 hours more going through the other holds. Two of the holds were all right, but the other three had to be fumigated."

If the beetle ever got into a loaded granary, he would multiply quickly. His favorite place is dark, warm and full of food. A native of India and Ceylon, he has spread to much of the Near East, Europe and the Far East.

The inspectors get just two breaks in this: The beetle has no wings and does not travel much. While he eats any kind of stored grain, he does not eat growing crops. This limits the places that he must be watched.

Follows The Line Around World

WEST POINT, Ky. (AP) — Eddie Hart can't seem to get away from the 38th parallel.

He became acquainted with it during the Korean War while serving in the armed forces; now he walks across it at least six times a day.

The same 38th parallel, which divides North and South Korea, also cuts through West Point, where Hart is a postman.

Give Fair Warning

PADUCAH, Ky. (AP) — A local tax consultant, B. Ware, displayed his sense of humor by hanging this sign on his window: "Tax Returns Filed—B. Ware."

Miniature Sub Will Explore Ocean Floor

By DARRELL GARWOOD

WASHINGTON (UPI) — It probably will be a bug-eyed craft with extended limbs, and may look something like a cigar-shaped grasshopper.

This description could fit the nuclear-power miniature submarine which President Johnson wants built to probe the ocean deeps for hidden wealth and to pioneer the day when sea-bottom sonar stations may warn of enemy submarines.

The President ordered the unique submersible last April 18. As yet, not even a tentative design is available. But it will be atom-powered, will be designed for a five or six-man crew, will be about 60 feet long, carry floodlights, television cameras and mechanical arms and cost $6 million.

Johnson and his scientific advisers decided to build the submarine so the United States can capitalize on an international agreement which became effective last year.

The pact was signed by 75 nations, including the Soviet Union. It awards each country mineral and other rights in or on—but not above—its continental shelves.

Nearly a million square miles which legally belong to the U.S. await the peering eyes and clutching fingers of the mini-sub. The area is largely unexplored because no vehicle has been able to stay down long enough or move about freely enough to make a systematic assessment of ocean wealth.

Dr. John Craven, chief scientist of the Navy's Special Projects Office, told UPI in an interview about the atom-powered vehicle's projected underwater research—and that of its successors.

He said the dozen or so deep submergence vehicles now in existence are essentially elevators which don't stay down long. He added:

"If you can imagine a prospector who, after each five or six hours in the field, had to haul his jeep back to New York for repairs, and if you can further imagine that the area he is prospecting is constantly covered by a thick smog, you have about the problem we face today in deep ocean exploration."

Like the Polaris missile submarines which customarily stay submerged for three months at a time, the mini-sub will be limited in time beneath the surface only by the endurance of the crew and the food carried. It may move about at a speed of 10 to 15 knots.

It may go to the 3,000-foot depth necessary to reach the deepest part of the continental shelves. More likely, because of the heavy equipment it will carry, it may be limited to between 1,000 and 2,000 feet.

The continental shelves stretching away from the east and west coasts and Alaska constitute an area one-fourteenth as large as the surface of the moon. Beyond them, at depths averaging more than 12,000 feet, are the main ocean beds, as yet a no man's land as far as ownership is concerned and probably containing still greater wealth.

Surprisingly, in a day of long-range electronic and sonic beams, the mini-sub is expected to learn much not yet known about the topography of the ocean bottoms.

Topography in general can now be determined by bouncing sound beams sent from the surface to the ocean bed. But sound spreads, like a light beam, in a cone that enlarges at a rate of five of six degrees.

This means that at a depth of only 2,000 feet the beam doesn't measure anything which isn't 200 feet in width or so.

Permanent, manned sea bottom installations are now visualized as necessary for guarding the continental shelves from enemy intrusion as well as for exploiting their wealth.

Until the exploration is accomplished, Dr. Craven said, there is no reason to think the ocean beds will prove either richer or poorer in resources than dry areas of similar size on the earth.

There are suggestions that they may prove richer. Nodules heavy in manganese, nickel, cobalt and copper have been dredged by the Bureau of Mines from depths of 12,000 feet and appear to accumulate faster than they can be brought to the surface.

Dr. Craven also mentioned gold, tin, tungsten, potash and fresh water. At a time when surface supplies of fresh water are running low, limitless quantities may be shored up under the shelves.

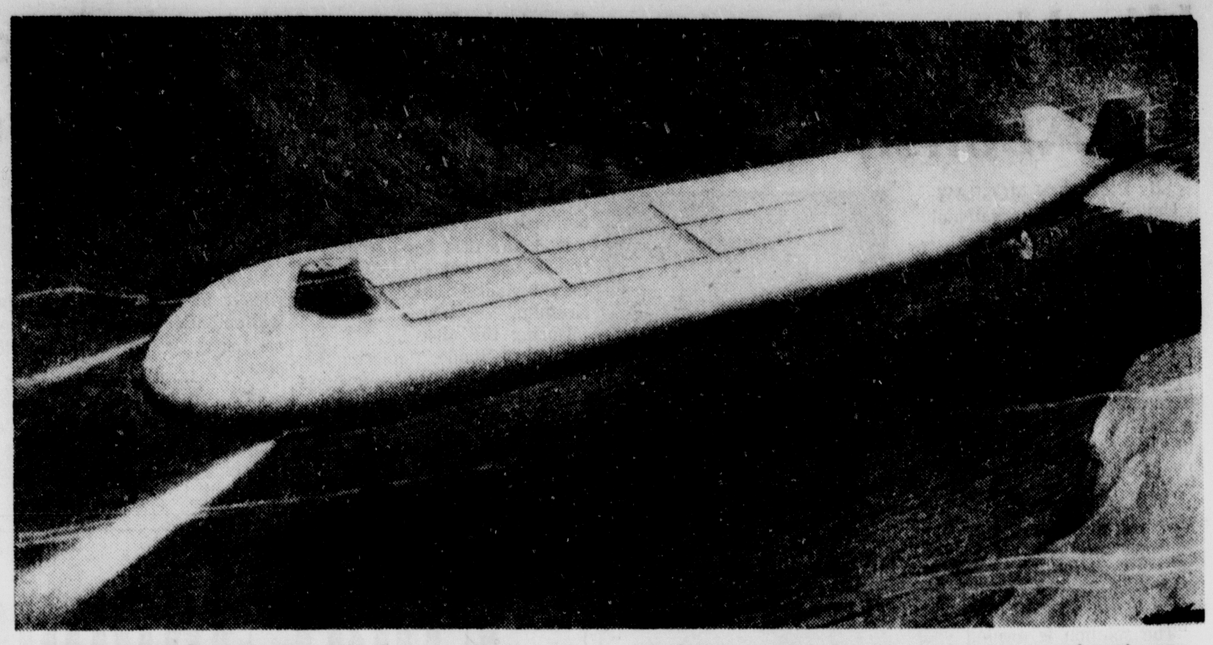

"But at present," the Navy scientist said, "it's much like asking Lewis and Clark what they expected to find before they left for the West."

For whatever is found, cheap transportation — by sea — will be immediately available. Once access to the bottom had been made routine, experts believe exploitation of the wealth of the oceans may prove more economical than in most locations on land.

Skippers of existing military submarines rarely go deeper than several hundred feet and never, if they can help it, near the bottom. Their collapse maximums, a close secret, are probably just over a thousand feet.

Devices which extract oxygen and removed carbon dioxide have already solved the problem of air supply.

The mini-sub will be designed to stay down at least "forty days and forty nights."

OCEAN GOING CIGAR—This is an artist's conception of a 60-foot space-age submarine being considered by the Navy as the vessel to explore the ocean floors for hidden wealth. The submarine is expected to be atomic-powered and capable of staying submerged as long as its six-man crew can endure and the food supply holds out. (UPI Telephoto)

Clancy's Really Too Bad Even For Prison Life

RAIFORD, Fla. (AP) — The state prison is jammed with meanies, but the worst of the lot is Terrible-Ttempered Clancy.

Clancy is a bulldog who once bit off part of his own tail in frustration after re realized he couldn't score on a dog handler wearing protective clothing.

Later he chewed up a three-gallon metal water bucket and an old tire from an automobile.

Handed over to the guards because of his temper, Clancy was given the job of keeping convicts from crossing the space between two fences around the prison. He won't let anybody cross the area, not the convicts, guards or even the dog handler.

Maine Almost Alone

PORTLND, Maine (UPI) — Maine is the only state in the continental United States which touches only one other state.

'Trafalgar' Planned

LONDON (AP) — Theater Projects Associates Ltd. has commissioned the American musical team Jerry Bock and Sheldon Harnick to write music and lyrics for an epic musical based on the life of Lord Nelson. The musical, provisionally titled "Trafalgar," will be produced in London next year as a joint British-American venture.

DEMONSTRATIONS BY AUTOMATION — An Anti-imperialist demonstration in Red China. Communists have nearly automated demonstrations of this sort. While they may not be as spontaneous as claimed, they do appear to be immediate. (UPI Telephoto)

Peking's Art Of Protest

By KIM WILLENSON

TOKYO (UPI)—In Peking, capital of Communist China, the anti-imperialist demonstration has been automated.

Peking's propaganda machine frequently cranks out stories about the sudden appearance of millions of Chinese to protest the latest "foul outrage" committed by Americans in Viet Nam, the Congo, or elsewhere around the world.

The stories may be exaggerated, but they're not entirely wrong.

American correspondents barred, by a tick of cold war fate from witnessing these demonstrations, generally report what the Chinese propagandists write with a touch of tongue-in-cheek.

Most of them after all, are sensible enough to know that the movement of, say, a million and a half people at once creates a staggering problem in logistics. If not done with the utmost precision, it can lead to incredible chaos.

But according to the Peking correspondent of one of Japan's major newspapers, the Yomiuri scarves around their necks are in charge of supplying cups of hot water and red antiseptic ri, the Chinese have learned to run a demonstraion with the precision of a Swiss watch.

Most of the demonstrations are held in Peking's Tienanmen Square (appropriately misnamed "Gate of Heavenly Peace").

"Within several hours from the time news is received of the 'American invasion of the Congo' or the 'U.S. Air Force's bombing of North Vietnamese territory', huge crowds of citizens who seem to have appeared from nowhere start marching down the streets around Tienanmen, flying red flags and raising placards, to the accompaniment of gongs and drums," he wrote recently.

"To our surprise, the new buildings in Peking, especially the buildings near Tienanmen, such as the big People's Hall and the museums of history and military art, and all the palace gates and the big buildings along Changan Street are equipped with red flags to be hung out immediately and searchlights to be turned on in constant readiness for demonstrations.

"In a few minutes after they receive an order, the red flags start fluttering and the illumination lights up the night sky.

"Powerful microphones which blare out war songs and the speeches of the leaders standing on Tienanmen to all corners of the vast plaza have been installed.

"Besides, each paving stone in the plaza is numbered. It is so devised that a fixed place can be designated: For example, '50 people from X people's commune shall stand between A-13 and A-15,' and '100 students from X university shall stand from B-5 to B-10.'"

"In other words, the Tienanmen plaza has reserved seats. Given this setup it isn't difficult at all to line up people into Chinese characters or beautiful geometric patterns."

Moreover, wrote the Yomiuri correspondent, the march routes and assembly and dispersal points are all designated in advance. "For example, it is designated that when the demonstration rally is over, the 'W people's commune shall turn at the corner of X, march down Y street and disperse when they reach the buses waiting at point Z.'"

And that isn't all.

First aid teams are sent to the square, where they set up shop with stretchers, medicine and bandages.

Children of the boy's vanguard corps wearing red solution to demonstrators whose throats get parched after hours of shouting "down with American imperialism" or "long live Chairman Mao."

The demonstrators are selected from among the ranks of what the Chinese call "four good" workers.

The "four goods" are: "Good in ideology, good at work, good at study and good in health."

"It is an honor," wrote the correspondent, "to be selected to join a demonstration rally and those who participate shout loudly from the bottom of their hearts . . ."

Reforestation Lags

ATHENS, Ga. (UPI) — Planted pines should not glut the timber market. According to the University of Georgia extension service, under present harvesting volume, planted pines, will contribute less than 25 per cent of the timber harvest over the next 40 years.

Long-Time Clinic

BOSTON (UPI) — The Boston Dispensary was established in 1796 while George Washington was President.

What is now known as the Blue Rock Hotel is the former Hotel Larkspur, which was remodeled in 1911, the entire lower floor being rebuilt with blue basalt rock, from whence it derived its change of name.

Honey Output Off

ATHENS, Ga. (UPI) — Honey production in Georgia last year has been estimated by the University of Georgia extension service at almost six million pounds, a 24 per cent drop. The state's 211,000 bee colonies averaged 28 pounds of honey, compared with 37 pounds a year earlier. Unfavorable weather caused the lower output.

Cattle Herds Grow

ATHENS, Ga. (UPI) — Cattle numbers in Georgia increased about one per cent in 1964, a considerable drop from five and seven per cent increases the two previous years. The University of Georgia extension service says the state has 1,297,000 beef cattle, ranking 22nd in the nation.

New Revere Role

BOSTON (UPI) — When Gov. Samuel Adams laid the cornerstone for the Massachusetts State House on the Fourth of July in 1795, his assistant was the famous midnight rider, Paul Revere.

Turks See World

ANKARA, Turkey (UPI) — Turkey has sent nearly 120,000 workers abroad during the past three years, of whom 9,000 were women.

Hospital Thinks Of Teen-Agers

HOUSTON (UPI) — Memorial Baptist Hospital has given teen-agers credit for being special people with particular emotional and other problems when they are ill or injured. The hospital has a teen-age ward.

The ward staff is trained to deal with teen-agers' problems and their reaction to disease or treatment. The 14-bed facility gives medicine a person-to-person approach and saves the young any discomfort of older or much younger patients.

Near the ward is a "teen club" with hi-fi music facilities which the hospital thinks play a big part in recuperation of teen-age patients.

Man-O-War Moves

BOSTON (UPI) — Every six months, the 168-year-old frigate Constitution, whose permanent berth is Boston Navy Yard, has to be turned around to prevent the pressure of winds and heat of the sun from warping her masts. The vessel, which made history in the War of 1812, is better known as "Old Ironsides."

What Will Christmas Bring?—Secret Agents

SAN FRANCISCO (UPI)—The nation's toymakers have been thinking about Christmas, 1965, for months already, and one of the largest manufacturers is sounding off in a big way.

"Vrrroom, vrrrroomm, VRR-ROOOOMMMM," is the sound that Mattel, Inc., hopes to parlay into one of the biggest toy sensations ever.

Mattel owns the patent on "V-Room," a gadget which simulates the sound of a motor and has, in the past, made bicycles and pedal - cars sound like unmuffled stockcar motors.

The "V-Room" device is being promoted this year as an addition for almost any toy, such as airplanes, cars and cement mixers.

Mattel is also aiming at the espionage market made popular by the "James Bond" series. Their weapons, sold under the Agent Zero M label, include the Zero M Snap Shot, designed to look like a camera. But when secret agent OOM presses the shutter, a cap pistol springs out, ready to fire.

Or there is the Zero M Radio-Rifle. What appears to be a transistor radio turns into a rifle when the switch is turned on. For the tiny tot's really big jobs, he can use the Sonic-Blaster, which sends a noisy but harmless blast of air 40-feet.

One line of traditional toys remains as popular as ever. But only the "Barbie" doll's owner will know for sure if her doll is a natural blonde.

Doll wigs are available in lilac. redhead, brown, flame, carrot top, topaz, brunette and, of course, blonde.

One Visitor Really Liked The Music

ASHLAND, Kl. (AP)—A visitor obviously enjoyed the music at the First Church of God.

While the choir sang hymns, the stranger ransacked the purses of choir members and made off with $102.

Friend To Angel Broadway Show

NEW YORK (AP) — Franklin Fried expands his production activities from Chicago to Broadway next fall as co-sponsor of "Postmark Zero."

The drama, based upon a book, "The Last Letters from Stalingrad," is to co-star Janice Rule, Jean Pierre Aumont, Martin Balsam and Chad Mitchell.

Fried's impresario activities in Chicago have included the Beatles, Miriam Makeba and other popular singers, plus productions of "Spoon River Anthology" and "The World of Kurt Weill."

His associates for "Postmark Zero" are Burt C. D'Lugoff and Robert Nemiroff.
